James Riley, a former resident of this city, died Wednesday at Norfolk, Neb. The remains arrived in Council Bluffs last evening, and were interred in Fairview cemetery.

The beautiful decorations exhibited in the windows of the Boston store and the Council Bluffs Carpet company attract great attention. They are fine pieces of artistic window dressing.

It is stated that the morning service of the electric motor line is to be improved by the addition of four trains. This will require a twelve minute service. The change will take effect at once.

The funeral of John Schwarz took place at 2 o'clock yesterday afternoon from the residence, 611 Broadway. The deceased died Wednesday morning of pneumonia, and was in his eightieth year.

The benefit ball to be given next Saturday evening at Masonic temple by the A. O. H. should not be forgotten by the lovers of temperance festivities, as it will be an enjoyable affair. The proceeds are to be devoted to St. Bernard's hospital.

Branches of the A. O. H. from Vail, Dunlap, Atlantic and Denison will join their brethren in the annual convention, and will leave the Northwestern depot for Omaha at 9:30 o'clock. They will go over the electric motor line.

The proof of the advertising matter for the state fair has been received, and the matter itself will be here in a short time. It is also stated that the railroad companies have finally given the rates desired, which is one fare for the round trip.

An alarm from box 23 called the fire department to the corner of Twenty-third and Broadway about 1 o'clock yesterday afternoon. Carelessness in filling the tank of a gasoline stove was the cause of the blaze. It was extinguished without much difficulty before the arrival of the department. The loss was merely nominal.

On Wednesday evening last Mr. James M. Dunn concluded his temperance work in Council Bluffs. This series of meetings was one of the most successful ever held in the city. Nearly eleven hundred names were added to the pledge, nearly two hundred of whom were previously drinking men. Mr. Dunn leaves to-day for Missouri Valley, in which place he will engage in the same work.

Mr. E. C. Smith, general agent of the New York Life Insurance company presents some interesting facts for the consideration of the fair readers of this issue. During the past year 33,000 policies covering \$125,000,000 have been issued. This makes the total number of policies issued since the company was organized over 1,000,000. It has paid over \$17,000,000 to its policy holders. See the statement of the company published in another column.

A vast amount of building is being done in the city, quite a large proportion of which is going up in the new Council Bluffs. MADE A BIG HAUL. Schemer Post Gets Away With Lots of Money.

CHICAGO, March 14.—[Special Telegram to THE BEE.]—Further inquiry into the affairs of Alfred Post, the "freight claim bureau" gentleman whose financial exploits have been mentioned, shows that he not only succeeded in getting shrewd business men interested in his scheme, but got them into it deeply. It is claimed that his biggest victim is one of the shrewdest capitalists in Chicago. Albert A. Munger, the grain elevator man, and the attorneys who have been investigating the affair, assert that Post secured from this gentleman alone nearly \$100,000. Two or three other well-to-do business men are known to be interested in Brother Post's whereabouts to the extent of from \$7,000 to \$10,000 each, and the number of small fry is not known. It is now learned that in addition to his elegant apartments on Michigan avenue boulevard and his magnificent private stable, Post has for years past lavished jewels and fine clothing on his pretty typewriter artist, and as she has not been seen since he left the city it is deemed certain that she accompanied him. His wife has gone east.

A TIP TO THE GOVERNMENT. Suggestions on a Foreign Policy From a Minnesota Legislator.

ST. PAUL, March 14.—In the state legislature yesterday a resolution was introduced relating to the foreign policy of the general government. The resolution declares that the general government should adopt a vigorous foreign policy; that the United States should compete for the commerce of the world; that money should be appropriated for the constant construction and operation of steamship lines. It was also resolved that the sea-coast fortifications should be strengthened and multiplied; that the rights of the United States should be religiously preserved, and that there is cause for deep solicitude with regard to the acts of the German empire in the matter of Samoa affairs, inasmuch as the blows of the German seem to be aimed at the commerce of the United States and not at the savages and the Samoan islands. The representatives of the state in congress are instructed to use their influence in carrying out the suggestions of the resolution.

The New Eldorado. Los Angeles, Cal., March 14.—[Special Telegram to THE BEE.]—It is believed from stories of old prospectors who have come back from the new mining region for supplies, that the adverse stories sent out from San Diego a few days ago are without foundation. The prospectors assert that the diggings are rich. Two steamers sailed yesterday from San Diego to Escondido loaded to the guards with miners and prospectors. Governor Torres telegraphed the Mexican secretary of war yesterday that the Mexicans are hurrying to the mines. Some of the Mexicans have endeavored to prevent Americans from locating certain claims they wish. A conflict is feared daily as the Americans express contempt for the "gringos" and profess to work where the best washings and diggings are.

Sniped Under False Colors. Cleveland, O., March 14.—[Special Telegram to THE BEE.]—Nearing twenty years ago a well-bred German came to Cleveland, and soon took a prominent place in German society and prospered, and Mr. and Mrs. William Schuetzmann became known in many German organizations. Yesterday they disappeared and with them their two children. The cause of their flight is the fact that Schuetzmann's genuine wife and grown-up son had learned of his prosperity and location, and the latter had come to America on a steamer, and had learned of Schuetzmann and the woman with whom he lived coupled and left Germany in 1869.

Weakness on the Bourse. Paris, March 14.—The bourse is weak owing to a rumor that three directors, including the governor of the Bank of France, have resigned. Comptoir d'Escompte shares are quoted at 100 francs and Rio Tinto at 326 francs 25 centimes.

WALKER BLAINE HELPS HIS FATHER. WASHINGTON, March 14.—Eugene Schuyler, the nominee for assistant secretary of state, is at present in Italy and is not expected to arrive in Washington for at least a month. Meanwhile, Walker Blaine, whose nomination as solicitor of the state department was confirmed yesterday, is acting as assistant secretary.

Will Have to Cut Bait. Gloucester, Mass., March 14.—Reports from New Foundland say the issue of licenses to American vessels for the purchase of bait and other necessary outfit will be refused this season and that the government will continue to refuse to issue licenses in this policy. Fishermen who have recently returned from Fortune and Placentia bays say cutters are already patrolling the coast and that every port is strictly guarded so that no violation of the bait act can be accomplished.
