As Dr. W. J. Smith has left the place, Dr. M. T. Zellers has arrived to take his place.

It is bewildering to see the amount of new goods. Merchants are bringing into town wagon spring.

The Germans east of town came in en masse last week to haul lumber for a new church which they are about to build.

THE THIRD IOWA REGIMENT. Colonel Hassler Astonished to Find 80 Many of His Comrades Alive.

The number of original Harrison men in Washington is now only exceeded by the number of members of the Third Iowa regiment, of which Secretary Noble was adjutant, says a Washington dispatch. Every man who was a member of that famous fighting regiment during the war, in quest of office, thinks that he has a special claim upon the secretary of the interior.

One day last week Secretary Noble, Assistant Secretary Bussey, who was colonel of the Third Iowa, and Colonel Hassler, the democratic appointment clerk of the interior department and a great war, were in the secretary's office, when the door opened and a gentleman from the wild and woolly west entered the office. He was welcomed by Colonel Bussey and General Noble, and the former said: "Colonel Hassler, let me make you acquainted with Major Picklerell, of Dakota, formerly of the Third Iowa."

Hassler and the major shook hands, and the former with great gravity said: "Major, that regiment, I believe, took no part in the war."

"Well, sir," replied the major, indignantly, "I should think it did. That regiment fought in some of the severest battles of the war."

"Why, Hassler," said the secretary, "what made you ask the question?"

"Oh, simply because so many of its members are alive," was Hassler's reply, and the secretary, appreciating the sarcasm, almost fell from his chair in a paroxysm of laughter.

Tinted Statues. In reference to the question whether the Greeks tinted their statues a correspondent of London Notes and Queries says there is not the least doubt that the answer must be in the affirmative.

There is the amplest evidence of the fact that the sculptures of the Parthenon—at least some of them—were tinted but they were not painted with solid paint like the statues in the Crystal Palace. Architecture and sculpture were often tinted, not alone by the Greeks, but by the Etruscans, Assyrians, and Egyptians. Colored statuary abounded in the middle ages, as anyone may see for himself who examines medieval monuments.

Anti-Pass Book System. A good many merchants of Atlanta, Ga., have adopted the "anti-pass book system." It consists of the issuing of books with the merchant's and holder's name written on the cover, the book containing \$50 worth of coupon tickets, numbered 5, 10, and 25 cents and \$1. The theory is that when a customer purchases a book, whether for cash or an advance, each purchase is to be made by these coupon checks, which will keep the purchaser informed as to the amount of purchases and save the merchant a vast and intricate deal of bookkeeping.

Upset the Lighthouse. The British steamer Earl of Ulster, on her way from Fleetwood to Belfast, ran into a lighthouse and tipped it over. The keeper was rescued with difficulty. The steamer's injuries were trifling.

Notice to Water Consumers. Water rents are now due and payable at office, 114 Main street. COUNCIL BLUFFS CITY WATER WORKS CO.

Picturesque Europe, Guizo's History of France, Longfellow's poems, Century, Harper, St. Nicholas, Youths' Companion and all magazines, bound neatly and durably, at M. C. House & Co.'s, Pearl street, near Broadway.

SUBURBAN NEWS. Dodge. Sickness has been an uninvited and unwelcome guest in many homes the past week.

Orono Hattson, Goldie Hattson, Karl Garman and Mrs. Hattson, have all been laid low with typhoid fever. All the patients are doing well under the skillful treatment of Dr. Pearson.

Mrs. Garmon presented her husband with a fine baby girl on the 7th inst. A hotel the latter stylized by cheerful smiles and cigars to all inquiring friends.

Mrs. Woodruff is laid up with a violent cold and Mrs. Frier is laid from serious causes. Both are under the doctor's orders.

The DAILY BEE has been loudly called for everywhere while the great grand old and loyal, Lavinie Hoehler, having absorbed all other topics here for the time. General satisfaction is expressed on all sides with the ending of the jury trial of the late, late General Cowin's great defense have been handed around until too much thumbed to bear folding.

Mr. Johnson, of Scribner, has purchased the interest of F. W. Moshage in the hardware store of Moshage & Bauer and has located in Dodge with his family.

There was a meeting of the local board of insurance agents at the office of G. W. Rosa on Saturday. W. Hatton was elected president and A. R. Hasson, secretary.

As Charlie Heppner was hitching the team of W. P. Moshage to his wagon. A horse became frightened and ran away. They reached the school house, three miles west of town, before pulling up, and fortunately no damage.

Mrs. Mozier and her daughter, Mrs. Kelly, went visiting friends in North Bend the fore part of this week.

Chris Hagel, the county surveyor, C. G. Bowles, president of the Dodge State Bank, Dr. Cushman of Howells, C. W. Stickle, secretary of the Wyoming Improvement company, Z. K. Deane, and J. H. Lay, and Marquet and wife of Scribner have been visitors at Dodge the past week.

Farmers come into town smiling since the rain. The small grain is looking promising and the early spring work now nearly over bids fair for the future.

Bellvue. Our new postmaster, Mr. Kayser, bears his honors with becoming dignity. He is making great improvements in his store. He has had it newly painted and every thing shines like a new pin. Miss Kayser presides at the desk and dispenses stamps and letters when called upon.

Mr. McClark is building a neat cottage on the brow of the hill overlooking the railroad. The college faculty look smiling because the trustees have been here and looked over the ground preparatory to selecting a site for the new dormitory. They have hopes that this one will be built upon terra firma. All former ones have been built in the air and failed to materialize.

The spring election went all one way—anti-license. But to supply the place of any excitement a mixed board might have aroused, there is another cause, bell that promises to be quite interesting. Part of the board are desirous of granting the request of H. T. Clark, and fencing to the block ways to fence up about half the streets, while others contend that neither the board nor any individual has a right to fence up a street that has been properly laid out as a street. So the contest waxed warm.

Another old citizen has been carried to his lone home. Mr. Dyer, formerly a resident of Iowa, but lately living in Omaha, died April 8, and the remains were brought to Bellvue. Services were conducted by President Hoehler, and the interment was in the cemetery north of town.

The fine rain Wednesday night has gladdened the hearts of the farmers and dairy-

men, and on every side there is rejoicing that the long dry spell is ended.

H. T. Clarke, of Omaha, was in this city Wednesday.

The spring term of the Bellevue public school opened last week Monday.

Miss Vickie Trent visited in Omaha Thursday.

Fishing is reported good in the surrounding lakes.

Our base ball team is preparing for a game between the rest of this city and a picked nine of Paulion.

Farmers report crops in good condition, especially small grain.

Hooper. Mr. and Mrs. Robert Ashley, of Decatur, and their daughter, Eva, were guests at Rev. J. Warner's last week. Mr. Ashley's chances are good for getting an appointment as United States agent to the Omaha and Winnebago Indians.

Mr. H. L. Howard has completed his school enumeration of last week, and the result is 215 children of school age. According to Omaha's rule of figuring we have over 1,500 school children.

The school board met last week to make arrangements for opening up another apartment in the school. The fourth room has been ready and furnished for some time. They decided to open a fourth teacher, Miss Blair, of North Bend, was employed to relieve Miss Carpenter of a part of the primary pupils, and she commenced teaching Monday morning, April 8. Miss Carpenter has had nearly sixty little ones to look after, and, whether from overwork or some other cause, she has been unable to attend to duty the last few days.

The widow McBrook, whose husband died last fall, has been very low for nearly two weeks past.

Mr. G. S. Peyton and family have taken their final leave of Hooper. He shipped a car load of furniture to Goodland, Kan.

Mr. A. Y. Sutton and his son Horbe, have started across the country with his drove of horses for Hastings.

George W. Heine has finished his course at the Omaha Commercial college and has started across the country a specialist of piping.
