MISS BIECHLER ARRAIGNED.

The Slayer of Harry King, Jr., Pleads Not Guilty.

THE PRISONER'S APPEARANCE.

Marriage of Miss Lake and Charles Deuel, and Miss Clara Creighton and John M. Daugherty—Other Local News.

Miss Biechler in Court.

Elizabeth Biechler-King was arraigned before Judge Groff yesterday morning.

So quietly were the proceedings conducted that only lawyers, jurymen, attaches and those regularly in attendance at the daily opening of court had an opportunity to get a view of the prisoner.

Before they began to assemble, Sheriff Coburn escorted the prisoner. into Judge Groff's private room, where she remained until the journal had been read and the docket called. The other judges than departed to their various chambers and most of the crowd followed them. Consequently, very few remained in the large room when the prisoner made her appearance. Very soon, however, it became known about the building and the throng hurried back.

The lady came in leaning on the arm of Sheriff Coburn and was given a seat by her attorney, General Cowin. She made an attempt to appear composed and cheerful. Her effort at first, displayed itself in a pleasing smile that illumined her features for a moment, but quickly gave way to evidences of the mental struggle which was apparent to every observer. She was dressed in a fashionably made costume of heavy black material, and from a small bonnet that covered the back of the head hung in sweeping folds, nearly to the floor, a widow's mourning veil. Miss Biechler is not a handsome woman, yet, in her appearance seems to linger something of the feminine sweetness and modesty calculated to attract attention and win admirers. Her life in jail would not seem to have had a depressing effect. When incarcerated she was, of course, almost prostrated. But long rest, excellent fare and regular hours have been beneficial to her constitution. Those who expected to see an emaciated form, haggard and wan features were greatly disappointed. She may be somewhat thinner than before confinement, but her face, even though it wears the paleness consequent upon prison confinement, is full, round and rather bright. Smoothness of the skin is marred by a few red blotches about the temples and forehead, but these were revealed only on close inspection. She was crowned with a generous growth of auburn hair done up in the latest fluffy style of bangs.

While County Attorney Mahoney read the information, charging the prisoner with the murder of Henry W. King, jr., she sat with elbow on the chair-arm, hand resting against her head, and eyes cast down.

When he had finished Judge Groff asked her to stand, to which request, with a very quick movement and an eager strain, she complied.

"To this information," continued his honor, "do you plead guilty or not guilty?"

"Not guilty," answered the prisoner, while General Cowin was trying to say, "Wait a minute."

"Before that plea is entered," said he, "we wish to file a misnomer, stating that the accused's name is Elizabeth King, and not Elizabeth Biechler."

The following is the substance of the document: That Elizabeth King, informed against as Elizabeth Biechler, alleges that her name is Elizabeth King and not Elizabeth Biechler; that she is and for years has been known as Elizabeth King. This was sworn to by the defendant.

This proceeding, however, will not make much change in the trial. It simply places her in the cast of a double role, and Judge Groff ruled that she will have to be prosecuted under both of the names. The statute with reference to misnomer reads: That if the accused shall plead in abatement that he is not indicted by his true name, he shall plead what his true name is, which shall be entered on the minutes of the court, and after such entry the trial and all other proceedings on the indictment shall be had against him by that name, referring also to the name under which he is indicted, in the same manner in all respects as if he had been indicted under his true name.

Judge Baldwin has been called into the case and will assist General Cowin.

The prisoner was taken from the court back to Judge Groff's private apartment, where she held a brief consultation with her lawyers. Sheriff Coburn led her to the little cell, where she must remain at least one month before her trial commences. The lawyers say they cannot be ready before twenty-five days and possibly not until the 1st of April.

The little woman expressed herself as feeling glad that the time is drawing near for her cause to be heard. When she stepped out of the jail, this morning, her first exclamation to Sheriff Coburn, after taking a long breath, was:

"Oh, isn't this fresh air perfectly delightful!"

"I never saw any person who seemed to feel so good," said the sheriff, "all the time we had her out." As he led her through the halls back to jail she smiled as though in a happy frame of mind and chatted pleasantly with him.

The cases before Judges Wakely and Hopewell, Greely against the city and Peterson vs the Union Pacific road are still on trial.

Judge Doane and a jury are laboring with the case of the Omaha Lithographing and Stationery company against George Simpson.

The case of John W. Kelly against R. R. Stewart was appealed from the county court yesterday. Kelly sued for $253 for labor performed.

A jury was empannelled in the case of Sally Lowe against the City of Omaha yesterday afternoon before Judge Wakeley. There are three actions. One for $20,000 damages, and the other two are appeals from appraisers of property. The amount involved in the suits is about $50,000, sued for on account of alleged damage to property by reason of grading Harney, Sixteenth and Seventeenth streets. The jury visited the premises and the case will be tried this morning.

No criminal cases will be tried before Judge Groff to-day. The first case to be called to-morrow morning is that of Charles Johnson, who is charged with assaulting one of the Pinkerton detectives last fall.

New Suits.

The Bank of Omaha commenced suit yesterday against A. R. Lower for $800, borrowed by him on a promissory note September 6, 1888, and which, with the exception of $200, as alleged in the petition, has not been paid. It is set forth that Lower gave the bank as security for the payment of this note, sixteen shares of stock in the Hydraulic Drain Tile company, of which he was then president, but failed to endorse them; consequently they are valueless.

Filings were made in the case of John W. Kelly vs. R. R. Stewart, on an appeal from the county court.

County Court.

Mrs. Isabella Whitmarsh was yesterday appointed administratrix of the property of her late husband, John W. Whitmarsh; also, guardian of their three children.

In the case of Disson vs Frand, Judge Shields rendered judgment in favor of plaintiff for $650.31.

Daniel Burr commenced suit in the county court against the defunct firm of Manning & Hess to recover $175 on a promissory note.

The case of August Dall against Henry Lehman and others, to replevin some household goods, was taken up yesterday afternoon by Judge Shields.

United States Court.

Attorney H. H. Wilson, of Lincoln, applied in the United States court yesterday for a writ of injunction restraining the sale of lands in Bennett, Lancaster county. It is directed to the sheriff and one Timothy Austin, and dates back to 1886, when the supreme court entered a decree by which the property was held free from the lien of the debt now claimed. In 1887 the complainant, Francis M. Lockhard, of Norton, Kansas, purchased the land innocently, and while this decree was in force, but in 1888, the supreme court upon application modified its former decree, and under this modification the lands were held liable for the old debt and ordered to be sold by the sheriff. Lockhard has, however, applied for an injunction.

Van Etten Again.

Attorney David Van Etten has filed motions and affidavits for a change of venue in all the cases in which he is directly interested now pending in the district court. He maligns the four district judges, claiming that he can not get justice in the court, for the reason that that they are embittered, biased and prejudiced against him. He wants to take the cases to another district.

A Clerical Error.

James P. Murphy, a stamp clerk at the postoffice, was arraigned before Justice Morrison yesterday on the charge of assault and threatening to shoot Owen McKee, a clerk in the Bank of Commerce. Murphy took a change of venue to Justice Read's court, where the case will be tried Saturday.

SWEDISH RELIEF.

What the Ladies' Relief Society is Doing for the Poor.

The Swedish Ladies' Relief society, which was organized in this city last fall for the purpose of assisting the poor, is now doing very active work, particularly among the poorer classes of Swedes and Norwegians. There are fifteen families dependent on the ladies for support, and these families comprise fifty-eight individuals. In some cases the society pays the rent for sheltering the homeless. One poor woman, who is suffering from an aggravated ailment in one of her hands, is now at the Clarkson hospital undergoing an operation, and her expenses are paid out of the relief fund. The poor call every other week at the residence of the treasurer, Mrs. Gustave Anderson, and their cases having been investigated by a committee, they receive groceries of various kinds and such other support as is found to be necessary.

The society's funds have been raised by the ladies themselves, and their last masquerade ball at exposition hall netted them $355.95.

It is gratifying to add that this institution, which is doing this noble work, gives evidence of permanency. The ladies will prepare themselves better for the wants of the poor for next season, and, counting upon their activity already displayed, they will succeed. The society is already ranking very high among the charity associations of this city.

As a Nerve Tonic

Use Horsford's Acid Phosphate.

Dr. S. L. Williams, Clarence, Ia., says: "I have used it to grand effect in a case of neuralgic fever, and in uterine difficulties. Also, in cases where a general tonic was needed. For a nerve tonic I thing it is the best I have ever used, and can recommend it most confidently."

Will Close at 6 p. m.

Mr. N. B. Falconer has decided to close his dry goods establishment Saturday nights, and attributes the move to his sympathy with the efforts that have and are being made by the associations of laboring men toward the shortening of work days. He says he fully understands that the loss of Saturday night shopping will fall heavily upon him for the present, but that he does not doubt the early co-operation of other merchants in the city.

Axes to Grind.

Storekeepers and druggists with private "axes to grind," although well aware of the superiority of SOZODONT to all preparations for the teeth, sometimes recommend other articles as "equally good" or "the same thing" or "superior." Insist on having SOZODONT.

WANT BRICK AND IRON TOO.

Report of the Committee Touching the County Hospital.

SOMETHING LIKE COMPROMISE.

The Two Materials to Be Used About Equally—Mr. Shane is Exonerated From All Blame.

The Committee Reports.

Harry Lowrie, Henry Voss, architects, and J. F. Coots, contractor and builder, the committee selected by the county commissioners to inspect the new county hospital, visited the building yesterday.

The principal object of the inspection was to enable the committee to decide whether the arches in buildings Nos. 1, 2, 3 and 6 should be of corrugated iron or brick, the general contractors asserting that the former material should be used and the iron contractors the latter.

The committee, accompanied by Commissioner O'Keefe and the contractors, Ryan & Walsh, went carefully over the structure. In what is known under the plans as buildings 1, 2 and 3 the necessity of arches of either one or the other material being immediately put in was apparent even to an unpracticed eye, this being particularly true of building three, where the east wall of the corridor has sprung considerably.

In building 6 the need of arches is nearly as urgent; in fact, in all of the buildings they should have been put in long ago.

The plans and specifications are not definite in denominating the material to be used in the construction of the arches, but in the specifications the material to be used in the work in question is fixed by a paragraph to the effect that the ceilings of all rooms and corridors of buildings 1, 2 and 3, shall be of plaster, and a plaster cement be put upon iron, brick was evidently intended to be used. Another paragraph to the effect that the ceilings in building number 6 shall be painted, makes it fairly clear that iron arches are expected to be used here.

It was the unanimous opinion of the committee that the building is a strong one with the exception of the omission of these arches, and as it is, no harm that cannot be remedied by immediate action has been done.

The committee held a consultation at the court house upon its return, after which I rendered the following report:

OMAHA, Neb., Feb. 27, 1889.—To the Honorable Board of County Commissioners of Douglas County, Nebraska: Your committee appointed to arbitrate upon certain points of difference which have arisen in connection with with the construction of the Douglas county hospital is of the opinion that according to the plans and specifications submitted to us.

First. That the first and second story floors of No. 1 building, as also the ceiling of the second story (excepting those in the tower) of all rooms and corridors to be constructed of brick arches. The second story floor and ceiling to be corrugated iron arches in tower.

Second: That the second story floor and second story ceiling of all rooms and corridoas in ward buildings No. 2 and 3 are to be constructed of brick arches.

Third: That the second story floor and second story ceiling of No. 6 building are to be constructed of corrugated iron arches, excepting the corridors of said building, including bath room, which are to be of brick arches.

Fourth. That in our opinion, after visiting the building and carefully examining the same, we find that Mr. Daniel Shane, as superintendent of the building, was in no way delinquent in his duty in leaving the roof in its present condition; said roof being in no danger from a wind storm. Respectfully submitted,

HENRY VOSS,
HARRY LOWRIE,
JOHN F. COOTS,
Committee.

CUPID'S CONQUEST.

Signalized in a Pair of Fashionable Weddings Yesterday.

At high noon yesterday, at the residence of the bride's father, 2207 Dodge, Miss Mary A. Lake was united in marriage to Mr. Charles L. Deuel. Dean Gardner, attired in sacerdotal robes, pronounced the sacred words that made the pair man and wife.

The parlors of the residence were beautifully decorated in honor of the event with smilax and roses, and the room in which the ceremony took place was lighted with wax tapers. A number of friends of the contracting parties was present. Irvine's orchestra almost hidden in a recess, announced the approach of the bridal company with Mendelssohn's beautiful wedding march. The ceremony was in the impressive ritual of the Episcopal church, and the bride wss given away by her father, Judge George B. Lake. She was attired in a heavy white faille silk with moire drapery, a veil of white tulle, pearl necklace and natural flowers. The couple was an unusually handsome one.

Congratulations and an informal reception followed, during which elegant refreshments were served. At 3:45 p. m., the newly wedded pair left on the Wabash for a month's wedding trip. They go first to St, Louis, and thence by boat to New Orleans. The greater part of their time will be spent in the south. On their return they will visit in Chicago. After April 1 they will make their home at 2207 Dodge street. Both the bride and groom are well and favorably known in Omaha. The bride is the daughter of Hon. George B. Lake, ex-judge of the supreme court, and one of the oldest attorneys in Omaha. She has the reputation of being one of the most popular young ladies in the city. The groom is a rising young business man, and son of Henry P. Deuel, the veteran ticket agent now with the Union Pacific. He holds the position of corresponding clerk of the Omaha National bank, to which he has risen from the position of office boy.

Creighton-Dougherty.

Yesterday at 9 o'clock a. m. in the church of the Holy Family, corner of Eighteenth and Izard streets, Miss Clara Creighton, daughter of John D. Creighton, was married to John M. Dougnerty. The cozy little church was filled with worshippers and friends of the bride and groom. The bridal party occupied seats especially prepared for it in the transcript, the bride and groom being opposite the entrance, over which a floral arch had been erected. The bride was attended by her sister, Katie Creighton, and Miss Sady Nash, and the groom by Mr. Charles Ogden and Mr. Harry Burkley. Solemn nuptial high mass was celebrated by Rev. R. A. Shaffel, S. J. and as deacon Rev. Jos. F. Rigg. S. J., professor of chemistry at Creighton college, and as subdeacon by Rev. F. Koopmans, S. J., assistant pastor of the Holy Family church. The ceremony was performed by Father Shaffel. The choir was strengthened for the occasion, the mass sung being by Farmer, with an offertory solo by Jules Lombard. After the ceremony the party repaired to the residence of the bride's parents, 1918 Cass street, where a reception was held. Mr. and Mrs. Dougherty leave to-night on a bridal trip to California. They will be at home at above number after April 1. A detailed account of the nuptials is reserved for SUNDAY'S BEE.

If you've got a pain or ache or a bruise, Salvation Oil will reach the case instantly. Price 25 cents.

Attention Voters—By resilution passed by our legislature, all good citizens are requested to use Dr. Bull's Cough Syrup and recommend same as the people's remedy for coughs, colds, etc. 25 cts.

Death of Mrs. M. B. Roemer.

Mrs. Minnie Roemer died yesterday morning a 10:50 o'clock at the residence of Dr. L. A. Merriam, 966 Saunders street. Her death was occasioned by the accident on Sixteenth and Davenport when she was thrown out of her buggy by collision with a farmer's wagon. Her skull was fractured but the fact was not developed until a few days ago. Mrs. Roemer was the wife of Charles O. Roemer, sister of Dr. Merriam with whom, for years, she has made her home. She was twenty-one years of age. The funeral will take place at 10:30 on Friday next. The remains will be conveyed to Ceresco, where the mother of the deceased resides.

The governor of Iowa has ordered the civil and military authorities of the state to prevent the spread of diphtheria. It would be more effective to use Dr. Jefferis' Diphtherin Preventive and Cure, which renders this destructive pestilence non-contagious. Mortality under Dr. Jefferis' treatment during the last twenty-five years has averaged less than 1-10 of 1 per cent, or one in a thousand; malignant scarlet fever none. No physician required. The remedy will be sent by express on receipt of price, $3. Address Dr. Jefferis, box 657, Omaha, Neb.

On Account of the Poor.

Notices were sent out by County Clerk Roche informing certain parties of their indebtedness to the county for maintenance of friends at the poor farm. These notices show that Thomas Muicahey owes $891 for his son, Joseph; Mrs. Thomas Burke, $750 for her brother Timothy; Peter Sharkey, $810 on account of his brother Richard; Peter Christianson, $819 for his son Ras; Morris Sullivan, $112.25 for his sister Mrs. Donohue; Mr. Lorenzon, $198, for his daughter, Katie; John Bellorie, $211.50, for his wife, Emma; George W. Rogers, $1,068, for his father, Samuel; Mrs. Sylvester, $486, for her son, Curtis; Edward Dwyer, $540, on account of his mother.

These notices were ordered by the county commissioners, who propose, it is said, to collect the amounts named.

Beecham's Pills act like magic on a weak stomach.

The Emigrant Traffic.

It is stated that the contract entered into by which the Union Pacific relinquished the operation of the emigrant and second-class sleepers to the Pullman company has begun to react. It is said that at the time Pullman negotiated the deal with the Union Pacific he was making similar negotiatons with the Manitoba and the Northern Pacific also to Atchison, Topeka & Santa Fe. It was thought that all the pending negotiations would be effected in this light and consequently the Union Pacific and the Santa Fe turned over their second-class accommodations to the Pullmans. It now transpires that the deal with the Northern Pacific in this respect has fallen through, and in consequence fully sixty-five per cent of all the through emigration of this class is carried by the Northern Pacific. The Union Pacific and the Santa Fe are said to be making a vigorous protest against the movement on the part of the Northern Pacific, but as yet no arrangement in a remedial light has presented itself. It is stated however that the Pullman company has agreed to carry out if possible the same negotiations with the Northern Pacific, as it has effected with the Union Pacific and Santa Fe.

Charge of Discrimination.

J. A. Monroe, general freight agent of the Union Pacific, has returned from Leavenworth, where he attended a meeting of the state railway commissioners and representatives of the Kansas roads. The conference was brought about at the instigation of the latter for the purpose of hearing complaints against the roads that were charged with discriminating against Leavenworth by charging a greater rate on coal, pro rata, shipped from that city, than that shipped from Kansas City and other points in Missouri to places west in Kansas. Mr. Monroe states that nothing definite was accomplished and that an adjournment was taken to March 5, at which time another meeting will be held at Leavenworth.

To Build More Feeders.

The Union Pacific has sent out two surveying corps. One of these has been placed at work on the Cheyenne & Northern for the purpose of surveying a line between the terminal and Buffalo. The other is at work on a series of spur lines from the main line through Carbon county thereby reaching the coal fields and giving an outlet to the chief product of that section. The roads in both instances will be constructed this year.

More Fast Service.

It is pretty generally understood that all the Kansas City lines will in a short time put on fast trains between Chicago and that place. This move it is stated has been made because the Northwestern and Burlington run fast trains to Council Bluffs, while only the Alton runs to Kansas City.

Railroad Notes.

General Freight Agent Munroe, of the Union Pacific, has returned from a business trip to points west and south.

Robert Law, of the Montana Central, who has been in the city for several days arranging matters in connection with his road, left for home Thursday night.

The Golden Gate special on the Union Pacific went west yesterday with forty-seven passengers, the largest number that has been obtained since the train was put on.

C. E. Yates, superintendent of telegraph of the Burlington, has been in the city.

The Sioux City express was one hour late, occasioned by a delay in connections with the Omaha train at Sioux City.

The Union Pacific has commenced laying a side track from the yards to the old nail works.

How's Your Liver?

The old lady who replied, when asked how her liver was, "God bless me, I never heard that there was such a thing in the house," was noted for her amiability. Prometheus, when chained to a rock, might as well have pretended to be happy as the man who is chained to a diseased liver. For poor Prometheus there was no escape, but by the use of Dr. Pierce's Pleasant Purgative Pellets the disagreeable feelings, irritable temper, constipation, indigestion, dizziness and sick headache, which are caused by a diseased liver, promptly disappear.

Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind,—one or more, and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his RADICAL CURE has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppresive symptoms, clearing the head sweetening the breath, restoring the senses of smell, taste and hearing, and neutralizing the constitional tendency of the disease towards the lungs, liver and kidneys.

SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and IMPROVED INHALER; price, $1.
