

THE CITY.

Barnford Bros., doing a retail grocery business at 412 North Sixteenth street, executed a chattel mortgage yesterday in favor of the Douglas County bank embracing all the stock, book debts, horses, carriages and wagons; consideration \$2,000.

Citizens having business calls to make at the Paxton building yesterday had to trudge up and down the stairway. The water was out of the elevator, the elevator consequently could not work. The elevator boys had a picnic.

An Old Crook Caught. Girt McCoy, a well-known crook, formerly located in Omaha, has just been arrested in Sioux City, for safe-blowing.

The Fire Reporter. Captain O'Donohoe has sold his interest in the "fire reporter" to Deas Board, formerly of engine company No. 1. The latter is well known in the city and intends to devote his life to the business.

A Fraud. The Demore, of Pasadena, and Sewing Machine company of New York, has written Chief Seavey notifying him of the presence in the west of a sloop-tongued rascal, who pretends to be general agent for that company and has written him to appoint as agents. \$200 reward is offered for his arrest and conviction.

Protracted Meeting. The Latter Day Saints are conducting a series of meetings at their chapel, Twenty-first and Clark streets. Elder H. C. Bronson, of St. Joseph, Mo., will preach each evening during the week. Mr. H. C. Bronson, president at the organ with an excellent choir. The public is cordially invited to attend these services. Seats free and all are welcome.

Defective Sidewalks. A correspondent says the sidewalks on the south side of Lake street between Twenty-fourth and Twenty-sixth, south side of Main street between Thirtieth and Thirty-first, and north side of Corby street between Thirty-second and Thirty-third streets, are in need of repairs, and that Inspector Allen should pay a visit to this neighborhood, as the North side gets very little public improvements.

A Nuisance. Residents of Eighteenth street south of Mason still complain of the nuisance that exists in that vicinity, in the shape of a short smoke stack attached to a planing mill. The smoke and soot are not the only annoyances, but they claim it is dangerous on account of the sparks that fly from it. A night or two ago, what might have been a disastrous conflagration was prevented by a timely discovery of the flames.

A Runaway. About 5 o'clock Monday evening a spirited team from Council Bluffs became frightened on the bridge, and ran away. By the time it reached the Union Pacific crossing on Tenth street only a portion of the buggy remained. It was stopped by Officer No. 33, and the owner, a liverman in the Bluffs, was duly notified.

Board of Public Works. Chairman Halcombe has written to the city council calling their attention to the termination of the five year guarantee period within which the Barber Asphalt company agrees to keep its pavements on Douglas street from Ninth to Sixteenth, and on Sixteenth from Douglas to Iard in good condition. Mr. Halcombe asks for a copy of the agreement and understands as to the rights of the contractors. Arrangements for repairs are also asked for. He also reports to the city engineer recommends the removal of gravel from the gutters of certain streets where there are sewers.

Stein Again Accused. Dr. Ralph, the city physician, was surprised to read in The Bee an account of the dismissal of the case of Constable Paul Stein, who is charged with assaulting and breaking the jaw of Joseph Strasser on the 24th of October. The doctor has been attending Strasser and supposed the case would not be tried until the assaulted man recovered sufficiently to appear against Stein. Instead of this, the case was set for trial November 17 and neither Dr. Ralph nor the prosecuting witness were apprised of it; consequently they did not appear and the case was dismissed as a matter of course. Yesterday Dr. Ralph caused another complaint to be filed against Stein and the constable will be re-arrested. The doctor says that Strasser is still in a critical condition and the greatest difficulty is experienced in getting sufficient nourishment into the man to keep him alive. The same case also formed on the broken jaw, making complications most difficult to combat.

To Colorado and Return. The great Rock Island celebrates its grand opening. To celebrate the opening of its great system, the Rock Island route, the Chicago, Kansas & Nebraska Railway, will run a grand excursion to Colorado points on Tuesday morning, November 27, leaving Kansas City at 9:50 and St. Joseph at 9:45. The fare for the round trip to Colorado Springs, Denver or Pueblo is only \$10—the lowest ever known in the history of western travel. The excursion arrives at Colorado Springs at 8:40, Pueblo at 9:30 and Denver at 10:30. The next morning tickets good for fifteen days, magnificent views of the Rockies for seventy-five miles.

Two Musical Gems. The Woman's Tribune, of Beatrice, has issued a couple of vocal quartets, "Sound the Reveille" and "King, King, Ye Heils of Progress." The words of the former are by J. Edgar Jones, and those of the latter are from the pen of Carrie Reaueff. N. K. Griggs, "the larriest poet," has set the words of both pieces to music. It is not so stated, but it is presumed that Mr. Griggs intends both of his compositions to be sung by male voices. "King Ye Heils" is written in E flat, 2/4 time, and is a pleasing little "mot." "Sound the Reveille" is a more pretentious composition written in F, 6/8 time. The words are well adapted to music in its character and displaying considerable knowledge of harmony in the composer. There is a little "cross work" in this song that the average amateur may find difficult at first, but when thoroughly mastered the music will become popular. It is catchy all the way through. This music is also published by the Chicago Music company.

AN ELOPEMENT.

A Girl Leaves Her Mother and Files to Kansas City. Monday night an old-fashioned elopement took place under very exciting circumstances.

On the morning train two gentlemen arrived from Kansas City, one of them claiming to be the head bartender at the St. James hotel in Kansas City. The other name was McHugh. They hailed a hackman and were driven to the Barker, where they had a meal and supper. The other drove to 317 South Thirtieth street and went upstairs, returning after a short time accompanied by a young lady. They took a few minutes to get ready for supper, after which they returned to the house where the young woman had been found. A delay of fifteen minutes took place, when the pair hastily rushed from the house and jumped into the waiting vehicle. As the man closed the door he ordered the driver to "let them go." The young man inside put his head outside the window and shouted, "And I tell you let them go."

As they did, the mother followed for a block, and when the vehicle turned east on Williams street gave a scream and fell to the sidewalk. The girl in the hack noted the occurrence from the back window and swooned. The hack sped along Williams to Tenth, then Pacific to the river, stopping and once when the man endeavored to force his prostrate companion. Being successful the eloper ordered the driver to continue his journey. They stopped again at Twenty-first and Dodge streets where the bar tender went to the Millard and got his grip. When he returned he was accompanied by his friend, whom he had left at the Barker. They were driven to the Missouri Pacific depot, where they took the train for Kansas City. The depot police had been informed of the matter and took them out of the train while the telephone was worked incessantly to find out who it was wanted. They were detained by the train time had arrived and the party got on board and left for Kansas City.

The delicious fragrance, refreshing coolness and soft beauty imparted to the skin by Pezoni's Powder commends it to all ladies.

The President's Message. The inaugural address of the Great Rock Island Route, the Chicago, Kansas & Nebraska Railway, is to announce that on Nov. 18, solid vestibule trains will be run between Chicago and Denver, Colorado Springs and Pueblo with out change, making close connection at the above points with all trains for Salt Lake, Los Angeles, San Francisco, Portland, Oregon, and all points west; and at Kansas City and St. Joseph eastward for Chicago, St. Louis and all points east, north and south.

These royal trains, consisting of Pullmans, sleeping cars, and special reclining chair cars and magnificently furnished day coaches were built expressly for this service by the Pullman company, and are without question the handsomest ever carried out by that famous establishment. The reclining chair cars spoken of are free to all holders of first-class tickets, and a courteous attendant will be found with every car to attend to the wants of our patrons. Ask your nearest ticket agent for a ticket via the great Rock Island route, or write to

JOHN SEBASTIAN, Gen. Ticket and Pass Agent, Topeka, Kan.

Wanted, a Murderer. Charles Penn, the sheriff of Custer county, has sent out circulars offering \$300 reward for the arrest, death or alive, of Albert E. Hamstine, who murdered Hiram Roton and William Ashley on November 9, and then escaped. Hamstine is twenty-five years old, about five feet nine inches high, of light complexion, light mustache, thin light hair, eyes a light blue or gray, left eye a little crossed and looks toward the right. He weighs about 140 pounds. His wife is quite small, very round face, dark complexion, and will weigh about ninety pounds. Her age is seventeen years. They drove a cream-colored mare, might weigh about 800 pounds, and dark brown horse to spring wagon or buggy. Twenty-five dollars will be paid to any man giving the sheriff information that will put him on the track of the murderer. The bloody deed was committed on the 9th inst., and the bodies of the murdered men were secreted in a haystack. Full particulars of the affair were published in The Bee last week.

Standard shorthand school. 1607 1/2 Farnam. Lost His Finger. George Weimayer, a mechanic at Miller & Gunderson's sash and door factory, while engaged at work yesterday, had his hand caught in the "jointer," a machine consisting of planes. Fortunately, as he says, he lost but one finger.

A Great Excursion. To the Rockies and return for \$10—grandest trip on record. On Tuesday morning, November 27, the great Rock Island route, the Chicago, Kansas & Nebraska Railway, will celebrate the extension of its famous system to the Rocky mountains by giving a grand excursion, the round trip fare for which to Colorado Springs, Denver or Pueblo will be only \$10, with tickets good for fifteen days. Excursion train leaves St. Joseph at 9:45 a. m.; Kansas City 9:50 a. m.

The Officers Deny It. Officers Benson and Vizard most emphatically deny the charges brought against them by two sporting women on Ninth street, and which charges are now being investigated by the committee on men and discipline of the police and fire commission. The officers admit that they were in the house occupied by these women, but were simply making their rounds to post themselves as policemen. They deny any lascivious actions or talk on their part, and although solicited by the women to remain they refused to do so. Officer Benson attributes the charges to spite work, as he was charged with being severe in enforcing the laws while he was patrolman in the "burnt district."

Only \$10 to Colorado Springs, Denver or Pueblo and return. Grand Rock Island excursion Tuesday morning, November 27. Tickets good for fifteen days.

Edwards Will Not Hang. The neck of Walter Edwards, the mulatto who attempted to murder his wife four weeks ago Friday, is finally safe, as the stabbed woman has lived thirty days, after which, according to the statutes, if she dies the complaint can only be manslaughter and not murder. The present indications, however, are that Edwards will not be prosecuted on that charge even, as the prospects for the woman's recovery are now good.

Only \$10 to Colorado Springs, Denver or Pueblo and return. Grand Rock Island excursion Tuesday morning, November 27. Tickets good for fifteen days.

Another Geyser. Another break in the three-foot water main on North Eighteenth, near Lake street, has occurred, and the employees of the water company are busy repairing it. The break occurred only fifty feet from the one described in The Bee a few days ago, and the new is fully as disastrous as the last. No reason can be assigned for the breakage.

Florence Citizens Participate in a Social, Old-Fashioned Fight. Judge Olmstead, of Florence, had his hands full disposing of the participants of Saturday night's brawl. It was a disgraceful affair, and the connections which some of the prominent citizens had with it is surely to be regretted. It seems that Quinn, the foreman of the water works, and a man named Fleming broke some instrument in Dr. Tracey's office, whereupon the doctor declared that neither should leave his house until the instrument was paid for. The men stated that they had nothing against the doctor, but that it was their intention to tear Lester's saloon to pieces. They repaired to the saloon, and Fleming started the ball rolling by knocking down an old man named Harin and one Charles Patmeter. Mr. Lowin, the road supervisor, went to the rescue of his son and was struck by a pool ball, which has not yet been found. The son's leg was sprained in the fracas. Dr. Tracey used a chair as a weapon of attack. Mr. Goodell also secured a chair, and until the community was broken over the head of Mr. Fleming was the victim subdued. After an hour's fighting the marshal arrived, and arresting a few delinquents. At this stage of the game Mr. Simpson jumped on the bar and drawing a pistol, cleared out the barroom. Those arrested received the usual \$5.00 for drunk and disorderly.

Creepy suffocations, night coughs and all the common ailments, of the throat and lungs quickly relieved by Dr. J. H. McLean's Tar Wine Lung Balm. 25 cents a bottle.

Only \$10 to Colorado Springs, Denver or Pueblo and return. Grand Rock Island excursion Tuesday morning, November 27. Tickets good for fifteen days.

Robbed by a Fellow-Lawyer. At his humble home at the foot of Jones street, Attorney Lyons entertained, Monday evening, an attorney and whilom friend from Kansas. Lyons gave him of his bed and board most hospitably, but on awaking yesterday morning he was surprised to find his legal friend missing, and still more astonished when he discovered that the fellow had taken with him a revolver and \$30 belonging to Lyons. No trace of the ungrateful wretch has been discovered.

THE CHIEF ATTRACTION

for this week will be in our boys' department. Many of our patrons eagerly look forward to our special sales in this department, and we have decided to give them the coming week, a benefit greater than ever. We will call the attention of mothers who have been in the habit of paying \$6, \$8 and \$10 for suits and overcoats for little boys 4 to 13 years old to the suits and overcoats which we sell this week for 1/2 less than half their prices. They are equal in every respect to those sold by others for double the money.

A few samples of the many bargains we offer are the following: 200 very neat Children's Overcoats with capes to match, at \$1.90. 200 excellent Chinchilla Overcoats with capes of same material at \$2.50. A beautiful line of Chinchilla Beaver and Astrachan Overcoats of handsome designs, and elegantly trimmed with plush and fur, at one-half their value. In suits we offer to-day: 300 of our celebrated strictly all wool Children's Suits, sizes 4 to 12, elegantly made, at \$2.50; the regular price of these suits is everywhere \$5.00.

We have received and opened especially for this sale an immense line of Boys' Long and Knee Pants, among which we offer some decided bargains. MEN'S PANTS.

Our buyer having closed out the entire stock of a manufacturer of fine Pants, we have arranged the goods into several lots, and are enabled to offer them at one-half their regular retail price. At the figures we marked them they will be found the biggest offering this season.

500 pair fine strictly all wool Cassimere Pants, heavy weight, at \$2. 800 pair elegant silk and wool pants at \$2.50. 400 pairs extra fine all worsted Pants, as good as any custom made, at \$3.75. Extra long and reversed sizes for young men will be found among them. Comment on these Pants is unnecessary. We show some samples in our Douglas street window, but that will only give you the idea of how they look. We want you to call into the store and examine the stuff they are made of. The cheapest of all these 3 lots we mention were never sold for less than \$4.00.

But while we devote the most space to clothing, we do not neglect our furnishing goods. Every department has been considerably enlarged since we have the new addition, and in every line we offer daily some new drives. Just now we are having a big run in Gloves and Underwear. The prices we sell all these goods at are big attractions. Handling everything, as we do, in immense quantities, it is utterly impossible for other houses to offer goods at the prices we do.
