

AN OLD CLAIM BOBS UP

Mr. Kennard Would Like to Get at the Cash.

SUBMISSIONISTS VERY TIRED.

Laws Governing Banks and Concerning Registration Among the Possibilities—Legislative and General Gossip.

LINCOLN BUREAU OF THE OMAHA BEE, 1023 P STREET, FEB. 22.

Among the recent claims placed before the legislature is one by Thomas P. Kennard for \$11,885.21. The legislature of 1874 authorized the governor to appoint an agent to prosecute the claims of the state against the government on account of lands disposed of by Indian reservations...

The contract was made in October, 1874. Mr. Kennard made a friendly alliance with an Iowa agent appointed for the same purpose. There are eighteen states interested in similar claims. The Nebraska and Iowa agents investigated the matter and have been trying to get such a measure through every session...

After various ups and downs, he got in 1881 a favorable report as far as the Pawnee reservation was concerned. The amount due the state on sales to July, 1880, was \$9,257.47, but instead of paying over to Nebraska, the controller carried it into the treasury, claiming that Nebraska owed the government \$19,312 on account of direct taxes levied during the war...

Kennard had an impression that the direct tax had been settled but could find no record in state or federal records to make a matter plain. He wrote the Iowa agent, who finally discovered an act of congress by which Nebraska, in consideration of paying the expenses of the territorial legislature of 1863, was to have credit on the books for the amount of direct tax which she stood charged by an oversight of the controller...

Representative Berlin's committee has agreed on a registration bill. It is similar to the act of two years ago, which was proposed in the legislature of 1877. The bill provides for wearing in the vote of a man who may have been unable to register by reason of sickness or absence...

It now seems probable that Nebraska will have a law for the regulation of banks other than "national." A few days ago Tim Baraga wrote a synopsis of the bill as it is now modified by the house committee. It grades the capital of banks according to the population of the county in which they are located and provides for inspection...

The senate committee have had the same bill under consideration as the basis for a measure of the house. The two committees have been working on lines somewhat similar, but not wholly so. The senate committee have held a meeting and will report early next week...

Scarcely a half-dozen members of the legislature dropped into the supreme court room Wednesday during the four-hour argument on the submission bill, and Mr. Cady was the only one to stay long. This was a fair indication of the apathetic feeling on this measure...

The senate committee seems to be resting on its oars. The matter indicated by the Herald correspondent proved to be too weak for rapid tripping, and the chances are that "sneaking" was done in the absence of facts or proof.

W. V. Lucas, ex-state auditor of Iowa, says: "I have used Chamberlain's Cough Remedy in my family, and have no hesitation in saying it is an excellent remedy. I believe it is all that is claimed for it. Persons afflicted by a cough, will find it a friend." For sale by all druggists at 50 cents per bottle.

These riders meet at the Colosseum this evening to decide the question as to who is the fastest man irrespective of what may come to pass in the shape of tumblers. Morgan says his defeat last Saturday to the fall he received, and says that he will keep a lookout for Ashinger's hint when to-night. It is understood the submissionists were not as strong in the house by two or three votes. I know of no meeting or conference of submissionists in anticipation of the finding of the supreme court, and I do not think there will be any.

The boom-tide seems to be turning toward Lincoln once more, and the chances are that the city is on the eve of an era of pros-

WHAT PEOPLE TALK ABOUT

Views and Interviews Caught in Hotel Corridors and Elsewhere.

Hon. John R. Markley, register of the United States land office at O'Neill is at the Paxton. Mr. Markley's term of office does not expire for three years yet, but he says that he does not expect to hold on longer than the middle of next summer. "Great heavens!" said he, "there are eighteen applicants for the place and they're all red hot, too. I'm having lots of fun watching the fight." The applicants are as follows: E. L. Towle, a member of the house from Knox; F. Chambers, former register of the Nebraska office; Charles Kaminski, owner of the town site of Verdugo; Vae Randa, for a number of years county clerk; S. D. Draper, of Nebraska; J. W. Radford, county clerk of Dixon; H. S. Gellison, loan agent, O'Neill; E. F. Chambers, former register of the Nebraska office; Charles Kaminski, owner of the town site of Verdugo; Vae Randa, for a number of years county clerk; S. D. Draper, of Nebraska; J. W. Radford, county clerk of Dixon; H. S. Gellison, loan agent, O'Neill; E. F. Chambers, former register of the Nebraska office...

George Lehman, proprietor of the Grand Central hotel, Columbia, was in the city yesterday. He speaks in glowing terms of the new bridge recently completed at that place over the Loup river. The structure is of iron, built on piers which sink to bed rock, and are filled with concrete after the same mode supporting the bridges over the Missouri at that place. The bridge is 1,400 feet in length, in some places thirty feet high, and cost \$45,000. Workmen are busily engaged upon the bridge over the Platte at Columbus also, and the management hopes to have it finished about the 10th of March. This structure is at a pile bridge, and it is said to be of the strongest kind and with it the Columbia people intend to make permanent and successful business relations with the counties of Polk and Butler, which are adjacent.

Hon. Charles W. Mooker, representative from the first district, was in the city on his holiday vacation in Omaha with Dave Mercer and other congenial spirits. Mr. Mooker thinks that the remaining days of the session will be the most interesting and exciting times. "I expect a clash between the house and senate on the question of the bill for the relief of the soldiers," he said. "I also anticipate a big battle over the prohibition question."

George W. Waterbury, the postoffice inspector for this district, was in Omaha last night and spent the evening under the new administration, he said. "I propose to hand in my resignation, though under the new administration I shall not be until removed. I would rather be independent, though, and get out without being asked."

A clergyman, after years of suffering from that loathsome disease, Catarrh, and having tried every remedy, at last found a cure which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self-addressed stamped envelope to Prof. J. A. Lawrence, at 107 West 10th Street, New York City, will receive the receipt free of charge.

A delegation of Nemaha county farmers, neighbors to State Senator Church Howe, were in the city yesterday searching for that gentleman. At 10 o'clock they located him, though it is known that he arrived last night and has a room at the Millard. Thomas Gerdes, Henry Coleman, Herman Coleman, John Gerdes, John Meyer, William Tuxhorn, Herman Rodemaker and Editor Fellows, of the Aurora Post, comprised the party. A Bee reporter interviewed them, and they could not be induced to divulge the reason of their great anxiety to get sight of the senator. "What do you want with Mr. Howe?" "No other reason for such a big delegation wanting to see him all at once?" "No, we are his neighbors and just wanted to see him."

Evolution of the senator was not anxious for them to find him. Heretofore he has always stopped at the Paxton, therefore his change to the Millard has some significance. The delegation was not in the city until the delegation went out to see the town, but said they would soon return.

Storekeepers and druggists with private "axes to grind," although well aware of the superiority of SOZODONT to all proprietary preparations, were recommended other articles as "equally good" or "the same thing" or "superior." Insist on having SOZODONT.

Robert S. Clark Taken Back to the Scene of His Escapades. Robert S. Clark, who was one year ago manager of the North Bend (Nebr.) lumber yard of S. R. Howell & Co., and who was arrested in Chicago Thursday, is in the custody of a detective, Clark passed through Omaha yesterday on route to North Bend, where he will be imprisoned until he is given a trial for a charge of larceny. The lumber company put the matter in the hands of a detective, who traced Clark over the country until he was found in Chicago.

Clark will be remembered by many in Omaha as a telegraph operator with sporting tendencies, an amateur pugilist and a frequent visitor of the gambling rooms. Four or five years ago he was transferred to North Bend, where he took charge of the business of the Western Union Telegraph company, subsequently assuming the name of Clark Howell Lumber company, under C. K. Huntington, the local agent. He made himself conspicuous chiefly by his semi-sensational escapades with the "local" "loose" "hell" girl, and a sister-in-law of a leading merchant of the place. The affair finally culminated in an open rupture with the Fremont, to the infinite chagrin of the young lady's relatives. Upon the promotion of Mr. Huntington Clark was made manager of the company's business, and he seems to have taken a "vantage."

No one should delay when they have a cough or cold, when a 50-cent bottle of Bigelow's Positive Cure will promptly and safely cure them. Dollar size cheaply for family or chronic cases. Goodwin Drug Co.

THE MEETINGS CLOSE Last Night of the Evangelists at the Academy. Last night Evangelists Potter and Miller concluded their season of revival meetings at the academy. The congregation, which greeted them for the last time in the hall, was larger than on the previous night. Considering the intensity of the cold, the auditorium was fairly well filled, partly by those who had been converted during the past few weeks.

At the opening of the meeting the usual songs were rendered by the choir, and the customary or nighty collection was made. Evangelist Potter selected his text from Ezekiel xxxii, 1: "Say unto them as I live, saith the Lord God, I have no pleasure in the death of the wicked; but that the wicked turn from his way and live; turn ye, ye will live. O house of Israel!" Mr. Potter spoke of his subject as a
