COUNCIL BLUFFS

LATE LOCAL NEWS.

Cupid's Work. Another of Council Bluffs' fair daughters was wedded(yesterday, Miss Mary R. Josselyn, daughter of Mr. and Mrs. S. A. Josselyn. The fortunate young man was Eugene S. Allen, who has also quite a large circle of friends here. The ceremony was performed at the Congregational church at high noon yesterday. The arrangements were unostentatious, modest, but elegant in their details. While the friends were being seated Miss Fitch played several selections upon the organ, and on the entrance of the wedding party gave the wedding march with pleasing effect. The betrothed couple were accompanied by a little brother of the bride, Theron Josselyn, and by the little niece of the groom, Miss Clara Allen. They bore flowers and the lady was dressed in white. The bride was in her travelling suit. The ushers were Mr. Atchison, W. B. Somers, W. S. Homer and Elmer Stacy.

The ceremony was performed by Rev. G. Crofts, who followed somewhat the Epis-copal ritual, the ring being used. After the ceremony at the church the bridal party ceremony at the church the bridal party took carriages for the bride's home, where there was spread a very enjoyable collation, of which they and the immediate friends, with the relatives, partook. Mr. and Mrs. Allen left on last evening's train for Cortland, N. Y., and after visiting friends for a few weeks they will proceed to Green Bay, Wis., which will be their home. Mr. Allen is a civil engineer of much ability. The is a civil engineer of much ability. At noon yesterday a change went into ef-

They will make connections with every motor car, giving a twenty-minute service during the forenoon, and a twelveminute service from noon until 7:30 o'clock, when the transfer cars will stop. At 9:25 every evening a horse car will leave the Methodist church for the transfer, leaving Pearl street at 9:30. This has nothing to do with the theater cars, which will run as heretofore. No transfer cars will run above

the Methodist church. The Main street line

will continue to run as formerly. The fare for the transfer passengers will be 5 cents, which will pay the fare on both cars. All transferring will be done at Thirteenth street. The theater cars will leave the operahouse after all entertainments although they will probably be a little late in getting there as they now have to wait on Pearl street on account of the motor cars on Broadway. The new system will be a great improvement over the old one, so far as the Broadway and the old one, so far as the Broadway and transfer line is concerned.

A Disastrous Blaze.

About 7 o'clock last evening there was an alarm of fire turned in from Upper Broadway. The department reopened, and found the bottling establishment of Wheeler & Herald in flames. The fire originated in the vicinity of the boiler. Three streams of water were put on, but the structure was completely gutted. Mr. Wheeler stated to a BER reporter that his loss would be about \$2,500. He was carrying no insurance. The building was owned by Dr. Patton and by the occupants. Dr. Patton's loss is about

8300, insured for \$500. The most valuable machinery was all in the front part of the building, and is but little danaged.

The fire spread with remarkable rapidity, and the intense heat kept the firemen at a distance. The books were all saved, and the accounts of the firm will remain intact. The new building in course of crection on the opposite side of the street, by this firm, will be ready for occupancy in about a month. It was the custom of the firm to keep a night watchman during the winter, but he had not been put on this season. Considering the amount of property in the building, the loss is very light. Now quarters will at once be secured, and business will not be delayed more than twenty-four hours.
