Captain Woods' Present.

Captain Woods, clerk of the police court, yesterday received an inkstand of a very handsome design from Henri Maryea, a Frenchman, who was in Omaha some time ago, and was shown a favor by the captain. The design of the present is an old oaken bucket made of bronze, set in a well, the frame of which is of handsomely carved walnut, suspended by a silver rope. The present came direct from Paris.

A Mistake.

Mr. A. J. Hayne, 1709 Center street, writes to Chief Seavey complaining of a house near by in which drunken orgies are held every night by dissolute men and women. Officer Mostyn was detailed to investigate the charges, and reports that Mr. Hayne must be mistaken, as the place is quiet. The basement of the house is occupied by a grader, and the men who come to the place are in the grader's employ.

Time is Money.

Mrs. Kate Shoots' elegant French clock, which cost $15, was stolen by one John Caldwell. He was arrested and sentenced to twenty-five days in the county jail, six on the thin diet of bread and water. John estimates that if he could put in this time at $2 per day instead of passing it in jail he could have bought a clock worth as much as the stolen one and have $35 besides. He says: "I have heard that time is money, but it isn't when it is stolen."

Doesn't Want Her Baby.

Mrs. Merritt, who lives at 2011 Cuming street, complains that an unmarried German or Swede girl of twenty-two named Tena Anderson, left her illegitimate four-months-old baby with her about ten weeks ago, agreeing to pay her $2.50 per week for the care of it. Tena has not only broken her promise, but has also concealed her whereabouts. She is a blonde with two moles on her left cheek, is short in stature and heavy-set. Mrs. Merritt says that a man who recently tended bar on Vinton is supposed to be the father of the child.

Official Change.

Eli Clayton has been succeeded as general manager of the Iowa and Nebraska Insurance company by M. J. Burns, until recently an adjuster of the City of London Insurance company.

The reason given by officers of the company is that Mr. Clayton, on account of his advanced age, was unable to fulfill the duties of the office. Mr. Clayton has sold his stock in the company to Mr. Burns, who will take immediate charge. He has now gone to Ottumwa, Ia., to bring his wife and daughter to their new home.

Mr. Burns is an old associate of Secretary Goodwin, of the Iowa and Nebraska company.

Mail Route Items.

The last remaining evidence of Cleveland's administration in the railway mail service in this division was sent on to Chicago yesterday. The bundle consisted of records and receipts which the new clerks and agents have no use for. After being examined at the division office in Chicago, the documents will be turned over to pallbearers tenderly borne to the department at Washington and carefully laid away in the cold, silent vaults.

H. C. Gardner, Ainsworth, and C. C. Wilson, Sterling, newly appointed route agents, were sworn in yesterday. The former takes a run between Ord and Grand Island, and the latter between Columbus and Atchison.

Pozoni's Complexion Powder produces a soft and beautiful skin; it combines every element of beauty and purity.

A NOBLE RED MAN.

He Asks For Assistance to His Northern Home.

George Humphrey, the well-known Winnebago chief, Wa-Ne-Ma-Neka, was at the county commissioners' room yesterday soliciting assistance. He is seventy-six years old, and had walked from a point in southern Iowa, eighty-five miles distant, without a cent to procure food or lodging with. He is trying to reach the home of his people, in Dakota county, and thought the commissioners might do something towards furnishing him transportation. Said he:

"I have some land up there and want to get my children fixed before I die, so that they will not want for anything."

Humphrey was one of the chiefs who deeded Council Bluffs to the government forty-eight years ago. He spoke briefly of the matter to-day, saying:

"At that time the town consisted of two log-houses. The white men who came out said they wanted to borrow it for thirty years. They gave the Indians two drinks of whiskey each, some provisions, promised them more when they wanted it, and that is the way the reservation was secured."

The old fellow also stated that at the time of the Black Hawk war, in which his father took part, he was a big fellow fourteen years old. "My father was a great friend, then, to Governor Dodge and General Steel, who had command at Fort Prairie Du Chien, and gave them all the assistance he could."

After he had grown to be a man, Chief Wa-ne-ma-neka went to college, acquired a good education, and took the name, George Humphrey.

An Imperative Necessity.

What pure air is to an unhealthy locality, what spring cleaning is to the neat housekeeper, so is Hood's Sarsaparilla to everybody, at this season. The body needs to be thoroughly renovated, the blood purified and vitalized, the germs of disease destroyed. Scrofula, salt rheum, and all other blood disorders are cured by Hood's Sarsaparilla, the most popular and successful spring medicine.

A Fateful Memento.

Mr. and Mrs. George H. Leslie returned from the east Wednesday, where they had gone to assist in the identification of the remains of Mrs. Leslie's cousin, Mr. Rufus A. Peverly, of Portsmouth, New Hampshire, who, as we announced a few days ago, was one of the unfortunate victims of the late railway disaster at Hamilton, Canada.

Mr. Peverly, after a two weeks' pleasant visit with his relatives here, had gone on to Chicago, and, after visiting some friends there, left on the ill-fated Grand Trunk train for New York, to enjoy the centennial festivities before returning home.

He had written friends in New York that he would meet them on Sunday evening. Not arriving, and noticing an account of the accident in the New York papers, Monday morning, inquiries were set on foot by telegram, when the news was wired from Hamilton that a shield, with the name of R. A. Peverly, 326 Broadway, New York, was found among the debris at Hamilton.

Loving friends hastened to the scene of the accident, but, alas, out of eighteen unfortunate occupants of the sleeping car eleven were burned beyond recognition, most of them being headless and limbless.

Mr. Peverly's relatives secured his watch chain, onyx charm with his monogram, and a shield with his name engraved in full thereon, which is all that remained of his personal effects.

The engraved shield, which was the only evidence to mark the absolute certainty of the manner of his death, was purchased by Mr. Peverly, some fifteen years ago, prior to his departure on a trip to Europe, giving his then New York business address and it seems to have been a most providential thing that he should have worn it constantly all these years.

The eleven unidentified bodies were publicly buried at Hamilton on Tuesday afternoon.

Mortuary.

The remains of Miss Katie Sullivan, who died last Tuesday, were interred in the cemetery of the Holy Sepulchre yesterday.

The remains were first taken to St. Philomena's cathedral, where solemn high mass was celebrated, Fathers F. McCarthy and S. F. Carroll, of this city, and Father Tighe, of New Jersey, officiating. The pall bearers were Jeremiah Mulvihill, James Swift, Thomas Flynn, Richard Mulcahey and Jeremiah Linehan.

The funeral was very largely attended, nearly one hundred carriages being in the cortege.

Few deaths have taken place in this city which has occasioned such wide-spread regret among a large circle of acquaintances as that of Miss Sullivan. She had lived nearly all her life in this city, was widely known, and the charm of her presence and disposition was by every friend appreciated. Coming so soon after that of her father, her death is a blow upon both family and friends which is severely felt.

The remains of Ellen F. Chambers Everett, who died Wednesday evening at her residence, 1423 Howard street, were forwarded yesterday afternoon to Boonsboro, Md., for burial.

BOARD OF PUBLIC WORKS.

Initial Steps Toward Completing the Work of Laying New Sidewalks.

The board of public works has taken the initial steps to complete the work of laying sidewalks in the permanent sidewalk district, established by the council in September, 1887. The district comprised 961,680 superficial square feet. Of this amount there remains 217,840 square feet, of which J. E. Riley & Co. have the contract for the construction of 115,000 square feet. The board of public works has condemned the remaining walks in the permanent district, and the matter has gone to the council committee on sidewalks. It will probably be concurred in and stone or artificial stone walks will be ordered. The condemned sections are located as follows:

Now! In the Spring of the Year.

During winter, nature wisely arranges that we should live on foods containing much fat, or, as they are known, hydrocarbons, for the purpose of supplying heat to the body; the chemical operation necessary to transform fat into heat is the exclusive work of the liver, and so during the time stated it is constantly congested.

With the approach of warm weather our diet changes to muscle-producing food, and the work of the liver is much lessened. In the majority of cases, however, it is unable to completely throw off the excess of bile, but remains congested, causing that lazy, tired feeling which many have in the spring months, when the weather becomes warm.

This is evidence of an unhealthy condition, and though people appreciate the necessity of an alterative at this period, the common idea is to take drastic pills and produce a cathartic effect, only to make matters worse. The liver must be unloaded, and its proper action restored before hot weather, if you wish to preserve health, and if this distinct call of nature is unheeded serious results will occur.

The blood will become loaded with bile and lithic acid, and as every drop of vital fluid passes through the kidneys to be purified, they soon break down and are unable to carry out the deadly poison. Warner's Safe Cure and Warner's Safe Pills have not only a specific action on the kidneys, but on the liver also.

They thin the thickened bile so that it will pass out through the ducts, enable the glands to unload themselves, act as a solvent on all biliary acids and in a word, fit these organs for the season's work, preventing blood poisoning, inflammation abscess, and all affections to which they are so liable.

As you value the blessings of health, do not allow the summer to approach without giving your system a "general house cleaning in the manner we have indicated.

"To be forewarned is to be forearmed."

Wanted His Neighbor's Line.

Ira Jackson's arrest was caused by his stealing several yards of rope from H. F. Petrie. The complaining witness testified to what the rope was worth, although bystanders differed from him, alleging that 25 cents was a high price for it. But as he had stolen the article the difference in the estimated value of it cut no figure, and he was sentenced to twenty days, the first and last three on bread and water.

DIED.

CHAPMAN—In this city May 8, 1889, Frederick H. Chapman, aged forty-nine years. Funeral, May 10, at 2:30 o'clock p. m. from northwest corner of Twenty-sixth and Seward streets to Prospect Hill.

More than 20 pieces of bone came out of her legs, and the doctors said amputation was the only remedy to save her life. I refused the operation and put her on S. S. S. and she is now up and active and in as good health as any child. Miss ANNIE GUNNING,

BEFORE YOU BUY

Your Spring Suit or anything else in our line, ask yourself this question: Is there a larger or more reliable house than the Nebraska Clothing Company? No city in the West has a larger nor better conducted establishment, and what is more, no city in the Union has a store that sells goods as cheap as we do. We simply invite comparison of our goods and prices with those of any other house. Every day we serve customers who are amazed at the low figures at which our goods are marked.

The Cheviot suits we advertised last week are pronounced by everybody to be the greatest bargain, and nothing ever shown here can approach them. The Sacks are nearly all gone, but of Frocks we show a larger line than last week, having received during the past few days several big lots, many of which are much finer than those advertised before The new ones are all with fine silk facing, and make elegant fitting garments.

In addition we will offer to-morrow a lot of strictly all wool Cassimere Sack Suits at $4.50. This is the greatest all wool suit ever offered, and we do not hesitate to pronounce it ahead of any suit for which other houses are asking $7.50 and more. It is of a stylish light check, well trimmed and made, and makes a handsome as well as a durable suit.

We are pleased to announce that we have again a large stock of those fine English Corkscrew Suits at $10.00 and customers who have been waiting for these suits, can now be supplied—This is the most extraordinary bargain ever offered and the fact that the first big lot was sold in such a short time proves it.—Those we have now are if anything better lined and finer made than the first ones. As we made such a hit with those suits, we take pride in having them made up well. Send for a sample of these suits, it will do you good to see it.

A visit to our new shoe department will soon convince you that you have been paying right along too much money for your footwear, We will show you the finest Calf Shoe strictly handsewed welt, at $3.90 which cost you in regular shoe stores $5.50 to $6.00. Excellent Calf Shoes, Goodyear welt which is as good as handsewed at 2.75. These are destined to be the most popular shoes in Omaha. They have neither pegs, wax threads nor tacks inside to hurt the feet, and are as flexible as genuine handsewed shoes. The identical shoe costs you in any other place from $4.00 to $4.50. We have them in congress and lace, all widths and sizes.
