IT WAS A FIZZLE.

The Police Investigation Finally Comes to Naught.

The word "fizzle" will be written in large letters in red ink across the face of the report of the committee appointed by the council to investigate charges against certain members of the police force and to examine into the general workings of the department, The damaging disclosures that were promised before the committee began its work, have not been forthcoming, and the report, if it shows the actual result of the alleged investigation, will be a literary curiosity. The committee was to have met at 9:30 o'clock yesterday morning. At that hour Messrs. Shriver, Davis and Sanders were present. Mr. Kaspar, the chairman, was abpresent. Mr. Kaspar, the chairman, was absent, as was Sergeant-at-Arms Butler, who is supposed to attend the meetings of the committee and secure the attendance of witnesses. An adjournment was taken until 2 o'clock in the afternoon, when the same members of the committee were present. As Chairman Kaspar had the names of the witnesses who were to be summoned, the members present were unable to proceed with the investigation, and after working until nearly bers present were unable to proceed with the investigation, and after working until nearly 3 o'clock, adjourned sine die and instructed Mr. Davis to prepare a report to be presented to the council. Many of the friends of the proposition to investigate the workings of the police department thought that the action of the majority of the committee was somewhat of a snap judgment upon Chairman Kaspar, and was simply a scheme to stop further investigation. A Bee reporter learned from Councilman Kaspar last night, however, that the manner of ending the investigation fiasce had been agreed upon, and vestigation flasco had been agreed upon, and that he had absented himself from the com-"Why did you drop the examination!" was

asked.

"Chiefly for the reason," replied the chairman of the committee, "that I was unable to accomplish the object for which the committee was appointed. The committee was so organized that every movement I made was reported to the police commission before I had time to act, and they had everything ready to furnish just the kind of evidence that best suited them. I had a talk with Chris Hartman, which convinced me that it was of no use for the committee to pursue the investigation any further. Then I had the investigation any forther. Then I had personal reasons. I did not want to pull other folks out of the hole at the risk of getting into one myself, and so I decided to let the matter drop."
"Will the matter be taken up again!"

"Not by me, let me assure you."

BEGAN TO MOVE.

The Oklahoma Boomers are Branch

ing Out For Their New Home. The Oklahoma boomers are preparing to move. Last night and yesterday afternoon the passenger depot of the Missouri Pacific was thronged with boomers all anxious to ascertain the cost of the trip by rail to the promiesd land. Last night several conferences were held at various places, and the situation talked over. Although a large number who have enrolled their names on the list of colonists, will not go, there is still a goodly sized gathering that intend to brave the trials and tribulations. Arrangements were made inst night for transportation for fifteen over the Missouri Pacific for Guthrie. They will leave to-day in box cars and will be provided with provisions and farming utensils. At the G. A. R. hall, on Douglas street, last night the veterans provided their messenger, Cumings, who goes in advance of the van, vested with the power of attorney, with soldlers' diswho goes in advance of the van, vested with the power of attorney, with soldiers' dis-charges, so that upon his arrival he may file claims by proxy. Those that have not fur-nished the messenger with the proper papers can forward them to him at Guthrie. He is now en route and will be mounted and ready for a dash to King-fisher at high noon April 22. From indica-tions Captain Smith's colony, if at all, will go on the installment plan. Last night a go on the installment plan. Last night a boomer, who is typical in the originality of boomer, who is typical in the originality of his title, was asked what he thought of the dispatches from Oklahoma reporting vandatism and crime rife, He said: "Oh, that makes no difference. O'im going there to poke lead at anybody if my swing don't suit them. Most people weaken when they see a gun. I'll get my claim all sure enough. See! (producing a tine specimen of Smith & gun. this is on the bill of fare in Oklahoma, there are others about to leave here who will not be centrally located. The major portion of the Omaha emigrants will leave here tomorrow and Saturday.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy at last found a recipe which completely cured and saved him from death. A Slugger in the Dark. Dr. J. A. Wade of Harlan, Ia., who is attending court at Conneil Bluffs, came over to Omaha Tuesday night, and after taking an hour's look at the Gate City, started to the depot. Pat Sweeny, a tough character well knowh to the police, offered to accompany him, saying that he was on his way to Council Bluffs, also. The doctor readily consented, and the two started down Tenth street, about 11 o'clock. At the alley between Howard and Jackson, Sweeney dropped behind the doctor, and pulling out a sandbag or billy struck him a blow on the back of the head that knocked him senseless. The thug then dragged the body of the unconscious man into the alley and rified his pockets, securing a revolver and about \$12 in money. The doctor was found by a policeman in the alley, and was taken to the police station and registered as a "dead drunk." When he recovered consciousness he detailed his misfortune. From the description given to Sergeant Haze and Detective Horrigan it was believed that Sweeney was the highwayman, and a search of his room resuited in the finding of Dr. Wade's revolver. Sweeney was arrested.

Sweeney was arraigned yesterday, and, the evidence of his guilt being overwhelming, he was held to the district court in the sum of \$500. All the witness, among whom is a cyprian whom he threatened to shoot with Waite's revolver, were put under \$150 bonds each. Sweeney is a powerfully built fellow of about thirty years, and bears known to the police, offered to accompany

The Truant Concilmen Making Their

Excuses. "The people don't want to run away with the idea that the councilmen who absented themselves from the meeting Tuesday night, did so from any desire to avoid being put on record on the mayor's veto of the ordinance repealing the 12 o'clock closing ordinance,' said one of the truant councilmen to a BEE

He promised to stay away from the meeting last night and if he had done so the mayor would have had an opportunity to furnish the supper he had promised the faithful members, for they would not have secured a quorum if they had staid in that council room all night."

Councilman Pat Ford stated to a reporter that "the fun aint over yit, me boy. We'll pass the ordinins Friday night, shure."

An immense variety of long and Knee Pants at prices less than you could buy the clot h for that is in them.

All our Boys Clothing is strong, reliable and will give satisfaction every garment we sell is warranted.

Our Men's Suit stock does not need much advertising this spring. It is well known that we always carry the largest stock. The stores are scarce that can show a line of Spring Suits worthy of comparsion with ours. And we want it understood right here that we not only have the largest stock but also that in this stock can be found suits as choice as any house can show them, or as any tailor can produce. We have a line of Dress Suits--Prince Al berts and three button Cutaways. which in quality of material, cut and make are equal to the best custom work. Our fine Silk lined Prince Alberts are marvels of beauty and fit and the only difference between them and those of the fine Merchant tailors is the great difference in the price. We are selling these goods at the same low rate of profit as we sell all our other goods, and whoever buys a Dress Suit with out at least looking at ours, fails to consult his own interest,

Don't forget our new Shoe Department.
