A marriage license was issued yesterday to Robert Green and Miss Nancy Price, both of this county.

There will be a meeting of the P. E. O. at Mrs. I. M. Treynor's, on First avenue, at 3 o'clock this afternoon.

Charles Grandson, the alleged clotheshine thief, was taken to the county jail yesterday afternoon and locked up for safe keeping.

The city schools will close next Wednesday for the remainder of the week. The teachers meeting that was to have been held next Saturday will also be postround.

held next Saturday will also be postponed. The secretary of the board of trade desires the name and address of the firm whose sales thus far this season have amounted to \$20,-000, as stated in reply to his circular letter. Two vags and one drunk was the sum

total of police court business yesterday morning. The cases of the former were continued The cases of the form were continued and the latter paid his fine and was released.

The plat of Mayne's first addition to the city of Council Bluffs was filed yeeterday with the county recorder. It is between Twenty-fourth and Twenty-sixth streets and avenues K and P.

A new quartette has been organized for the choir of St. Paul's church, consisting of Mrs. Atwater, of Omaha, soprano, Miss Liddell, contralto, Mr. J. M. Treynor, tenor, and Mr. W. H. Treynor, basso. They will sing at the services to-morrow morning.

By a new departure there will be a German theatre established here, the first presentation to be in Dohaney's opera house Sunday evening next, at which time the play "Ein Gluecklicher Familienvater" will be given by Louis Koch's company from Boyd's operabouse in Omaha.

The funeral of Mrs. Rachel Swanner took place at 4 o'clock yesterday afternoon from the residence on North First street. There was a large attendance of sorrowing friends, many of them being our aged citizens who had known the deceased for years. Rev. T. J. Mackay officiated.

No criminal business was transacted in the district court yesterday. The equity case of Marsh vs Martin was on triat. Flickinger Bros. represented the plaintiff, and Sapp & Pusev the defendant. The jury was discharged at 2 o'clock until Monday morning. The motion docket will be taken up this proming, and so new cases will be up this morning, and no new cases will be opened until next week.

Mr. A. J. Smith, from Boston, the gospel singer who is to lead the singing in the Evangelic services, beginning next Sabbath even-ing, arrived yesterday norning. He will in-troduce the new and beautiful "Gospel Hymns No. 5." He desires a chorus of a hundred voices to aid him in leading the congregation. Let all who are willing thus to aid him in these meetings gather at the chapel of the First Baptist church this, Saturday, evening at 7:30 o'clock.

urday, evening at 7:30 o'clock,

Tommy Brooks, the clever young lightweight of this city, and Billy Nolan of Knnsas City, are matched to fight for the lightweight championship of Iowa and Missouri
and \$250 a side. The mill will be fought near
Kansas City between Christmas and New
Years. The parties met in the ring at Kansas City about a year ago, and Brooks was
declared the winner at the end of the third
round, having broken one of this opponent's round, having broken one of his opponent's ribs. Nolan's friends claim that he is a much better man now, and want a little revenge. It is stated that the reason why the Union

Pacific ferry train is not taken off is because the railroad is compelled by an agreement made at the time the right of way was granted by this city to maintain the train until released by the city of Council Bluffs. It was reported by the Union Pacific officials some time ago that the train would be discon-tinued the fore part of this week until spring. but all talk of that kind has suddenly stopped since their attention was called to the agree-ment. It is thought this railway company will shortly ask the council for permission to take off the train during the cold weather.

A Quiz Sociable. There was a goodly attendance and a merry time at the "Quiz" sociable in the Congregational church last evening. The arrangements were quite unique. Aside from the usual social chatting and the serving of refreshments, there was a contest in conundrums, and a variety of articles on which any one desiring could guess. Every time one guessed successfully on an article, it was indicated on a little cord attached to the buttonhole, and thus each had a record. Guesses were made as to weights, measures, sounds, etc., these being very varied and in-

The result of the recent election has caused many names to be mentioned as probable successors to Postmaster Bowman. Ed. Mott is being very strongly backed, many of the business men having already expressed themselves in his favor. He served bravely in the army, and during the long years of his residence in this state and city he has been an active, carnest republican. He has never been recognized by the award of any office. His record as a citizen and business man is also being urged in his behalf. It is not known what is being done by the friends of other aspirants, but the petition being circu-lated in favor of Mr. Mott has secured many

Burglars at it Again.

The burglar was getting in his fine work again in this city Thursday night. He visited the harness shop of C. H. Beckman on South Main street, and effected an entrance by smashing out a rear window with a board. The place was thoroughly ransacked and considerable property was taken away. The booty of the thief consisted of harness, blankets, etc., and the loss will foot up quite a large sum. Mr. Beckman is unable to state just what his loss is, but misses a num-ber of articles. His place has been visited before, but he fails to become reconciled to

such visitations.

An attempt was also made to enter the An attempt was also made to enter the new tailoring establishment just below the government building on Broadway, "The London, but the nocturnal depredators were unable to effect an entrance. These crooks have been keeping rather quiet of late, or doing their work in outside towns, but have now started in on another roundup of city property. The police are on the alert, but it is impossible to cover the entire city thoroughly, so citizens are advised to use all due precautions in caring for their property.

A New Armory.

The Dodge Light Guards have organized a stock company to manage the financial affairs of the company and allow them to transact business. The papers have been drawn up, and the stock of the company subscribed. The officers are: General G. M. Dodge, president; Captain A. W. Cowles, first vice president; Lieutenant W. E. Atchison, second vice president; H. C. Wells, secretary: Corporal I. W. Parsons, assistant secretary; Captain A. W. Cowles, treasurer; board of directors, Captain A. W. Cowles, Lieutemant W. E. Atchison, Lieutemant H. E. Dixon, Corporal E. Tinley, Privates A. Burke, C. E. Woodbury and C. E. Dasons

E. Parsons.

The capital stock of the company consists of 200 shares, and is held by several of the representative business men of the city, as well as those in the company. The company proposes to fit up quarters in the Masonic temple, and will have the finest armory in the state. The interest manifested in the company by outsiders, as well as the mem-bers, is constantly increasing, and new names are being added to the roster. This new move will establish a solid financial foot-ing, and the company will doubtless improve in the future much more rapidly than in the

The Public Schools. The school board has not yet determined upon the length of the holiday recess to be given the public schools. It is desired to ef fect all changes in regard to the new Atkins building during the vacation, especially as the eighth grade and high school departments are to occupy the third floor of the new building. The time specified by the contract for its completion is January 1, and if it is ready by that time the vacation will be a very short one. If it is not ready, but can be completed in two weeks, it is probable that the schools will not open until the change is effected otherwise they will resume work immediately after the holidays. It is thought that the only cause for delay will be the steam heating apparatus, as all other work can be nearly completed in two weeks more. It will require considerable time to get the heating apparatus in good working order, and it is possible that the work may require nearly six weeks to complete. The change of the high school to the new building will permit the introduction of several very de strable and long wanted improvements, and will result very beneficially to this depart-

The Union Pacific Dump. As the work of filling up the trestle work at the east end of the Union Pacific bridge continues, considerable interest is manifested by the citizens as to where the work is to stop and what will be the result to this

city. The work is being steadily carried for ward, and the railway officials state that the work will take until spring to complete. Work will take until spring to complete.

It is feared by interested property owners that the filling up of the trestie work will result scriously by interfering with the passage of the water in the spring and that the lower part of the city will be flooded. The trestie work is several hundred feet long, and it is argued that to close the gap will block up a much peopled waterway.

much-needed waterway.

The Union Pacific is obliged by ordinances and by state law to have good and sufficient waterways, and it is claimed that if they should neglect to provide them they can be compelled to make them. As the company has interests there to be protected, the waterways will probably be provided for.
