

THE KROPHGANG CASE.

A True Statement of the Facts.

Mr. JOHN KROPHGANG was found by a reporter at his residence, 1114 South 1st street, who furnished the following statement of facts: I am by trade a carpenter and work at the Simon's Manufacturing Co., having been in their employ two years. About two years ago I became very ill, so ill that breathing through my nose was becoming more difficult, this trouble kept increasing until along last summer, my nose became so closed that breathing through the air through it, and only partially through the right one, this compelled me to breath almost entirely through the left. I would wake up in the night, and the pain felt as dry as a child, after rising I would start in to hawk and spit until my throat would get pasty, and the pain would go away. This would accumulate there during the night. On placing my finger into my left nostril, I could feel a hard swelling, and I knew that it was because of some of my troubles, my throat felt really great deal of the time, and I had dull pains over my eyes and forehead, and I knew that something had to be done. Having read of the success of Doctor Jordan in cases which appeared like mine, I began to give him a call, and he came to my house, and I told him what was the trouble, and he said that I must have a tonsil operation. I am glad I did, for now the nostrils are open, my breathing free, the pain in my head gone. The accumulation of mucus has ceased and in fact all of the troubles I have spoken of are at end.

DOCTOR
J. CRESAP MCCOY,
(late of Bellevue Hospital, New York.)
Succeded by

Charles M. Jordan

(late of the University of New York City and
Howard University, Washington, D. C.)
HAS OFFICES

No. 310 and 312 Rambo Building
Corner Fifteenth and Hennings Sts., Omaha, Neb.
where all curable cases are treated
with success.

Note—Dr. Charles M. Jordan has been residing physician for Dr. McCoy, in Omaha, for many years, and has made the cures that have been published weekly in this paper.

Medical diseases treated skillfully. Consumption, Rheumatism, Diphtheria, Rheumatism, and all NERVOUS DISEASES. All diseases peculiar to the sexes a specialty. CATARRH

CONSULTATION at office or by mail, \$1.
