The marriage took place in a colored man's cabin about half a mile from the girl's home, where about hair a mile from the girl's nome, where three negroes are keeping bachelors' halt. It was followed by a lively charivari. When two days later the father learned of the marriage, he did not exclaim, "God bless you, my children." When Johanson went to get the marriage license he gave the name of Johnson, and the minister employed to marry the couple refused to perform the ceremony until Johanson secured a new license with his correct name.

O'Connell and Casey. The plaintiff states that Blazier disposed of one horse, set of harness, buggy and two wagons, which belonged to the plaintiff, and which were entrusted to the defendant for safe keeping The property disposed of is valued at \$425. Lilieneron followed up the case with additional charges against Blazier. He claims on August 16, 1888, Blazier induced himself and wife to sign a paper which he (Binzier) represented entitled him to ten years lease of two lots owned by the plantiffs on Fourteenth and Dorcas streets. In addition to this he claims that Blazier induced him to mortgage the lets for \$100, with the understanding the lots for \$4,000 with the understanding that he (Blazier) would construct a dwelling thereon and divide the proceeds from the rental equally. In doing this, Liliencron states that Blazier never intimated that he (Biazler) was in any way interested in the property. The two lots, however, were mortgaged by Blazier to the Mechanics & Traders' bank upon which he realized \$1, 151. He in turn gave the bank a deed to the property in question. To a reporter, Blazler stated that the allegations made by cron, were untrue, that he did not take any advantage of him; that he had repeatedly loaned him money, and at present held his paper for over \$1,600. He is of the opinion that at the trial he can clear himself of the charges. Upon his release upon the first charge he was re-arrested on a charge of obtaining money under false pretenses. This grew out of the alleged acquirement of deeds to the lots in question, which he disposed of to the bank. He was put under additional

PRICE \$10.00

We will offer on Tuesday, May 7th, 500 suits of Men's Cheviot and Cassimere Suits at the astonishing low price of \$10.00. These are suits which have been manufactured to sell for \$15 and \$18, but we are overstocked on them and have decided to make a grand clearance sale of several styles including such well known makes as the Sawyer goods that are sold by Jobbers for more money than we retail them for. As to quality of goods and character of trimmings and making, we can only say that they are in harmony with all goods that are sold at at the Continental. In all sizes, 34 to 44. Samples of the cloth or sample suits sent to any address free of charge.

THE LARGEST STOCK. BOYS' DEPARTMENT.

The public cannot attach too much importance to these two facts. A large stock is always necessary to a large business and a large business can only be built up on a low price basis. Our success is based on these facts. In proof of this statement, we will show in the Boys' Department this week, a line of 250 Boys' Short Pant Suits, in two popular shades of mixed cheviots, strictly all wool and the most popular styles we have shown this season. Thoroughly well made and trimmings unequalled, at the popular price of \$4.50 per suit. Ages 4 to 14. The goods cannot be duplicated and buyers will do well to make an early selection.

BOYS' THREE-PIECE SUITS, SHORT PANTS.

We will offer 50 suits of the above style in a choice mixed Cassimere goods (always sold in our stock for \$9 and \$10,) at the extraordinary low price of \$7.00, coat, vest and knee pant.

We carry a full line of Three Piece Suits and will offer this special line at \$7.00, knowing that it is one of the best values we have ever offered. Sizes 10 to 16 years.

EXPRESS ORDERS.

We will send packages containing suits of clothing, furnishing goods, cloths and woolens of all kinds kept in our establishment, to any address in Nebraska, Iowa, Kansas, Dakota, Colorado or Wyoming, C. O. D., giving buyers the privilege of examining goods before paying for them. By this arrangement people living in distant towns can obtain every advantage of seeing any article of merchandise in our stock at their own towns, examining the same before paying for them, and if not perfectly satisfactory, returning goods to us at our expense. Money for all amounts exceeding \$10 may be returned at our expense.

Try this arrangement. For years we have sent goods all over the United States in this manner by express with the most satisfactory results. You take no risks. Examine the goods, and return them at our expense if they do not please you.

George P. Bemis says that he thinks George Francis Train has broken his fast because of the fact that, on Sunday, he sucked an orange and drank a cup of coffee to give him strength to stand on his feet long enough to deliver a lecture.
