OTHER NEWS ABOUT CHURCHES.

A Few Sentences in Court—Telephone Changes Being Made—The Causes of Delay in Starting the Motor.

The Uneasy Police Force. "The police force is having its annual 'jangle,' isn't it?" questioned a citizen of the reporter yesterday.

The scribe had heard good sized rumors of disaffection in the ranks of the blue coats, but thought there was nothing unusually alarming and so expressed himself.

A little later a member of the city council was noticed as though in deep thought devising some way out of the "gas charter" difficulty. "What do you think of the police wrangle?" asked The Hef man.

"Well, to tell the truth, I don't know what to think. For several months past reports have reached me that a certain member of the force was not acting in harmony with the rest—in fact was saving and doing things which would injure the efficiency of every man associated with him. You know, to be effective, the force must be a unit, must work together. Now the men are doing as good work as could be expected, all things considered, but this backing and bucking ought to be stopped. I have seen the mayor with reference to placing the matter in the hands of the police committee for investigation, but he thinks that isn't necessary, that he can settle the trouble himself. Well, I don't know; perhaps he can; but I doubt it."

Mayor Roberts admitted that there was some difficulty, and that certain complaints had been lodged with him by members of the force; but, said he, "you know how it is. When the city council meets on Monday on Main street, and hope to realize liberally for the new enterprise."

To Lovers of Fine Art. The great etching sale at W. W. Chapman's begins to-morrow and continues for three days only. \$1,000 worth on exhibition. This is the finest collection ever seen in the west. The pieces are original artist's proofs, from the majority of which no copies will be printed. This is the chance of a lifetime to get gems of fine art at a very low figure.

Apprentice girls wanted by Miss C. C. Nichols, 225 Broadway.

Miss C. C. Nichols, fashionable dressmaker, who is recommended by Charles Gossage & Co., Chicago, can be found at 225 Broadway, the Plattner place.

J. G. Tipton for Broadway bargains. Personal Paragraphs. Mr. J. H. Cahoon and bride returned last evening from an extended trip in the north and east.

F. J. Down, of London, England, and Joseph H. Meach, of Boston, are in the city for the purpose of investigating the workings of the electric motor. The pieces were then taken over the road on one of the motors to allow them to witness its workings. They expressed themselves as highly pleased and seemed thoroughly satisfied that the system is a complete success.

Mrs. J. S. Dudd has been secured by the St. Mary's Avenue Congregational church, Omaha, as soprano in the quartette choir. Council Bluffs talent is in demand abroad as well as at home.

Mrs. Judge Tipton, from Bloomington, Ill., is in the city, the guest of her cousin, J. G. Tipton.

The many friends of Miss Mamie Fleming in this city will be pleased to learn that she stands among the highest in the college examination at Chicago. There being about sixteen hundred students in attendance, shows that Miss Fleming is highly respected and much talked. Her teacher, Prof. Koelling, speaks of her as a very highly talented young lady.

Dr. C. C. Hazen, dentist, opera house block. The Delays of the Motor. The time of starting up the electric motor line seems to be still away off in the distant future, and the citizens are getting quite impatient. They all realize that the line was not more than half equipped when the first cars were started nearly a month ago, and that the cars were run at that time in order that the public might not be disappointed at the time of the bridge opening. The tracks and circuit are now nearly ready; the setting of a few more poles, being all in readiness for use. The principal cause of delay now is the setting up of the heaters in the cars. Several of these have not yet been placed, and the line will not be opened until they are all ready to fire up. These heaters are small iron affairs, and are concealed under the seat of each car, and are filled once a day. They keep the cars at a comfortable temperature during the coldest weather. It is now stated that the cars will begin to run the 1st of next month, but at the latest will not be later than the 15th, the exact date can not be determined.

Moter, 135 Main st., or Forest Smith, at the Brown Building, Don't ask why it is offered so low, but come and see the property and be convinced that we sell it less than 10 per cent.
