

THE CITY.

A union meeting of the Sabbath school teachers and workers is held every Saturday afternoon at 4 o'clock in the Young Men's Christian association building.

William Allen was at police headquarters, anxious to have the officers help him in compelling his wife to live with him and cook his meals.

An item in THE BEE of Thursday spoke of a Billy Way as having been the aggressor in an invasion of the residence of Dr. H. H. Hays, for which he received a pair of blue jeans.

Stolen Horse Found. The horse of Edward Savage that was stolen December 2 in this city was recovered in North Omaha and has been returned to its owner.

Money For Burial. Subscriptions are being raised for the purpose of defraying the expenses of forwarding the remains of George L. Fisher, the man who died at the hospital, to his former home in St. Louis. The legal fraternity at the court house alone contributed about \$20.

Charity Concert and Ball. A grand concert and ball for the benefit of the poor will be given at Masonic hall, Saturday, December 15, by the Swedish Ladies' Relief society of this city.

Wants Winter Quarters. Ed Ball, a vagabond, was fined \$100 yesterday morning for stealing a lap robe valued at \$15. It was evident that he was anxious to enjoy a winter's lodging and board at the city's expense and had stolen the article with this end in view. He came near admitting the act on arraignment.

Took Everything and Fleed. A lady by the name of Douglas was at the police station yesterday, telling of how her husband deserted her, and kidnapped her two children. He had also given her a house and lot in the presence of witnesses, but had sold these and taken the money with him.

Rotholz' Return. Albert Rakow, or Rotholz, who was some time ago charged with the killing of Charles Collins, has returned to Omaha. He disappeared shortly after his release upon another charge, leaving \$170 in the possession of the authorities. Walter Bennett endeavored to get this money but failed. Collins has since been found alive and Rotholz has come to get his money.

Cool Weather. Indications at the signal bureau go to show that somewhat cooler weather will follow in the immediate future, but nothing in the line of a cold wave. At Rapid City the temperature has fallen 16 degrees within the last twenty-four hours, and also at the following places: Moorhead 12, St. Vincent 19, Fort Custer 10, and at several other points at all other northern points. The decline registers 4 lower here.

Another German Theater. The German theatrical company which opened the season at Boyd's, has moved to Metz new hall on South Thirteenth between Pierce and Williams street, where they will appear next Sunday night. The hall is one of the prettiest in the city and the company will be under the management of Messrs. Koch and Axman, the opening piece being the opera, "Der Kapellmeister von Venezia." In two other acts, "The Jew" and "The Barber of Seville" will be presented.

Fifteen Dollars For Stealing a Horse. A fine of only \$15 was imposed on Paul Erenstoff yesterday morning for stealing a horse from Frederick Riemenschneider. It was a hobby horse, however, and was valued at \$2. When Erenstoff was arrested Garbage Master Goldsmith heard that the charges were for stealing a dead horse. As this would bring the case within his jurisdiction, he flew about for some time getting damaging testimony against the prisoner, until, to his disgust, he learned the horse was a wooden one, when he suddenly dropped the case.

The Second Ward Celebration. The meeting at Kasper's hall this evening, to celebrate the republican victory in the recent councilmanic contest, will be addressed by Congressman-elect William J. Connell, in whose election the people of the Second ward greatly rejoice. Speeches will also be delivered by L. S. Estelle, and Councilman Hascall and Kasper. The committee having the matter in charge has assurance of a large meeting and the programme is one that will interest all who attend. Good brass and vocal music will be rendered.

Phil Kearney Post. At the annual election of officers of Phil Kearney post No. 2, department of Nebraska, G. A. H. held on Wednesday evening last the following officers were elected for the ensuing year: Commander, James Davison; senior vice commander, John Reagan; junior vice commander, Gregory Farrell; quartermaster, William L. The new officers will be installed on Wednesday evening, January 3, 1889, at the post hall at Fort Omaha, and a campfire and dance will follow the installation.

Remembered By Friends. Otto Lund, of the St. James hotel, has made many friends during his stay in this city, and Thursday night they paid him a "warm" compliment. It came in the shape of an elegant fur-trimmed overcoat, and a surprise at the same time, and was presented on behalf of the donors by Colonel W. H. Beck, Ed. Hothery, Prof. Miller and M. Richards as a

committee. The presentation speech was made by Ed. Hothery, who the colonel took charge of the coat, and at the close refreshments were served and a pleasant evening spent.

Ripe, luscious, sound fruit is the source from which are derived VAN DUZER'S FLAVORING EXTRACTS without admixture of chemicals, exquisite in taste, economical, and highly concentrated, pure and wholesome.

They are used widely in the household, hotels and restaurant kitchens of this and other continents; and the bottles contain—as may be ascertained by comparison—more than the quantity held by other flavoring extract bottles.

Railroad Notes. Railway men generally are contributing liberally to a fund now being raised in aid of Switchman Ed. Noll, who lost a leg a short time ago. Members of the union are among the most generous givers, but one or two refuse to assist, on the ground that he was a non-union man.

J. K. Cheate, superintendent of the Colorado division west of here, Thursday night. His family accompanied him. This is pay-day for the yard men of the Union Pacific.

Thursday night a grain car left the end of the track at the Thirteenth street viaduct and came nearly being precipitated into the street below. As it was two trucks went over the edge.

Railway men claim to know nothing of the proposed meeting at Pittsburg next January relative to the union of all railway employees. One of them, however, said: "We wouldn't hear much about it if it was the case, as all the preliminary arrangements will be taken by the officials of the different organizations. I know that they have had several meetings in Columbus, and that may be the reason."

The Coming Petrol. It is fancied by a grateful patron that the next comet will appear in the form of a huge bottle, having "Golden Medical Discovery" inscribed upon it in bold characters. Whether this conceit and high compliment will be verified remains to be seen, but Dr. J. C. Williams will continue to send forth that wonderful vegetable compound, and potent eradicator of disease. It has no equal in medicinal and health-giving properties, for imparting vigor and tone to the liver and kidneys, in purifying the blood, and through it cleansing and renewing the whole system. For scrofulous humors, and consumption, or lung scrofula, in its early stages, it is a positive specific. Druggists.

A Fair November. The report of J. A. Welch, of the signal service, for the month shows the following: number of fair days, 7; cloudy days, 10; mean temperature, 37; total movement of wind, 62.30; highest velocity, 34 miles, on the 9th; total precipitation, (snow and rain) 0.12; nominal temperature for the month, 36. The monthly movement of wind change as compared with preceding years.

Motors Run to Twelfth Street. The copper motor wire of the Omaha motor line on Douglas street has been extended to Twelfth street, with a view of enabling the Council Bluffs and bridge motor trains to run their cars up at least to Twelfth street. This will necessitate the erection of poles at intervals along the street to keep up the wire. Mr. Horbach says he has plenty of poles for the purpose on hand, and is ready to put them up at any moment.
