

THE DAILY BEE. COUNCIL BLUFFS. OFFICE NO 12 PEARL STREET.

Delivered by carrier in Any Part of the City at Twenty Cents Per Week. TELEPHONE: MANAGER. BUSINESS OFFICE NO. 43. NIGHT EDITOR, NO. 24.

MINOR MENTION.

N. Y. Plumbing company. Additional Council Bluffs on Seventh page. The various hotels of the city have made preparations for elaborate spreads to day.

C. E. Smith has taken out building permits for four new dwellings to be erected at a total cost of \$3,100.

The November term of the district court at Avoca convened on Tuesday, with Judge Duemer on the bench.

Chief Lucas yesterday presented each member of the police force with a fine, ten-pound turkey for his Thanksgiving dinner.

The funeral of Gustaf, infant son of Mr. and Mrs. Henry Melius, will take place today from the residence, corner of Eighth street and Ninth avenue.

Marriage licenses have been issued to Samuel Lowe and Nina Darrall of Hart county, and Andrew J. Parish and Clara Landen, both of this county.

Mr. S. H. Neal, of Pierre, Dak., has purchased the stock of the Council Bluffs electric company, and in a few days will be open with an increased stock and ready for business.

Thanksgiving services will be held at St. Paul's church at 10:30 o'clock this morning. A solo by I. M. Treynor will be one of the musical features. Services will also be held at All Saints' mission at 11 o'clock.

The Harmony mission ladies will entertain a Thanksgiving social to-morrow evening at the residence of Mrs. J. T. Anderson, 129 Benton street. A pleasant surprise is anticipated, and all are invited to attend.

The attendance at the union revival meeting at the Baptist church is increasing, as is also the interest. Singing, prayer and other successful, practical Christian workers, and the meeting will doubtless result in much good.

There will be union Thanksgiving services in the Presbyterian church at 11 o'clock this morning. Rev. E. N. Harris, of Bethany Baptist church, will preach a sermon. A collection will be taken for charitable purposes, and this thank-offering should be a generous one.

It is now stated that it is doubtful whether the electric motor line will be in operation by the 1st of December. It is understood that there is trouble with the dynamo, which becomes unduly heated when running. The management is unable to say when the line will be opened, but expresses the belief that it will be considerably later than the first of the month.

The pupils of the Pierce street school yesterday contributed three bushel-baskets full of fruits, jellies and provisions for the two families of small pox victims. Each pupil gave something and the aggregate was considerable. The gifts were gratefully appreciated by the recipients, who presented their heartfelt thanks to their juvenile friends for such substantial tokens of sympathy.

The general delivery retail stamp and registry divisions of the postoffice will be open today from 10 to 12 o'clock. The carriers will make but one delivery, and that in the forenoon, leaving the office at 9:30 o'clock. Collections will be made at the same time. A collection from the boxes between First and Eleventh streets on Broadway and on Main street at 1:30 p. m. The money order division will not be opened.

The electric light plant at the deaf and dumb institute has not yet been accepted, as the dynamo is not working quite satisfactorily. An official test will be made in a few days, as soon as another dynamo, which is now on the road, is received. There are about three hundred and seventy-five lights in the building, which presents a brilliant appearance when lighted. Two lights in the tower add much to the appearance of the structure at night, and also serve to illuminate the grounds.

A report has been circulated that the beef sold by certain butchers in this city is condemned meat that the inspectors of Omaha have ordered destroyed. An investigation proves that these reports are entirely without foundation. It seems that near one year ago among the local butchers produced considerable ill feeling, and it is claimed that certain dealers had advanced these statements in answer to questions as to why they could not sell as low as others. Such reports are misleading to the public and are injurious to reliable butchers and should be discontinued. If there is any foundation for these stories complaints should be filed with the proper authorities.

ALL THE NEWS OF THE BLUFFS

More and Cheaper Electric Lights Promised the City.

THE DOINGS IN THE COURTS.

A Suit Against the City—Crooks Indicted—The Union Depot Move—No Need of a Small Fox Scarf.

In District Court. The case of John T. Stewart vs. City of Council Bluffs was on trial in the district court yesterday and will not be finished for several days. The suit is brought to recover damages sustained by the plaintiff by the opening of Union avenue in 1878.

During the day the grand jury returned indictments against Lewis Stewart, the fellow charged with making a desperate assault on Officer Fowler with a knife, some time ago when the officer attempted to arrest him, and J. A. Wood, the party who stole an overcoat from a dummy in front of J. W. Bacharach's store a few evenings since.

They then retired to consider the cases of Thorpe, the alleged forger, and Grady, the fellow who shot a brother darkey at ball on Upper Broadway a few weeks ago, both of whom are now confined in the county jail.

Money loaned at L. B. Crafts & Co.'s loan office, on furniture, pianos, horses, wagons, personal property of all kinds, and all other articles of value without removal. All business strictly confidential.

E. H. Sheafe loans money on chattel security of every description, at 1230 Broadway. All business strictly confidential. Office 500 Broadway, corner Main street, up stairs.

The London "Tailor's" is the place to get your clothes made. 637 Broadway.

The finish on our collars, cuffs and shirts cannot be equalled. Cascade Laundry Co.

The Union Depot and Chautauqua. Some of those who ought to be spending their time in gathering and giving news to their readers are wasting their energies in a foolish battle of words as to which is the most important enterprise now being started here.

To anyone who stops to think, or to anyone who can do thinking without stopping, the policy of trying to tear down one enterprise to build up another is a sure way not to help build up Council Bluffs. This city not only needs the chautauqua, but that enterprise is well started, and needs but a furtherance of united and enthusiastic support to make it a first class success.

The most fact that Omaha and Council Bluffs are united in this enterprise, and that an assembly is to be held here next year, has done more already to advertise these cities than almost any other single enterprise. There should be such a swelling of subscriptions as will make the first assembly truly a national one, and show the east as well as the west that these two cities are at the front intellectually and morally.

The enterprise is also one which merits the heartiest support. Council Bluffs not only needs it, but must have it. If it can be secured in any other way, the people will put their hands in their pockets and get it. There should be no time lost, or enthusiasm wasted, in discussing it, but the most important thing is to get it.

There is at present no activity in regard to securing another large hotel. If such an enterprise should any help, the citizens will rally to its support. Any and every legitimate enterprise of this magnitude that should be helped along by all in and every way possible.

The man who thinks he must depreciate the value of the real estate in this city, and that of another, is not the kind who can keep up with the procession. Council Bluffs is going along at a rapid rate, and those who want to call each other names, and berate any of these legitimate enterprises, must drop out and do their cussing and discussing by the wayside.

More Light By Lighting. Mr. Thomas Officer, manager of the electric light company, was interviewed yesterday by a Huz representative regarding the prospect for cheaper electric light in this city in the immediate future. He stated that the agreement between the Westinghouse and Thompson-Houston company would come to an end to-morrow, and that then there would be some prospect of securing machinery at a reasonable rate. The two companies have been dissatisfied for some time, and the dissolution of their agreement will allow the Westinghouse company to come into this territory, which has hitherto belonged to the Thompson-Houston company. Mr. Officer says that the season is now so far advanced that he will not be able to do any work this fall, but that he expects to complete all plans in a short time and be ready for work early in the spring. The present building will be enlarged and new machinery added. There will also be a reduction in the price charged for lighting, as well as the introduction of the incandescent system.

The Smallpox Scare. There are no new developments in regard to the smallpox scare, beyond the wonderful development of all sorts of exaggerated rumors with no facts to rest upon. The only cases now in the city are those at the Carter house, where now are lying ill with the disease the children and a young man whose mother has been carrying the disease. The latter house is located near the transfer, and is
