

THE CITY.

Somebody has stolen a valuable white Irish setter from Chief Galligan.

George Hager, arrested on the charge of forgery, was released for lack of prosecution.

Guy Schulz was arrested yesterday on charge of selling liquor after midnight. He will be tried Friday.

The Merchants' carnival to be held at the exposition hall on April 2, is not for the benefit of the Open Door as stated, but for the Old Ladies Home.

Mrs. George Holt fired two revolver shots at a tramp who attempted to gain entrance to her home at 212 1/2 Howard street during her husband's absence.

Roger C. Donoghue, a collector for the World, died yesterday afternoon at No. 1910 Cass street. He was but twenty-six years of age and a victim of consumption.

Contributions for the "Open Door" dinner and supper to be given at 116 North Fifteenth street, on Saturday, will be received in the forenoon of each day.

Brandes and Schmidt, the saloonkeepers charged with obstructing the view into their saloons, were arraigned yesterday, but granted a continuance until April 3.

Charles McCarthy, who was found in store basement on Capitol avenue on Monday night, was yesterday placed under a \$700 bond to answer in the district court to the charge of burglary.

Constable Clark's buggy collided on Fourteenth and Dodge with a pop wagon belonging to Pomy & Segelie, and a wheel and shaft were badly demolished. Clark has brought suit against the firm for damages.

M. R. Burns, of Leadville, has written to Chief Seavey inquiring as to the whereabouts of his son, W. H. Burns, who has been missing from home for four years and is supposed to be in Omaha.

Bertha Mapes, the Fremont girl who has been leading a dissipated life in Omaha, has been taken to her home by her brother-in-law. She promised her Omaha associates to return at the first opportunity.

Expressman Slater has cleared himself of the charge of having appropriated a trunk which he was to have forwarded to Huggan, of Des Moines. The trunk is held for a bond bill at 424 North Sixteenth street.

Personal Paragraphs. J. L. Tidball and wife, of Crete, are in the city.

J. P. Clary and wife, of Crete, are in the city.

Mr. Frank Porter, editor of the Western Wave, is in the city.

County Superintendent of Instruction Bruner will go to Westmore, Neb., today, where he will hold a teachers' examination. The examination will last until to-morrow evening.

Martin Dunham, late of the Southland hotel in Florida, which was recently destroyed by fire, has returned to Omaha. He states that the hotel will be rebuilt, but he will not go back to take charge of it.

Sunday Liquor Selling. Bertie Mann and her porter, Emmanuel Miles were each fined \$100 for selling liquor on Sunday. They took an appeal, and Wilson and Porter, G. N. Mayer, were arraigned, but secured a continuance.

K. of L. Attention. There will be an open meeting of L. E. A. 2914 next Friday evening at their hall, 120 Douglas street. Knights and others are cordially invited to be present, as important matters, by good speakers, will be discussed.

The Forger Caught. George H. Haagen, the fellow who has been passing a number of forged checks on the Woodman lined oil works, has finally been arrested on account of the forged checks, and is now in the hands of the police.

Thinks Gambling is Going On. Captain Green reports to Chief Seavey that he visited the hard rooms over the saloons belonging to Byron Clarke, Foley & Darst and Donnelly Bros., and though he found no gambling actually in progress he believes that it is carried on in these places.

Selected the Wrong Bank. Jim O'Connor got drunk, and making his way into a house at 204 North Tenth street, went to sleep on the floor. When the lady of the house came out to see what was the matter she found O'Connor on the floor, and she called in the police. O'Connor was arrested and fined \$10.

A Frail Hope. Several "canvassers" are peddling the thoroughfares at the present time soliciting signatures to a petition for the location of the postoffice on the Platt street site. The signatures, however, in no way compare with those which have already been obtained for Farnam and Eighteenth streets.

Suffer in Secret. Disreputable men who go among vicious women and get robbed will probably soon learn that the best thing for them to do is to say nothing about it. The two colored girls, Effie Smith and Minnie Gentry, were caught with stealing \$11 each from a couple of soldiers and tried in the district court, were acquitted.

Sinners. John Thompson was caught while attempting to burglarize a house about 4 a. m. He was turned over to the police and will pass the next ten days in jail.

Charles Ludka, a drunken bum, who makes a living by begging, was given thirty days, eight on bread and water, for begging.

John Dean will be tried on Friday on the charge of beating his wife.

A Little Pinch. The proprietor of Polson's planing mill, at the corner of Twenty-fourth and Lake streets, is in financial trouble. He employs about fifteen men, and has apparently been doing a big trade. Yesterday Constable Clarke closed the place on an execution from Justice Kroeger's court for \$20, in favor of J. Wilford. A settler will probably be effected, as Polson now has a \$6,000 job in hand for Judge Dundy.

For Reporters Only. Browning, King & Co. are putting in a handsome box in the grand stand at the ball park for the reporters. There is to be a writing stand, and the chairs are to be something novel and luxurious. They will be of the easy pattern, and nicely upholstered. Each chair can be folded and locked after each game. None but the reporters of this Ben. Republican, Herald, World and Council Bluffs Nonpartisan will have a key to the box. It will be a nice piece of work and the generous firm has the thanks of the base ball reporters.

Marriage Licenses. Following are the marriage licenses issued yesterday in the county court by Judge Shields:

Table with 3 columns: Name and Residence, Age, and Date. Includes names like James A. Chamberlain, Creighton, Neb., 31, and Virginia E. Perry, Pawnee City, Neb., 31.

The Late Dr. Dio Lewis, in speaking of Warner's Safe Cure said, over his own signature: "If I found myself the victim of a serious kidney trouble, I would use Warner's Safe Cure."

Warner's Safe Cure. The medical profession stands amazed and helpless in the presence of more than one kidney malady.

CELL INMATES.

Miss Biechler and Rose Anderson in the County Jail. It is said that Miss Biechler, whose trial for the killing of Harry King will be commenced April 3, is nursing herself for the fearful ordeal. She takes no narcotic or stimulant for the desired "nerve," but is devoting considerable of her time to practicing on answering the probable questions that will be put to her; how she will appear in the court room with thousands of eyes staring at her; how she will wear effective expressions and how she can keep from faltering if scored too severely by the prosecution. For the past week it is said that she has not acted strangely or appeared to be mentally deranged in the contrary she is polite and sports to a certain degree with her female visitors from other cells in the prison. Of these she has few. She has taken a fancy to Rose Anderson, who was acquitted last week of the charge of stealing a large amount of money from Edward Maurer. Although she is free to have her liberty, Rose prefers to remain in the jail. She is quite haughty. Mrs. King has asked her to appear with her in the courtroom and remain with her during the trial.

Miss Biechler talks of Mr. King as her beloved Harry. It is believed that she thought the world of the man and not a day passes but that she frequently alludes to his good traits.

Rose stated that Miss Biechler's supposed insanity was on account of her sickness. This was the early part of last week, when she attempted to throw Dr. Harrigan and Jailer Miller over the railing of the upper balcony when they entered the cell.

It is a Curious Fact. That the body is now more susceptible to benefit from medicine than at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite, and giving a healthy tone to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

Mortality. Yesterday the remains of two young ladies were consigned to the tomb. One was Nellie Carey, daughter of an old employe of the Union Pacific. The services were held in St. Philomena's cathedral and the remains were interred in Holy Sepulchre cemetery. The pallbearers were the following Union Pacific engineers: James Dinan, Cook Kirk, John Niechan, Thomas Ryan, F. O'Rourke and Robert Lumpkins.

The other was the youthful daughter of Thomas Nolan, late cashier at the local freight depot of the Union Pacific. The services were held in St. Patrick's church. The remains were enclosed in a beautiful plush covered casket. The pallbearers were little girl associates of the deceased, who were attired in white. Their presence added to the effect of the funeral. They were Annie Lyman, Katie Connell, Maggie Murphy, Katie O'Keefe, Annie Brennan and Tony Mulick. The remains were followed to Holy Sepulchre cemetery by a large number of friends of the family of the deceased.

To err is human, but you make no mistake if you use Dr. Jones' Red Clover Tonic for dyspepsia, costiveness, bad breath, piles, pimples, acne and malaria, poor appetite, low spirits, or diseases of the kidneys, stomach and liver. 50 cents. Goodman Drug Co.

A Victorious Lad. Mrs. Regina Morrell, who lives on Charles street, swore out a warrant for the arrest of a telegrapher named A. G. Howell, who she claims beat her son. When Mr. Howell heard of this he went to the police station and surrendered himself. He says he is a neighbor of Mrs. Morrell, and her son Eddy is an incorrigible bad boy. He backlogs to the police station, and Mrs. Morrell refused to do anything with him. Wednesday the young fellow struck Howell with a brick, and ran after the lad and when he caught him, gave him the cuffing he deserved. Several of the neighbors have been compelled to act on account of the unruly conduct of the boy. Action will be taken in the police court to have him sent to the reform school.

"I have used St. Patrick's pills," says Mr. J. Reynolds, of Mayfield, Ky., "and pronounce them superior to any I have before used. I do not regret that I recommend them, knowing them to be reliable." They are thorough, yet gentle in their action and leave the system in splendid condition. As a cathartic, or for disorders of the liver, St. Patrick's pills have no equal. Sold by all druggists.

Tracking a Worthless Scoundrel. Mrs. P. B. Moore called on chief of police and told a pitiful story of how her husband is treating her. She was married to him about a year and a half ago and she now has a child about five months old. They were living together at Rock Springs, Wyo., and last month he deserted her, without leaving her a cent. She finally traced him to Omaha and has been here for a number of days. She found that he was rooming at Mrs. Peabody's, 1110 on Dodge street. As soon as he learned his wife had been there to see him he moved to a house on Fifteenth, near the Good hotel. She finally tracked him there and moved again. A man named Leslie Moore says the fellow is now rooming on Seventeenth street, but either cannot or will not say anything more about him. Mrs. Moore is anxious to see her husband and learn the cause of his strange treatment.

Heroism Rewarded. Miss Minnie Callahan, the young lady that so heroically caused the arrest of the sneak thief at 711 North Fourteenth street a few days ago, was tendered a handsome present by the roomers at home, Messrs. Dailey, Crebo, Carey, McGahan, Murray, Mr. and Mrs. A. A. Gibson and Master Mark

Gibson. On last Saturday evening they assembled in the sitting-room of Mr. and Mrs. Callahan and called for Miss Minnie. As she entered the room she was informed by Master Mark Gibson that the parties had assembled for the purpose of presenting her with some unusual memento as a reward for her thoughtfulness and bravery. The speaker said he was proud to know that it was to be worn by a fearless and noble girl. Miss Callahan said it was the pleasure that she accepted the token and extended a thousand thanks.

We often hear people say, there is only one good cough medicine and that is Dr. Bull's Cough Syrup.

The Lots Which Governor Saunders Holds in Trust. City Attorney Webster was asked yesterday what he intended to do in the matter of securing for the city the lots held in trust by Governor Saunders, and which were donated to the Union Pacific railroad company in consideration of building its depot and making other improvements. He replied that the resolution passed by the city council instructing him to take such steps as he deemed proper to secure the lots, and that he would proceed immediately to execute the orders of that body. Stamping and Embroidery. "Yes, Lizzie, I like to do fancy work, but I haven't the time for it," replied the woman—or anything else—for a week. These awful "dragging down" pains are just killing me. "I know how you feel, and I can tell you where to look for relief. Dr. Pierce's Favorite Prescription is a certain cure for all those peculiar weaknesses and distressing ailments. Why! it even cured me of pro-lapsus, and many of my lady friends have been cured of various grave maladies peculiar to our sex by this wonderful medicine. Omaha Defeated. The Omaha rifle team and the Council Bluffs team shot their final match for the championship badge on the Council Bluffs range Wednesday. It resulted in an overwhelming defeat for Omaha, on account of failure of some of her best shots to turn out. The conditions were 200 yards, half off-hand and half with rest, best possible out of 100. The score was as follows:

Omaha—J. J. Hardin, captain, 65; Parmelee, 67; Hullett, 68; E. Krutz, 68; Petty, 71; Wilbur, 67; Danmore, 23; Robertson, 61; Hulet, W. C., 34; Kinner, 48; total, 551.

Council Bluffs—C. H. Hoffner, captain, 63; Avery, 73; Tipton, 74; Oliver, 76, 64; Campbell, 52; Math, 62; Atherton, 63; Graham, 47; Oliver, J., 62; Metcalfe, 63; total, 621.

A New Train. The connecting link between Nebraska and Kansas has just been placed in service by the Union Pacific railway. The train leaves Council Bluffs daily at 4:45 a. m.; leaves Omaha at 5:30 a. m., and runs through without change to Manhattan, Kan., making direct connections there with the Kansas division of the Union Pacific railway for all points in that state and cities at and beyond, and for Topeka, Lawrence, Kansas City and points east and south via Kansas City. Returning, train leaves Manhattan at 2:25 p. m.; arriving at Beatrice at 6:25 p. m.; Lincoln at 7:50 p. m.; and Omaha at 10:20 p. m. Council Bluffs 11:40 p. m., making direct connection with Kansas division trains from Kansas City, Lawrence, Topeka and the east, and from Denver, Sullina, Bellevue and all points west, enabling passengers to visit the principal points in Kansas and Nebraska in the shortest possible time. These trains have first-class equipment, consisting of smoking cars and first-class day coaches of the latest pattern. The new train will fill a long felt want, and is bound to be popular.

Carriers May Hope. In the Box of Wednesday was published a Washington dispatch stating that Congressman Connell expects to induce the postoffice department to place Omaha in the class of cities having 50,000 population and over which would materially increase the pay of mail carriers, in the class of offices having 10,000 population and over. The carriers are divided into three grades, and the highest salary paid is \$1,000 a year. The second grade receive \$850 and the third \$600. As it is now, Omaha has only two grades, and \$550 is the largest salary paid. It is not expected that a change such as is contemplated would give any more carriers.

Fleeing a Miser. H. Bondman, a vagrant, who has money in the bank has contrived to live off the county all winter by being sent up from time to time for petty offenses. He was arraigned again yesterday for drunkenness and having plenty of money the judge fined him \$10.50 and took it out of his roll. Bondman objected strongly to this, saying, and a sentence in jail instead, but the judge would not accommodate him.

A Sure Cure—NO PAY—20 to 60 DAYS.

This is a disease which has heretofore baffled all Medical Science. When Mercury, Iodine, Potassium, Sarsaparilla or Hot Springs fail, we guarantee a cure. We have a Remedy known to none in the World outside of our country, and one that has NEVER FAILED.

To cure the most obstinate cases, ten days in recent cases does the work. It is the old chronic deep seated case that we solicit. We have cured hundreds who have been abandoned by Physicians, and pronounced incurable, and we challenge the world to bring us a case that we will not cure in less than sixty days.

Since the history of medicine a true specific for syphilis has been sought for but never found until our MAGIC REMEDY was discovered, and we are justified in saying it is the only remedy in the World that will positively cure every case of Syphilis, as published by the best known authorities, say there was never a true specific before. Our remedy will cure when everything else has failed. Why waste your time and money with patent medicines that never have cured you, you that have tried everything else should come to us now and get a permanent relief you never can get elsewhere. Mark what we say, in the end you must take our remedy or never recover and you that have been afflicted but a short time should by all means come to us now, not one in ten of our cases ever permanently cured. Many get help and think they are free from the disease, but in one, two or three years after it appears again in a more horrible form. This is a blood Purifier and will Cure any Skin or Blood Disease when Everything Else Fails.
