

THE CITY.

Collections of internal revenue yesterday were \$5,936.84. J. M. Stevens has disposed of his cigar stand at the Windsor to H. W. Rust.

The ice on the overhead wires of the Electric Motor line delayed the cars three hours yesterday morning.

A coil of copper wire for the overhead motor line waiting to be stretched south on Twelfth from Douglas.

There are now seven policemen on the sick list, the latest recruits being Officers Frank Robbins, George Benson and C. H. Monroe.

Last night the Unity Shakespeare club met in Unity Church, and the evening was devoted to the reading of acts 2-3 of the play Henry VIII.

Yesterday the register of deeds turned over to the county treasurer \$7,398.05, a balance remaining in his hands at the close of his first year in office.

A man named Johnson, who lives on Sixteenth street, was arrested for keeping a vicious dog. He will plead for his pet on March 21 before Judge Berka.

About forty Knights of Honor from this city and South Omaha went to Fremont Thursday night and were accorded a royal reception by their Fremont brethren.

Arrangements were completed yesterday p. m. for the removal of the old city hall building to make way for the Commercial bank. It must be torn down prior to May 1.

Dan Campbell stole a coat from a dummy in front of a Sixteenth street store, but won't have a chance to wear it for thirty days. Judge Berka sent him over the hill.

It is complained that the sidewalks on the south side of Cumming, between Sixteenth and Seventeenth streets, and on Seventeenth, between Nicholas and Izard, are in a dangerous condition.

The Electric Motor company has been granted permission by Chairman Balcombe to construct a line on Burt from Thirty-fourth to Thirty-sixth, and on Thirty-sixth from Burt to Cumming.

The Havlicek case was up in the police court again yesterday afternoon. This time Anna Havlicek charges her husband, John Havlicek, and her brother Joe and sister-in-law Mary with assaulting her.

Ollie Davis, a deaf and dumb youth who ran away from the institute at Lincoln a few weeks ago, was caught by the police at the Union Pacific depot last night and was returned to the institute yesterday.

Owing to inclemency of the weather, the test of the McLaughlin chemical motor announced for yesterday, was postponed. Mr. McLaughlin has been suffering from lung trouble and did not care to expose himself to such a damp day.

Personal Paragraphs. Thomas Gaal has returned from Ireland, where he has been spending the winter among his Waterford friends.

To-night M. V. Cannon leaves for St. Louis, where he will represent Omaha in the St. Patrick's day celebration. He is billed to respond to "The Day We Celebrate" at the banquet of the St. Louis Knights of St. Patrick.

Funeral Notice. The funeral of Thornton T. Rodgers will take place at 2 o'clock at Trinity church. Friends invited.

MOUNTS A DAISY.

The Poorhouse Must be Investigated. But Not the Vault Steal. Commissioner Turner waited early into the county headquarters yesterday and boldly informed Commissioner Mount that he strongly favored an investigation into the poor farm management.

"So do I, so do I!" responded the latter. "I am always in favor of an investigation where wrongs are suspected to exist."

Thursday evening Tim Brennan met Mr. Mount casually on the street, and had a long talk with him about the various matters over which the board has been wrangling.

He protested vigorously against being held up to public scorn and criticism on the ground that any of his official actions had been performed with other than conscientious motives.

"The vault controversy, of course, has involved the board," but said he "there is no use discussing that now. It would simply be repeating something that has already been published half a dozen times."

When O'Keefe made the motion to have a special investigation committee appointed, with power to employ two experts, I expressed my hearty willingness that such action be taken.

He pointed him chairman of the committee. It was understood then that two experts should be employed. Afterwards, O'Keefe said to me he thought they ought to have three, which would give each member of the committee an opportunity to pick his own man.

He even stated that so far as I was concerned, they could choose two apiece. It is my understanding that Turner and Anderson spoke to Speech and Anderson. They agreed to serve at first, but Speech gave notice that he could not come until after the legislature adjourned.

Since then they have backed out. Turner has a letter from Speech asking to be excused. If O'Keefe has engaged the services of anyone, I don't know it.

In referring to the employment of Zimmer at \$83.33 a month to compound prescriptions, Mr. Mount, with perceptible evidences of pride said that he had been in the county drug store as his own creation, the idea having been suggested in a talk had with Dr. Keogh soon after becoming commissioner, and he believed that in the past year fully \$2,000 had been saved.

The store was put in about one year ago and it is said that Zimmer has filled over 5,000 orders for medicine. The claim is made that so much of his time, especially since the winter set in, has been consumed in waiting on the poor, that it is actually impossible for him to be up stairs working with the expert and run down to the basement every few minutes for the purpose of putting up prescriptions.

Finally the board concluded that Superintendent Mahoney, of the poor farm, was putting in too much of his time at the poor farm, and that the board ordered Zimmer to assist him, and at the same time attend to the drug store.

To-day's meeting of the board promised to be a lively and interesting one. It is understood that the vault matter, the hospital troubles and the poor farm matters, will all be given consideration.

Attractive spring opening, Monday, March 18. American Tailors, Paxton hotel.

Women for Relief. A woman's relief corps post was organized Thursday in Omaha, the place of meeting being Custer hall. The initiation of members took place in the afternoon, and in the evening the following officers were installed.

President, Mrs. Captain J. L. Woods; senior vice president, Mrs. Alice Hayes; junior vice president, Mrs. S. E. Potter; secretary, Mrs. J. W. Wood; treasurer, Mrs. Lullie Seavey; chaplain, Mrs. S. Rawlitz; conductor, Miss Laura Schlemmer; assistant conductor, Mrs. A. H. Henderson; guard, Miss Dora Sawhill; assistant guard, Mrs. Mary McKimney. Mrs. Dr. J. D. Miles, senior vice president of the department of Nebraska, was detailed to act as installing officer.

After the ceremony of installation, a short program of music and speeches was given by Dr. Stone in March 18, 1890, Georgia. Then followed brief addresses by Comrades Dennis, Seavey, Stone, Hurley, Fitch and Sawhill. Supper was served throughout the evening.

Art Sale. Don't fail to attend Hoese's discount sale on pictures. Remember 25 per cent off this week.

Where is Evans, or Norden? T. R. Evans, the wealthy stockman, who is reported missing from his home in Norden, Neb., came to this city two weeks ago with some stock. He stopped at the Canfield house, and disposing of his stock paid his bill and went away. A few days after this he returned, and again putting up at the Canfield, complained of being sick. He remained two days, then paid his bill and again departed. It is said that he was on the 20th of this month, which was on the 20th of this month, which was on the 20th of this month.

SPEAKS OF THE YANKEE.

Rev. Dr. Duryea's Interesting Address at Beth-Eden Church. "How the Yankees kept America" was the subject of Rev. Dr. Duryea's address Thursday night at Beth-Eden Baptist church. The audience present was a large one and listened with deep interest to the gentleman's remarks.

A select choir sang two or three numbers, after which the doctor was introduced. Among other things he spoke of the statue erected by the widow of Ole Bull to Olaf Erickson, who was supposed to be the first discoverer of America, and of a paper soon to be started in Chicago supporting the theory that the Northmen were really the first discoverers of America.

Why did not the Northmen stay? The answer is, "They were too few to hold the land by actual possession." From these northern regions the population could not be spared to make safe and sure the possession of the land, nor was the necessary force back of it to enforce any claim that might be set up against the power of encroaching nations.

The real possessor of the land must always be the government. Columbus first discovered such a certain portion of the continent as the Spaniards had some reasonable claim to that portion of the land. They were followed by the French. The French pressed north, going up past New York, Massachusetts, Maine, and finally founded Acadia. They then followed the course of the St. Lawrence and founded the city of Montreal. Their possessions lay along the great lakes.

The entrance of the Hollanders to New York was discussed. They were followed by the English who came to displace Frenchmen. These English colonies were surrounded on the north and on the west by the French, who had possession of the lake region and of the Mississippi valley. Conquid the English hold their own against the French? The French had on their side the six nations, among whom they had armed with muskets, knives and hatchets, to say nothing of the Algonquians who were on the side of the English. The French had the advantage of the English here. There was not enough stamina about the French to resist going into the Indian life and customs. Instead of this, they adopted the Indian life and customs.

To Frederick the Great do we owe the possession of this continent, because in the struggle for the American continent, Frederick reduced France from her place as the first nation of Europe, and made England the first thus deciding the fate of the continent when he did come.

Two great enemies—Hood's Sarsaparilla and the latter is utterly defeated by the peculiar medicine.

Hayes' Methods. Late developments yesterday of the escapades of E. J. Hayes, the ascending cashier of the Crane Bros. Manufacturing company, show that he has been getting in his line work on the cash for some time. Manager Lilly has been making investigations and he has not only the soil and past month Hayes has appropriated about \$90. Beside the check returned last Monday, which was for \$310, two others have been discovered. It is known that there are any more out. Said Mr. Lilly: "The man had no authority from us to endorse checks, but it is known that he was smart enough to find a way to get around that to take him as an endorser."

He had reference to the Nebraska National. The contest is not known whether Bradley & Co., agricultural implement dealers of Council Bluffs, notwithstanding the fact that Hayes borrowed \$100 from his brother to pay back what he owes, he believed that he had money enough left to carry him out of the country. He received a salary of \$1,000 per month. Some day that Hayes disappeared his sister took the Burlington run for Chicago.

Increasing the Circulation. "Say, did you notice that the Omaha Republican claimed recently to have increased its circulation 1,500 in the city in a week?" "Yes."

"No, and I'll tell you how it was done. When I got up the other morning I found one copy of the paper on top of that day on my front porch, and the next day I found two more copies of the same issue which you found on the side porch. I am not a subscriber for that paper."

"Brown's Bronchial Troches" are widely known as an admirable remedy for Bronchitis, Hoarseness, Croup, and Throat troubles. Sold only in boxes.

The Dead Newsboy. The city newspapers have taken in charge the burial of Johnny McCann and will defray expenses. It is said an ex-newsboy and one or two others are endeavoring to raise a fund for themselves to pay back what they owe.

The body of Hattie Inly, who died late last evening at her home, 24 South Twenty-first street, was taken on Sunday to Fremont for burial.

Mrs. Eva Arnold, aged twenty-five years, died yesterday at 612 North Sixteenth street. Her funeral will be held on Sunday at 10 o'clock at the residence.

Woodruff Granite Quarry. I am prepared to furnish Woodruff granite in paving blocks, door sills and steps, or blocks of most any dimensions at cheap figures. Also handle at my Lincoln yard all classes of cut stone for any part of the state. Ask for figures. Thomas Price, Lincoln, Neb.

The Paxton Dancers. The Paxton Assembly Social club, comprising the largest and most respectable colored people in the city, gave a dance and social session at Gaynor hall Thursday night. The program which preceded the order of dancing consisted of the address of welcome by H. H. Hall, an essay by Mr. Dr. M. O. Ricketts, two quartettes by Messrs. Jordaan, Bell, Simmon and Walker, a solo by A. Plummer, and a solo by Miss E. Butler. Dancing commenced at 10:30 and lasted two hours.

Grass, garden and field seeds. Wm. Sievers & Co., 16th and California.

Caught in the Pantry. Frank Dalzell, who lives just west of the crossing, was awakened Thursday night by a noise in his pantry. Arming himself he stepped into his kitchen and found a tramp with his arms raised in the air. Dalzell marched the fellow outside with a revolver and called a policeman. At the central station the tramp gave the name of Cornick.

TELLING FIGURES

are the arguments we have always used to influence trade and these telling figures have always brought us the customers, and we will always depend on them for the biggest share of the clothing trade. Our business has been built up on the plan of low prices and we mean to continue on the same plan. Our stock this season is unlimited and this gives the buyer unlimited choice. We display hundreds of styles of spring suits. Here are a few of the bargains we start the season with—

One lot of nice all wool Cheviot Suits, lined with good farmer's satin, at \$4.75. This is an honest suit, well made. At no time has such a suit been sold at less than \$7.50.

One lot of really nice cassimere suits, a neat dark mixture at \$5.90. This suit is lined with good serge, made substantially and we recommend it for excellent wear.

We have always had the reputation for the best line of well-made medium priced suits—say at \$8, \$9 and \$10. Knowing that the great majority of customers prefer that price, we have always taken pains to give the greatest possible value that could be put into a suit at that price. The line of \$8, \$9 and \$10 suits which we display this season is far ahead of anything shown formerly.

We unhesitatingly claim that with every suit you buy of us at that price you save at least from \$5 to \$6. We have this season added to our line of \$10 suits an extraordinary bargain in the shape of a splendid corkscrew suit. The material is all worsted and of very fine quality, lined with best farmer satin. We have them in sacks and frocks, all sizes, from 35 to 42. The suit is of good weight and will make an excellent dress suit. At ten dollars we pronounce it the greatest bargain ever offered, and we guarantee it is in every respect as good as any suit for which other houses are asking \$16 or \$18.

Prices means nothing until you see the goods. We want every careful buyer to take time to examine our garments and note every detail of lining, trimming and finish.

MAIL ORDERS—Receive prompt attention and we send samples and rules for measuring on application.
