Melted Ice.

Tuesday afternoon about 4 o'clock Hammond's ice house was found to be on fire. The fire department was helpless as there were no hydrants near the place. A locomotive with a tank full of water came to the rescue and the flames were extinguished after \$50 worth of damage was done.

An escaped lunatic from the hospital for the insane at Lincoln was at the Webster street depot yesterday. His name is James Gibson. He was formerly a news agent on the Elkhorn road. He was sent to the asylum two months ago, but has escaped two or three times.

Arrests Decreasing.

Sherman Avenue as a Drive.

It has been rumored that the motor line company intended to construct a track on Sherman avenue. The rumor created a great deal of excitement among property owners and residents of the central part of the city, and several of them made inquiry as to the reliability of the information. All were opposed to the innovation and said they would oppose it to the last. It seems that Sherman avenue is to be preserved as a driveway and that a street car line will not be built on that avenue without the consent of three-fifths of the abutting property holders.

ST. PATRICK'S DAY.

It will be celebrated at the Cathedral and by a Procession and Concert.

The National holiday of Ireland will, this year, be celebrated in Omaha in a manner keeping with the patriotism of Ireland's exiled children and their strong hopes of an early recognition of their country's independence.

The celebration is being arranged and is under the auspices of the A. O. H. The committee in charge is untiring in its efforts to make next Sunday the seventeenth of March, in Omaha a day to be remembered with pride by every Irishman. Boyd's opera house has been engaged for the occasion and a specially select programme is being prepared.

The following is the order of the day's observance: At 9 a. m. the members of the society will meet at their hall and march to St. Philomena's cathedral to attend 10:30 o'clock mass. The services will be on a scale appropriate to the occasion. Professor Schenck, whose ability as an organist as displayed on last Christmas day is remembered with pleasure, has kindly consented to preside. The choir will render Mozart's masterpiece, "The Twelfth Mass," with Lieutenant Kinzie, Mr. Jules Lombard and Dr. E. J. O'Keefe, soloists. The choir will sing "Tantum Ergo" (duet) by the organ and the choir. The offertory will be sung by Lieutenant Kinzie and Dr. Arnold during the offertory. The panegyric will be pronounced by Rev. P. F. McCarthy.

After service, a procession will form on Ninth street and parade the principal streets, returning at 1:30 p. m. to the hall where dinner will be served to the visiting delegations from South Omaha, Council Bluffs, Atlantic, Dunlap and other Iowa cities. In the evening, the various divisions will assemble at 7 o'clock in the hall, and march to the opera house at 8 o'clock. The programme and exercises will be of a superior kind. The ladies and gentlemen of St. Philomena's choir have kindly undertaken the preparation of the programme and the efforts to make this memorable event an untiring and are sure to be attended with success. The chorus of soloists will be rendered. It is so arranged that only Irish music will be introduced.

The committee extends a cordial invitation to the citizens generally of Omaha to be present on the occasion. Speakers of ability will deliver addresses and an enjoyable time is assured.

The programme in detail will be published in all the Sunday morning papers.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

MOUNT'S LIBERALITY.

He Will Favor Reporters Investigating the County Poor House.

Commissioner Mount was a pale and angry looking man yesterday when asked what he had to say in reply to the statement of Theodore Gallagher, that it was useless to go before him with complaints without an accompanying money consideration.

"All I have to say is that there may be greater liars than Mr. Gallagher, but he makes a very absurd and foolish statement in the beginning of his interview about being afraid that we would cut up his property by running roads through it and thus increasing his taxes. He ought to know that the commissioners have nothing to do with laying out roads within the city limits of Omaha, and ever since I came here, Gallagher's property has been outside our jurisdiction. Let somebody come in and make complaints to the board and let that way, ascertain whether the board will consider them."

Commissioner O'Keefe said that a committee will be appointed to investigate matters at the poor house, but he thinks there ought to be a committee of citizens to assist the commissioners.

"I am in favor of a reporter from each of the papers having a hand in it. They will be there anyway and might as well have the authority to send for witnesses and ask questions."

At that moment Mount walked into the room and O'Keefe asked:

"What do you think of that scheme?"

"What scheme?"

"Of letting the reporters in on this investigation?"

"I am in favor of letting them in on everything and having the fullest investigation that can be had."

Woodruff Granite Quarry.

I am prepared to furnish Woodruff granite in paving blocks, door sills and steps, or blocks of any size and dimensions at cheap figures. Also handle all my Lincoln yard all classes of cut stone for any part of the state. Ask for figures. Thomas Price, Lincoln, Neb.

Will Reopen the Charts.

"We are going to have another railroad bridge over the Missouri," said a gentleman a few days ago, and then immediately left for the east.

John A. McShane was questioned upon the subject of another bridge and said that, as far as he knew, no new bridge had been decided upon. Several weeks ago, however, it will be remembered, a committee of members of the board of trade, with representative citizens, was appointed to confer with the railroad companies with a view to erecting a union depot and another bridge at this point. M. A. Upton was one of the members of the committee. He told a reporter that in about three weeks he would have something to disclose that would be of interest, but that the committee had promised the railroad companies to say nothing in regard to the negotiations.

Mr. McShane stated that he still held charters for two bridges of different styles at this point. The charters were secured in the interest of the Nebraska Central railroad, and provided in one case for the erection of a wagon, and in another case for a combined railroad and wagon bridge over the Missouri. These charters, he said, he would be willing to give to any combination of citizens or railroads who might be disposed to build a bridge at Omaha free of charge.

THE GREAT ART SALE.

Of Interest to All Who Wish to Decorate Their Baro Walls.

The demand for etchings, engravings, water colors, elographs, chromos, and artotypes advertised in THE BEE on Sunday by A. Hospe, has been far beyond any gentleman's expectations. All this week he is selling 25 per cent off the amount purchased and it is certainly a drawing card.

Monday and yesterday customers flooded his art store at No. 1513 Douglas street, many customers being from surrounding localities.

Mr. Hospe has been established fifteen years in Omaha, and when he advertises 25 per cent off he gets a big trade—as the public knows that it gets the best grade of goods and their dealings are always agreeable.

In picture frames A. Hospe can't be excelled and his prices are always the lowest.

His is an exclusive art store in the strictest term and Mr. Hospe personally attends to the trade.

His 25 per cent off sale continues this week only.

ZIMMER'S BERTH.

He Gets Nearly a Thousand Dollars for Warming a Chair.

This agitation of the loose manner in which county affairs is being conducted by the board of commissioners is beginning to show upon some of the members. Mount may be said to be in a state of irritation, which must soon lead to an explosion.

Yesterday O'Keefe was putting in his time looking over the voucher records and checking off such accounts as he thinks have any appearance of irregularity.

A new feature of the general controversy comes out now in the inquiry concerning the employment of a man by the name of Zimmer, who attends the drug store and draws from the county for his services \$25 a month besides 25 cents in a chair nine-tenths of his time doing nothing, some people wonder how the commissioners can pay out \$250 a year for such service. O'Keefe says he was employed as an assistant to the expert accountant, with an understanding that two hours a day, one at noon and one in the evening should be devoted to the drug store. Since last fall, however, he has not been doing anything in the accountant's office.

The estate is valued at \$200,000, and this snug little fortune is left to two daughters, the only survivors of the family. There is \$50,000 in cash in the estate and the balance of the fortune is in Omaha realty. WEEKLY WEAK MEN ONLY. Dr. A. N. Bell, Editor of the Sanitarian, New York, writes: "Pearline has gained special ascendancy in my household and in many others to my knowledge, for cleansing flannels. Your own directions for its use are those we abide by: 'Wash flannels by hand in lukewarm Pearlina suds; rinse thoroughly in warm water; wring dry (by pressure through clothes wringer); pull and shake well; dry in warm temperature and they will keep soft without shrinking.'"

As one wash is sufficient to ruin flannels, great care should be exercised as to the many imitations which are being offered by unscrupulous grocers or peddlers. PEARLINE is never peddled. JAMES PYLE, New York.

TELLING FIGURES are the argument we have always used to influence trade and these telling figures have always brought us the customers, and we will always depend on them for the biggest share of the clothing trade. Our business has been built up on the plan of low prices and we mean to continue on the same plan. Our stock this season is unlimited and this gives the buyer unlimited choice. We display hundreds of styles of spring suits. Here are a few of the bargains we start the season with— One lot of nice all wool Cheviot Suits, lined with good farmer's satin, at \$4.75. This is an honest suit, well made. At no time has such a suit been sold at less than \$7.50.

One lot of really nice cassimere suits, a neat dark mixture at \$5.90. This suit is lined with good serge, made substantially and we recommend it for excellent wear. We have always had the reputation for the best line of well-made medium priced suits—say at \$8, \$9 and \$10. Knowing that the great majority of customers prefer that price, we have always taken pains to give the greatest possible value that could be put into a suit at that price. The line of \$8, \$9 and \$10 suits which we display this season is far ahead of anything shown formerly. We unhesitatingly claim that with every suit you buy of us at that price you save at least from \$5 to \$6. We have this season added to our line of \$10 suits an extraordinary bargain in the shape of a splendid corkscrew suit. The material is all worsted and of very fine quality, lined with best farmer's satin. We have them in sacks and frocks, all sizes, from 35 to 42. The suit is of good weight and will make an excellent dress suit. At ten dollars we pronounce it the greatest bargain ever offered, and we guarantee it is in every respect as good as any suit for which our houses are asking \$16 or \$18.

Price means nothing until you see the goods. We want every careful buyer to take time to examine our garments and note every detail of lining, trimming and finish. MAIL ORDERS—Receive prompt attention and we send samples and rules for measuring on application. Nebraska Clothing Company Corner Douglas and Fourteenth Streets, Omaha.
