A Desperate Fight Against the Valued Policy System.

MAIN OBJECTIONS TO THE BILL.

The Police Relief Fund and Pharmacy Measures Robbed of Their Fails and Passed by the Senate.

The Valued Policy Bill.

LINCOLN, Neb., Feb. 13.—(Special to THE BEE.)—A determined fight is being made against the Ransom valued policy bill by the insurance interests.

Charles Allen, insurance clerk in the office of the auditor of public accounts, read extracts from the insurance reports of several states where the valued policy bill has been in force, and found that the insurance commissioners in each of these states advise its repeal.

Mr. Wheldon, of Lincoln, addressed the committee at length. He said he was a stockholder in the Farmers' and Merchants' company and that he would not support the bill.

Senator Raymond took the floor and revealed in figures to show the inequalities of the freight rates.

Senator Johnson thought no fair-minded person, not even a railroad man, could object to the spirit of the resolution.

Senator Johnson said both parties had made anti-electoral charges that should be removed.

ordinance. He objected to the state compelling men to pay such a tax.

Senator Lindsay replied with the statement that the state is not imposing a class tax. The bill is not a tax on the poor.

The vote was 21 yeas and 11 nays, which failed to carry the measure, as a bill with an emergency clause needs a two-thirds vote.

Harding's house bill amending the pharmacy law was also robbed of its title in order to get it through.

The senate also passed Neabitt's bill giving the tenth district two judges, Manning's bill, permitting persons to associate to insure their own property, and Papp's bill, making counties liable to an individual who may suffer damage by reason of a defective bridge or highway.

Corbett's resolution for a constitutional amendment relative to the investment of the permanent school fund was defeated.

Gilbert still further defended his bill, and another effort to defeat the bill was lost.

A substitute proposed by Mr. Coleman of Antelope, was lost.

Burnham moved that the bill be reported back with a recommendation that it be indefinitely postponed.

The college farm incident was discussed.

The second meeting of the senate committee for the investigation of the state farm and experiment station was devoted chiefly to Treasurer J. S. Dale.

From the treasurer's statement it appears that the state's fancy farming is costing about \$2,500 per year.

The probable outcome of the investigation will be that the committee will advise the legislature to set aside two sections of Saline land for a big farm.

chamber and proceed to the hall of the house of representatives, there to take part in the proceedings for the ascertainment and counting of the electoral vote.

After further unimportant business was transacted the appointed time arrived and the senators thereupon, headed by the officers of the body, proceeded to the hall of the house of representatives.

The senate returned to its own chamber at 3:25, when Mr. Manderson, on behalf of the senate leaders, reported the result of the counting and ascertainment of the electoral vote for president and vice president of the United States.

The resolution reported from the committee on privileges and elections, instructing the committee to revise the existing election law regulating the election of members of congress, was taken up, and Mr. Everts spoke in its support.

The great question here at last, it was thought, there was to be tolerated in this country an authority and persistent power that was to set aside the government of the constitution and its laws.

Mr. Cole obtained the floor, and after an executive session the senate adjourned.

"WHAT A LOVELY WOMAN!"

exclaimed the Chief Justice, upon passing a beauty while walking down Penn. Avenue with a friend. "What an excellent Judge!" said the lady, when her sensitive ear caught the decree of the Chief Justice.

As an invigorating tonic, it imparts strength to the whole system. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dress-makers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic, or strength-giver.

As a soothing and strengthening nerve, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms, commonly attendant upon functional and organic disease. It induces refreshing sleep and relieves mental anxiety and despondency.
