## THE SPECULATIVE MARKETS

Seaboard Advices Rather Bearish in Tenor.

CORN CONDITIONS REVERSED.

Purchasers on the Anxious Scat To-Day In Provisions a Surprisingly Strong Feeling Holds Control-Cattle Lower.

#### CHICAGO PRODUCE MARKET.

Curcago, Jan. 30.- | Special Telegram to THE BEE . - Bloom and others sold May wheat largely "in offices" yesterday afternoon at 97c, and the opening to-day was weak at 97% 0097c. There was heavy selling and the temper of the crowd was bearish, but it was not long before it was discovered that the property was wanted. Then followed a hasty change of front on the part of the scalpers and an advance to 97%c. The price ranged from 97%c to 97%c for a time, and from 979ce it dropped suddenly off to 96ke. This was on information that the ice at Odessa had cleared away and that a big grain fleet would be released presently. This is in flat contradiction of the most authorative advices from that quarter received quite lately, but Nightingale confirmed the news and the scalpers ran the price down on it. There was renewed buying on a large scale on the break - Kent's brokers leadingfollowed by an advance to 98%c. It was generally believed on the floor to day that Kent, acting on behalf of the bull leaders, had taken the "milking deal" out of Hutchinson's hands, and that for the time being the giant was floundering. Kent started the break from \$1.01 last week by selling a big line of wheat which was covered around the bottom. Since then the market has fluctuated in a most uncertain and eccentric fashion, but to-day the scalping crowd reached the conclusion that the "big money" was row interested in seeing an up turn, and they acted in accordance with that theory. It was also noted by the observant news bawks of the pit that the bull leaders, who for days and weeks hovered around the great free lance banker and speculator, are now letting him severely alone, from which circumstance they argue that a policy of greater independence is to be hereafter pursued. This, however, is mere floor gossin, and is only mentioned in this connection because of the seeming importance attached to it in some quaring importance attached to it in some quarters. For May 98%c proved to be the top, and thereafter the price kept within a range of 1/4c below that figure, and closed at 181/4c for May, about 1c higher than yesterday. Taken the day through, a very large speculative business was done in wheat. The bulk of the trade seemed to be for local account and for New York and other large centers though New York and other large centers, though aside from the big scalps, which have been a feature of the market of late, there is a healthy miscellaneous investment inquiry to be noted, indicating a returning of popular interest to the market. February wheat closed at 94½ and July at 89½ bid, after having covered a range of 88½ @893 c. Trade in July is on the increase. Cable news was not of a character to stimulate action in any direction. If it was not distinctly bearish it certainly not bullish. The seaboard advices were rather bearish in tener, though a little export business at Baltimore was reported. The clearances of flour were equivalent to 90,000 bushels, of wheat. The interior milling demand keeps up steadily, and the local sale of one small lot of choice wheat at \$1.03 to grind was reported. From the advices from the north west it is clear that very little spring wheat remains in the farmers' hands throughout

all that country.

There was no disposition to buy corn day, and less inclination to sell it. The offerings were light, and in the urgency of the demand, the buyers, who were principally the sellers of yesterday, helped the advance which the holders demanded. The export clearances were again very heavy and the domestic consumption at present prices is very large. The small proportion of No. 2 was likewise a source of uneasiness to the short seilers. The Liverpool mar-ket was firm and the outside domestic markets about steady. The volume of business in the pit was of the recent small dimensions, with no evidence of any great interest being taken by the outside dealers. The demand from shippers was good, and at higher than yesterday's prices. The fluctuations were neither wide nor frequent, but yesterday's condition of affairs was entirely reversed, and generally purchasers could be found at the market instead of sellers, as on the previous day. The closing prices show an ad vance for the day of about 1/4c per bushel. There was some inquiry for No. 2 cash oats with light trading at 25%c, or about %c advance. The speculative market was quiet, though good. The aggregate trade was recorded in May at steady prices around 27%@

lear months, though no sellers of consequence appeared. In provisions a surprisingly strong feeling held control. Trading opened at prices a little higher than yesterday's closing, and as the day advanced an upward movement of considerable consequence was noticed. In a general way, and without any apparent reason save a more conservative turn among the professional bears, the market was somewhat bullishly inclined. It required no manipulation nor underhand work to ad-vance prices, and at the close of business

2716c, while bids were advanced 160016c on

#### pork showed a net improvement of 22% @25c, lard of 15@17% and short ribs of 12% c. CHICAGO LIVE STOCK

CHICAGO, Jan. 30 .- | Special Telegram to THE BEE: [-CATTLE-Although the receipts are not as large as at the same time last week, the big run to-day and the prospects of a big run to-morrow had a depressing effect on prices, and about the entire advance on Monday and Tuesday, say 10 to 15c, was wiped out to-day, yet at the decline there was a fair demand, and more than average inquiry for export. Cow stock was slow and shared in the down turn, especially common and medium stock selling within an extreme range of \$3 down to \$1.50. The stocker and feeder trade remains slow, with prices weak and the general market an un-satisfactory one for sellers. Choice to extra beeves, \$4.15@4.85; medium to good steers, 1,350 to 1,500 lbs, \$3.60@4.00; 1,200 to 1,350 lbs, \$3.20@3.75; 950 to 1,200 lbs, \$8.00@3.20; stockers and feeders, \$2.10@\$3.35; cows, bulls and mixed, \$1.40@3.10; bulk, \$2.10@2.50; Texas steers, \$2.45@3.25.

Hogs-Business active in a general way with little or no change in values on the or dinary run of mixed and packing sorts. Big 400 to 500 los hoge were not wanted, and were hard to sell, and may have sold lower were hard to sell, and may have sold lower in some cases, but anything in the light line or anything with a good per cent of nice barrows sold strong, while assorted light sold be to 10c higher. The bulk of mixed sold around \$4.80@4.85, a few at \$4.85@4.90, with common at \$4.70@4.75. Light sorts sold within a range of \$5.00@5.10. The market closed steady on everything except the big class, which closed rather lower.

## FINANCIAL.

NEW YORK, Jan. 30 .- [Special Telegram to THE BEE. !- STOCKS -The foreign houses appeared as sellers at the opening of this morning's stock market. The tone was weak and the prices were somewhat irregular. Atchison was heavy and declined % per cent, principally on transactions of Boston houses. The general list was inclined to follow at first, but soon recovered its tone, and everything advanced fractionally, New England leading, with a gain of 1/4 per cent. The buying of the last named stock came principally from Boston, where it is said a prominent trader is heavily short. The stock in that market is very scarce and commanded a small premium for use from day to day. There appears to be a great deal of good selling of Lackawanna, and bear points are not scarce.

few months back. Many of the professional room traders are talking bearish. Pointers to buy Wheeling & Lake Eric preferred are being freely distributed. It is said that the earnings of the company are equal to 8 per cent. The commission houses report an increased demand for stocks, and are looking for improvement all around as soon as the run on the bonds ceases. Money is very plentiful and loans at 114@2 per cent. The market lapsed into duliness as the noon hour approached, and aside from the transactions in New England no feature worthy of note marked the dealings. The market during the afternoon was dull and featureless and the closing was irregular. New England gained I; Missouri Pacific, 14; Telegraph, 14; Cleveland, Columbus, Cincinnati & Indian apolis, 14, and Richmond Terminal, 14 per cent during the day. The balance of the list closed at about the opening prices, with the exception of Lackawanna and Lake Shore, which show 1/4 and 1/4 dectines, respectively The total sales for the day amounted to 150,000 shares, including Lackawanna, 15,000; Western Union, 8,000; New England, 21,000; St. Paul, 8,000; Reading, 21,000; Missouri Pacific, 9,000; Delaware & Hudson, 4,000,

#### OMAHA LIVE STOCK

Cattle. Wednesday, Jan. 30, 1899.
Prices took a tumble to-day of fully 10c, and while about everything was sold, trade

was not very active and the close was weak. Aside from a few small bunches of pretty fair stuff, the general run of cattle was no very good, and there were more commonish cows than usual. Feeders were in good demand at about steady prices.

The market was active and 5@10c higher. As usual for a while back, light hogs brought the highest prices. The hogs were all sold

Sheep. The market was active, and everything offered met with ready sale at steady prices. The westerns were extra choice, while the Nebraskans were only fair.

Receipts. Cattle.... 1,250 Hogs.... Sheep Prevaiting Prices.

Hogs 5@10c higher.

A lower cattle market. About all the stock here sold. Hogs all sold early in the day. Sheep in good demand and steady. All the sheen sold quick on arrival. Light hogs are bringing the most money. Feeders in good demand at steady prices. Comstock Bros., Oak, Neb., sold 70c hogs. J. M. Gourley, Villisca, topped the hog market.

### THE PRODUCE MARKET.

Eggs, Butter and Other Products Never Sold So Cheap in Winter. Eggs and butter have not been so low in price in this country for fourteen years as they are to-day. Strictly fresh eggs are worth 10c to 12c per dozen at wholesale, and are retailing at 13@14c per dozen, while cold storage stock is served to bakers and confectioners at nominal prices. Butter is as cheap, choice dairy being a drug at 10c to 12c, and the supply is far in excess of the demand. In fact, butter is cheaper than lard. This state of affairs is said to be attributable, so far as ergs are concerned, to the complacency of the chicks, who are de-lighted to have a winter mild and open and without snow, and who testify their appreciation of the atmospheric situation by depositing daily a tribute which

is usually suspended at this season.
The butter question is not so readily disposed of, unless the redundancy of the supply be accounted for by accepting as a con-dition the theory that the cow is also show-ing her gratitude for warm weather and clear skies, when she might naturally expect to be required to turn her tail to the ky blasts of winter and have the lacteal fluid eal within her under the influence of congeal within her und Jack Frost's embrace.

Nevertheless, eggs, butter, and likewise apples, were never so cheap at this season as they are at present.

Finest Trains to Washington. The Baltimore & Ohio railroad is the aly line running through trains from the west to Washington, and they have recently improved the service by putting on two vestibule trains, one which leaves Cincinnati daily at 7:30 p.m., and the other leaves Chicago daily at 7:05 p. m. All cars in these trains are vestibuled, including baggage cars, day coaches and Pullman Buffet sleepers, thus wholly overcoming the swaying motion imparted to ordinary trains when rounding curves at high speed. The trains are heated by steam drawn from the locomotive. Porters are in attendance in the day coaches as well as in the sleepers to wait upon passengers. In accordance with its long-established policy, the B. & O. exacts no extra fare for passage on these trains.

Mrs. Johnson's Death. Mrs. Johnson, the elderly lady who sus tained a fractured skull in a runaway while returning from Colonel Sandy Forbes funeral, died at 10:45 yesterday morning at her home 713 Marcy street. A peculiar feature of the event is that her injury was similar to that of the colonel. She was not acquainted with the deceased, but attended the funeral so as to get a chance to visit her son's grave. She failed, however to find his resting-place. She rode in hack No. 30, and on returning the driver stopped at a store and left the horses untied. The steeds took fright and ran away, and Mrs. Johnson, while attempting to jump out of the vehicle received the injuries that have since proved fatal. She leaves four children. No inquest will be held.

The following shows how Chamberlain's Cough Remedy stands where it has been sold for years and its intrinsic value is well known. "I sell large quantities of Chamberlain's Cough Remedy and have never sold goods that gave more general satisfaction. The purchaser almost invariably returns for more when again in need of such a remedy. C. H. LEWIS, Druggist, Des Moines, Ia." Sold by all druggists.

Marriage License. Following are the marriage licenses issued yesterday in the county courts by Judge Shields:

Name and Residence. James McKee, Omaha......23 Bertha Butler, Omaha...... 18 George B. Lowrie, Omaha......24 Anna S. Crocker, Decatur, Ala.....20 James Phillips, South Omaha.......34 Mary E. Carpenter, South Omaha......19

Mothers Read. The proprietors of SANTA ABIE

have authorized Goodman Drug Co. to refund your money if, after giving this California King of Cough Cures a fair trial as directed, it fails to give satsfaction for the cure of Coughs, Croup, Whooping Cough and all throat and Lung troubles. When the disease Lung troubles. When the disease affects the head, and assumes the form of Catarrh, nothing is so effective as CALIFORNIA CAT-R-CURE. These preparations are without equals as household remedies. Sold at \$1.00 a package. Three for \$2.50.
