

THE CITY.

There are at present eighty-one men on the Metropolitan police force of Omaha.

A little blaze in a restaurant saloon at Fifteenth and W streets did about \$20 worth of damage yesterday.

Mr. Lydia S. Henry, mother of Mrs. James E. Boyd, of this city, died at San Jose, Cal., last Thursday.

All ladies desiring to join the physical culture class of Miss Jenness, are requested to meet at the First Presbyterian church, Tuesday, at 4 p. m.

Fifty-three persons were arraigned in the police court yesterday, ten on the charge of drunkenness. Many of these had been arrested Saturday night.

The article in THE SUNDAY BEAR concerning the development of the north-eastern part of the city along the bottoms, resulted in an unusual influx of visitors to that part of the city.

The shoe-shaped advertising wagon of the Chicago Bargain Shoe company, was run into yesterday, by a street car at the corner of Thirtieth and Tipped over. No particular damage was done.

There is some talk of having hydrants placed in the neighborhood of Florence, as a protection against fire. There is great need of such provisions. The nearest water mains are now about a mile distant.

There will be a meeting of the Sixth Ward Non-Partisan club and all other voters interested in the school bond question, at the Franklin school, Thirty-fifth and Franklin streets, this evening at 7:30 o'clock.

J. W. Carr, esq., Dr. S. R. Patton, William Turner, George R. Butler, Henry Creighton, J. Cramer, N. W. Charles, George Weber and P. H. Johnson, of this city, and A. Jackson, of South Omaha, left last night to attend the biennial session of the grand lodge of United Workmen.

Personal Paragraphs. E. W. Nash and wife have returned from the east. Col. John S. Hoover, a prominent banker at Blue Hill, is at the Arcade.

John H. Markley, receiver in the land office at O'Neill, is at the Arcade. E. Cook, John Fisher, C. C. Taylor, and D. W. Irwin, of Akron, Colo., are in the city.

Dr. Charles Rosewater, who has for more than a week been dangerously ill with erysipelas, is slowly recovering. It is expected that within a week he will be fully restored to health.

C. H. Norton, the conductor on the Fremont, Elkhorn & Missouri Valley railroad who met with a serious accident a short time ago, is recovering slowly, but is not yet able to attend to his business.

Ellis' Plan. F. M. Ellis, the architect, who designed the plans for the city hall "villas," says that he did not have a far show in the exhibit of the same, as some of the drawings were left by the committee in the city council chamber for some time after their removal to the city house.

That Decrease. In the bank clearings of last week there was a decrease of 27 from the clearings of the corresponding week last week. Mr. William Hughes, secretary of the Clearing House association, ascribes this to the fact that for the corresponding week last year, unusual events made the showing extraordinarily high, while this year circumstances of mere chance made them low. The clearings have averaged much higher this year than last.

Another Financial Institution. Another evidence of the fact that eastern capital is seeking investment in Nebraska is found in the fact that another financial institution, the Rochester Loan & Building association, is about to locate in this city. The home office is in Rochester, N. Y. The association was primarily intended for building purposes, but it accumulated so large a surplus that it is desirous of loaning it on real security. The capital of the concern is \$700,000. The office will be located in the Brown building, Sixteenth and Douglas street.

New Corporations. The Lights of Geneva regiment filed articles of incorporation with the county clerk. It is an organization intended to unite the fraternal bond of the Italian population of Nebraska and educate them in their native language; also to advance the members in moral and material respects to hold lectures, cultivate charity and assist the sick and other in sickness and distress. The officers and directors are J. B. Curio, president; Nicola Saraceno, secretary; Louis Curio, treasurer; D. S. Merli and John Capolucio, trustees. The place of business will be in Omaha.

Wm. K. Smith, Paul H. Stoutell, DeMott Smith and George H. Moore have filed articles of incorporation as the Nebraska Fur and Skin company, with a capital stock of \$5,000.

Doesn't Want Damages. Some time ago suit was commenced in the district court by one Emma Ruberly, a domestic, against Charles Baumly, an aged and quite wealthy citizen for \$10,000, for breach of promise. The affair created considerable excitement among Mr. Baumly's friends, who pronounced the case one of blackmail, because they claimed he had not been acquainted with Miss Ruberly long enough to form an alliance with her. This view is borne out in proceedings had very quietly one day last week in the district court, when the lady voluntarily withdrew her suit.

Miss Ruberly is described as a plump, attractive young woman of the pronounced blonde type, and in many ways quite accomplished.

Licensing Transient Teamsters. The article in THE BEAR, several days ago, with reference to licensing transient teamsters, has found its way into the columns of Omaha who have established permanent homes here. They substantiate the fact that these itinerants, in the past three years, have taken in a great deal of money which they earned in grading, without offering anything like a return to the city. They live in tents, pay no taxes, and soon as public improvements are over, fold the same and silently steal away. This has the effect of throwing out of employment a number of teamsters who have purchased rigs, established homes and pay taxes. In deference to the wishes of this class of people it is expected that, tomorrow night, the new law, however, introduced in the council compelling all non-resident teamsters to take out licenses with the hope that in this way there will be an equalization of the benefits.

New Insurance Law. Mr. A. M. Weir, formerly secretary of the board of underwriters of this city, has been succeeded by Jacob Geyer, who retains the former office in the Range building.

Speaking on the subject of the value policy law which was enacted by the last legislature, he says it will have the effect of forcing the appointment of agents by the several companies, who will be disposed to be more careful in writing policies upon property desired to be insured.

"Under the old law," said Mr. Geyer, "a man was paid what his property was estimated to be worth in the event of destruction. Under the new law, however, in the event of destruction the face value of the policy will be paid."

In some respects, Mr. Geyer considers the law as an incentive to incendiarism. In the state of Wisconsin, where a similar law has been in effect for many years, the companies have paid about two million dollars over and above what they would have been compelled to pay under the old regime.

Most complexion powders have a vulgar glare, but Puzoni's is a true beautifier, whose effects are lasting.

THE KITCHEN CABINET.

It Discusses the Pros and Cons of the Union Depot Project.

The kitchen cabinet had a very exciting session yesterday afternoon. Only three members were present, but they indulged in enough vociferous talk for a dozen. "It is a settled fact," said one, "that the Union Pacific and Burlington companies are going to build a half million dollar depot."

"Don't you believe it," replied a member of the board of public works. "But they have signed the agreement and made an appropriation."

"Same old story that we have been hearing for fifteen years."

"There are too many 'ifs' in that agreement," interposed an ex-member of the same body. "Only one," suggested the reporter, "and that provides for a viaduct on Teath street to be built by the city."

"A very careful provision," observed the first speaker. "They know that under our present law we can't raise money to build a viaduct."

"Let me inform you," shouted the second speaker, "the city has appropriated \$100,000 to build a depot. They know that they are getting ready to turn their backs over to the government unless the next congress grants them that extension of time on their debt."

With these declarations let loose, the two veterans sallied into a red hot revival of reminiscences, and reviewed the history of Omaha's deals with the Union Pacific administration for twenty years past. As they talked their spirits grew pugilistic, and they walked the floor like caged lions.

Should you or any of your friends be troubled with a persistent cough or cold, do not be alarmed, as it can be easily and speedily cured. A fair trial of Chamberlain's Cough Remedy will soon satisfy you of the fact. No cold, however severe, can long withstand its effect. It does not dry up a cold, but loosens and relieves it. It leaves the system in a natural and healthy condition. For sale by all druggists.

FERRER THE FORGER.

A Former Union Pacific Clerk Now a Fugitive From Justice.

M. J. Ferrer, who, two years ago, held a clerkship in the Union Pacific headquarters in this city, is now known to be a forger. He is wanted in St. Louis for signing the name of a prominent merchant of that place to a check without leave. The forgery was committed on the first of the present month and so cleverly executed that it was readily accepted at the bank where it was presented. Ferrer received \$3,000 on the check. He then disappeared. A reward of \$50 is offered for his arrest.

"He is fifty-two years old, but looks younger. He is five feet two or three inches high, weighs about one hundred and twenty pounds, has dark complexion, black hair and mustache and hazel eyes. He is of Spanish descent, speaks his ancestral tongue like a native Castilian, and is of quick and nervous disposition. He has a scar on the right side of his mouth and a dimple in his chin. He is a splendid peunman. His wife, who is with him, is twenty-five years old, five feet six, slender and sickly-looking and has brown hair. The crime committed by him is a surprise to his friends here. His portrait is now in the rogues' gallery at the police station.

Still Boss of the Mails. "Have you received any notice as yet to vacate?" was the inquiry put to Postmaster Gallagher, and in reply came the answer: "No, though as I understand it, my successor will not be selected until Wednesday. Probably Thursday morning's papers will convey to me the information that my services are no longer required."

Mr. Gallagher, however, displaying any perceptible uneasiness. His assistant offered to wager three cigars that no appointment would be made without the master's approval, and intimated that further postponement at Washington would give him encouragement to serve out his term.

Have you rheumatism? Have you indigestion? Have you Bright's disease? Have you any kidney trouble? Have you any bladder difficulty? Have you dropsy? Have you dyspepsia? Have you any skin or blood disease? Are you a victim of alcoholism? Are you weak and debilitated? If so, the Almighty has provided in the waters of Excelsior Springs, Mo., a pure free remedy, that as a diuretic and tonic, will more nearly prove infallible for your case than any other agency you can find on earth.

"The Excelsior Springs, Mo., is nowhere surpassed among first-class hotels. All charges very reasonable. Every comfort and convenience. Surroundings attractive. Climate delightful and healthful. Twenty-six miles from Kansas City, Mo., on the C. & St. P. railroad.

Park Commissioners. Anxiety on the question of park commissioners will probably be relieved to-day. It was expected by many that the judges would announce the names of the parties selected yesterday, but late in the afternoon information leaked out to the effect that the judges had not yet agreed upon them.

Judges Wakeley and Doane were in close consultation for an hour or more after the morning session of court, but so far as can be learned they failed to reach a conclusion as to several of the applicants.

The list, however, they say will be filed with Frank Moore to-day. It is pretty generally believed that Dr. George L. Miller, Judge W. Sawyer and G. W. Dingler have been agreed as members of the board. Clerk Needham has been mentioned as a possible fourth.

Mementoes of the Trip. Charles Caesar, the photographer who accompanied the board of trade on its trip to the Black Hills, has finished nineteen views which he took on that memorable excursion. They are worked up in a high style of the art, show good likenesses of nearly all the members of the board and are highly appreciated by the gentlemen who stood as subjects. Mr. Caesar is now visiting the excursionists at feeling no difficulty in disposing of his excellent work.

Catarah Cured. A clergyman, after years of suffering from that loathsome disease, Catarah, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending self-addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York city, will receive the recipe free of charge.

Too Much Muscle. John Dillon, who lives at Eighth and Grace, has sworn out a warrant for the arrest of John Chest, a powerful man of thirty, whom the complainant alleges, picked up Dillon's eleven-year-old daughter and threw her violently to the ground, knocking out a number of the little girl's teeth besides bruising her and injuring her internally.

BOYS' DEPARTMENT. THE LARGEST STOCK. THE LOWEST PRICES.

The public cannot attach too much importance to these two facts. A large stock is always necessary to a large business and a large business can only be built up on a low price basis. Our success is based on these facts. In proof of this statement, we will show in the Boys' Department this week, a line of 250 Boys' Short Pant Suits, in two popular shades of mixed chevots, strictly all wool and the most popular styles we have shown this season. Thoroughly well made and trimmings unequalled, at the popular price of \$4.50 per suit. Ages 4 to 14. The goods cannot be duplicated and buyers will do well to make an early selection.

BOYS' THREE-PIECE SUITS, SHORT PANTS.

We will offer 50 suits of the above style in a choice mixed Cassimere goods (always sold in our stock for \$9 and \$10) at the extraordinary low price of \$7.00, coat, vest and knee pant.

We carry a full line of Three Piece Suits and will offer this special line at \$7.00, knowing that it is one of the best values we have ever offered. Sizes 10 to 16 years.

EXPRESS ORDERS.

We will send packages containing suits of clothing, furnishing goods, cloths and woollens of all kinds kept in our establishment, to any address in Nebraska, Iowa, Kansas, Dakota, Colorado or Wyoming, C. O. D., giving buyers the privilege of examining goods before paying for them. By this arrangement people living in distant towns can obtain every advantage of seeing any article of merchandise in our stock at their own towns, examining the same before paying for them, and if not perfectly satisfactory, returning goods to us at our expense. Money for all amounts exceeding \$10 may be returned at our expense.

Try this arrangement. For years we have sent goods all over the United States in this manner by express with the most satisfactory results. You take no risks. Examine the goods, and return them at our expense if they do not please you.

SEYMOUR PARK. A Syndicate in New York Contemplating Its Purchase.

A syndicate has been formed in the east for the purchase of the beautiful tract of land known as Seymour Park, situated southwest of the city.

On Saturday last, careful inquiries were made from nearly all the bankers and leading real estate men as to the value of the property and the showing was in keeping with the figure at which the eastern people and themselves appraised it. The intention is to establish the park as one of the leading residence districts in the city, where men of wealth may erect elaborate and permanent homes. It is understood that several of our leading merchants have already decided to purchase and lay out beautiful grounds with this end in view. The park now contains about one hundred thousand trees. A motor line will be extended to the place, the place divided into lots and blocks and sold with the end in view as above indicated.

On the Seas. Agent Cooper, of the Nickel Plate, reports that the shipment of cattle from Kearney to Glasgow, the first of the kind made, and which passed through Omaha several days ago, has left New York for its European destination in the Allan steamship, Siberia, and it is expected will reach its destination within the next eight days.
