

THE CITY.

The revenue collections yesterday amounted to \$8,025.07. Panning & Slaven have swept 1,844, 84 square yards of paving in April.

Joseph Knackbale—rather a suggestive cognomen—was arrested yesterday charged with having assaulted John Sekarow and Mrs. Sekarow.

Jailor Joe Miller went to the penitentiary, yesterday, with Charles Johnson, who was convicted at this court and got a two years' sentence.

The board of public works, yesterday, granted the motor company a permit to extend its line on Sherman avenue, from Ohio to Locust, and to the consolidated lines to build on Twenty-fourth, from Vinney to Spencer.

Miss Gale and twenty-two members of the Booth Barrett company are stopping at the Cozens hotel. Yesterday afternoon Councilor Frederick R. Orr, of New York City, left for the east on the 4 o'clock train for the western road, and was accompanied to the depot by a large number of friends.

The City Hall. May 1 the council committee will open the architects' bids for the city hall construction.

Stuffed and Robbed. David Mason was found in an unconscious condition in the starway of the St. Clair hotel last night. He had been stuffed, while drunk, and robbed of \$27.

For Hitting a Scab. Jailor Joe Miller, of the county jail, escorted Charles Johnson to the penitentiary yesterday. A Johnson got two years for assaulting a B. & M. scab on a railroad train.

Captured Bonds. Horace B. Chase, the Indian agent arrested last Saturday, succeeded yesterday evening in securing signatures to a bond and was released from custody. James E. North, of Columbus, and a banker at Genoa, are his sureties.

Will Celebrate. The German societies of this city are perfecting arrangements to properly celebrate the Washington centennial next Tuesday. They propose to make a street parade in the afternoon, and have a musical programme at Germania hall in the evening.

A Prisoner Enroute. A deserter from Fort Douglas, who has been tried and sentenced to two years in the military prison at Fort Leavenworth was brought in on the Union Pacific yesterday and was conveyed in the afternoon to Fort Omaha. From here he will be taken to prison.

Odd-fellows' Anniversary. A special train over the Union Pacific, carrying ninety-five Odd-fellows of this vicinity to the state celebration of the seventieth anniversary at Beatrice left the city at 6:30 yesterday morning. Forty more members of the fraternity from Fremont joined the excursion at Valley.

Poor Mrs. Wilson. Mrs. Wilson, a rather good-looking white woman, was in police court, yesterday, for the purpose of prosecuting her husband, Abe Wilson, a colored man, for cruelty. "I've lived with him two years and ought to be punished myself," she said, "but he's abused me and I'll put him in jail and then I can get away from him." The case will be heard to-day.

An Impromptu Fire Department. Mrs. Sanford, who lives on Seventeenth and Chicago, carelessly threw a lighted match into a basin of gasoline and the result was a blaze that set fire to the house. Her screams were heard by the neighbors and they rushed to her assistance. A few buckets of water put her out, but the fire department knew nothing of the blaze. Fifteen or twenty dollars will cover the damage done.

Manderson Guards. The Manderson Guards are making preparations to celebrate the centennial of Washington's inauguration, Tuesday next. The exercises occur at the Guards' hall, at 1331 Douglas. Among the features will be speeches by Dr. M. O. Ricketts, W. H. C. Stephenson and St. John's choir, a prize fight between two squads of guards, refreshments, etc.

Fremonters Have Fun. Frank Fuller was put on trial before Justice Wade yesterday afternoon. He was charged with having robbed Patrick Nagle of \$15 on March 12, at the Fremont hotel, and went to the Good Hope hotel after a spree and went to the Good Hope hotel after a spree and went to the Good Hope hotel after a spree.

A Kick at the City Hall. By request of Chief Seavoy a mandate has been issued by Chief Galligan of the fire department ordering all employees in the different offices in the city hall to keep out of the operating room where the alarms are turned in. As a result the "kick" among these employees because that is the only room containing a sink, water, towels and other paraphanelia where they can wash their hands and clean out ink-stands, etc. The toilet outfit was bought by these employees and now they are forbidden to use it.

Boys Got a Lesson. Three boys, the oldest of whom was but twelve years, were arranged before Judge Beria yesterday afternoon charged with having burglarized the base ball office at the park. Attorney Shea gave the boys a lecture and requested their dismissal, and Judge Beria ruled accordingly. Dr. Worley and the man who draws salary for managing the Omahas were anxious to have the boys sent to the reform school or hung, and kicked emphatically against Shea's lenient prosecution.

Joy Go With Them. Jimmie Givens has healed the breach between himself and the Swedish girl, Miss Annie E. Nelson, by gallantly offering his hand in marriage. The offer, of course, was accepted. Jimmie proved conclusively that he was only one-ninth negro, and this placed him outside of the limitations of the statutes of Nebraska, which provide that any person one-fourth colored, can not marry a white person, and the supposed barrier to their union was thus removed. Yesterday Justice Dunn spoke the magic words that made them man and wife.

Dr. R. A. Gunn, M. M., Dean and Professor of Surgery of the United States Medical College, Editor of "Medical Tribune," author of "Gunn's New Improved Hand-book of Hygiene and Domestic Medicine," in a special issue of advanced kidney diseases, and the effect of the use of Warner's Safe Cure, says: "I find that in Bright's disease it seems to act as a solvent of albumen; to soothe and heal inflamed membranes and wash out the debris which blocks up the tubuli uriniferi (urine-bearing tubes); and to prevent the destructive metamorphosis of tissue."

THE COMMISSIONERS.

How They Are Regarded by Those on the Outside. If it has been the desire of Douglas county's commissioners to gain a reputation there is no question that they have succeeded most admirably. Their conduct this week has set tongues wagging and everybody is talking about the circus. On every corner, one hears the people inquiring when O'Keefe and Anderson are going to get together. "They are waiting for a new architect."

"In my opinion the board's actions have become so disgraceful, disgusting and vulgar that we ought to hold a mass meeting, and ask them for their resignations and put a new set of men in their places. The business of the county is being run by a set of bickering and personal wrangles. They set more like a lot of silly boys than sensible men. It looks to me as though O'Keefe and Anderson have fallen to the level of common rowdies when they can do no better than turn their sessions into low quarrels, and call each other liars, thieves and other hard names."

It is now the conceded belief of everybody that these two will yet indulge in a bloody quarrel. Matters were quiet and peaceful at headquarters yesterday. O'Keefe and Turner put in an appearance. The latter seemed to be in a wonderfully good mood, and did not hesitate to score his associates, relative to their troubles in the hospital matter. Said he: "They are waiting for a new architect when the fact is we have too much architect now. What we want is a superintendent, some man who understands his business, and that is plain enough to build a million-dollar hospital on, and the architect we have is all right, if they will only adhere to the plan."

It is a superintendent in charge who knows the difference between stone and brick and is intelligent enough to interpret the meaning of the architect's drawings, and in charge now and he would tear down the whole structure and cause the county an enormous expense. Put a new architect in charge and he can go in and for \$500 remedy all mistakes that have been made. From beginning to end it is the worst case of mismanagement, jealousy, disregard of orders and strife on the part of this board, the contractors and everybody concerned that I ever know or heard of."

EVERY DAY

We are opening new lots of Spring Suits. Our trade has been enormous, and it keeps our buyer busy scouring the market. We have always taken the lead in Men's and Young Men's Suits, and have always put our main force in that part of our business, as we can show the customer in a suit more than in any other article the great difference between our prices and those of other houses and convince him of the amount of money he can save.

The Suits we are getting in now are already from our second purchase, which as a rule are duplicated at from 15 to 20 per cent less than goods bought early in the season, and adhering to our fixed rule to always let our customers share in the benefits of the bargains we are getting, we are now in a position to offer many suits of rich and select patterns, productions of the best manufacturers in the country—at prices which you would have to pay elsewhere for ordinary and lower grade goods.

As an extraordinary bargain we offer to-day About 400 very fine Cheviot Suits—Sacks and Cutaway Frocks—at \$10.50. When you see this suit you will say that this is a ridiculously low price for such goods. The quality is A 1. They are all in new designs and combinations of plaids, mostly light shades; some are faced with silk, and the general make-up of these suits is like first-class custom work. There are a few solid blue chevits among them, wide wales and checks, which are now so popular. It is a pleasure for us to show and offer these suits in competition with suits for which other houses ask \$16.00 or \$18.00.

Another special bargain we place on sale to-morrow: 250 very good all-wool-Cassimere Sack Suits at \$5.90. We have never sold a suit of equal quality for less than \$7.50, and we would consider this suit very cheap at that price. There are two shades, a dark brown and a dark grey, both very neat. It will make a good business suit, as it is of excellent quality, well made, looks as good and will give fully as good satisfaction as any suit you pay \$10.00 for.

In connection with this suit sale we will offer this week extraordinary inducements in Spring Overcoats, as we are desirous to close them all out before the season is over. We have marked them down to figures which will induce you to buy one, even if you did not intend to.
