Both boys are confined to their beds.

Rain in the Rookery. The rain poured down in torrents through the roof on the city hall Tuesday night, doing about \$100 worth of damage to the carpets and books in Chief Seavey's room, and about the same in the mayor's office and the council chamber. Comptroller Goodrich says he has doubts as to its being paid. A woman living at the "Open Door" conceived the idea, it seems that somebody was trying to poison her and had the tea taken to Chief Seavey. The latter referred it to Patton, so the story goes, for analyzation. If any poison was found the fact has not been deshored. It has been remarked that the teasion in the story been referred to the city payA FATEFUL VISIT.

A Nephew's Call Leads to an Old Man's

Murder. The Hon. A. J. Poppleton returned last evening from Colorado, where he went several days ago to act as advisory counsel in behalf of a nephew, charged with murder. Brief telegraphic reports of the affair have been printed in these columns, but they gave only a meager account of the facts. The accused is well known and highly respected, especially in insurance circles. The facts of the case are about as follows:

C. F. Hatch has been for eleven years general agent of the Travelers' Insurance company for New England. He resides in Boston. Last January he took his wife to California hoping that the climate would be of benefit to her broken down constitution. Enroute home, he stopped off at Denver to visit his uncle, Henry Hatch, who resided alone in a small log cabin on a pre-empted claim near Flagler, a station on the Rock Island road about forty miles west of the Kansas line. He reached Denver Fri-day evening April 26, and arrived at Flagler between 6 and 7 o'clock that evening. It was his intention to make arrangements for assisting the uncle by loaning him money to prove up on his land. He drove out to the

prove up on his land. He drove out to the cabin, remained there until midnight, and then returned to town and took the early train, Sunday morning, for Denver, and thence proceeded, without delay, on his journey eastward.

The next stop made was at Birmingham, Mich., where his father-in-law, Mr. O. Poppleton, brother of Andrew J., resides, intending to visit him for three or four days. While there the sheriff of Oakland county received a telegram from Colorado, to arrest Mr. Hatch for the murder of his uncle, who had been found dead in his cabin, Monday evening. Without waiting for a requisition, evening. Without waiting for a requisition, he returned at once to meet the charges and clear himself. The only ground for his arrest was that he had been the last man seen at the uncle's cabin.

As soon as he reached Flagier, the preliminary asymmetrical in the commenced of th

inary examination was commenced. It lasted five days and resulted in his being discharged. After making his own explanation and establishing by pienty of witnesses, an undoubted slibi, the magistrate said that the evidence against the defendant, all of which was purposely circumstancial, was not sufficient to hold him.

There happened to be half a dozen prominent Boston men in Denver at the time who knew Hatch well and voluntarily testified in

his behalf.

That the uncle was murdered in cold blood there is no doubt. Wounds and bruises showed that he had been hit several times on the head by some heavy instrument. No clue has yet been obtained, however, as to who the mur-derer is. The deceased had been telling his neighbors, and they are said to be a class of rough, frontier squatters, that his nephew was going to bring him money to prove up on his claim. Therefore, the most reason-able theory is that some of them watched the nephew coming and going, and suppos-ing that he had left money with the lonely old man, killed him to get it.

### PARK COMMISSIONERS.

They Meet in the Commercial Bank for the First Time.

Speaking on the subject of his duties and intentions as a member of the board of park commissioners, Dr. Miller said :

"You may say for me that I do not care at present to express my personal views in respect to the scope of our park interests and shall have to decline outlining any method of procedure until I have had an opportunity to meet my colleagues on the commission. It is well known to men who know me at all that I regard parks as as much of a factor in the building of urban communities as I do com-mercial houses or banks. They have be-come a necessity to the older cities and no cost is ever considered too great to make them attractive and health-giving to the peo-ple. My own views may be very distinctly stated to be that parks are for the masses of the people and that they should be as con-venient to the population, and especially the

poorer population, as possible." Judge Lake had not found time since his notification of appointment on the commisnotification of appointment on the commis-sion, to formulate any views for public ex-pression, but would certainly, in connection with his co-laborers, give attention to the needs of the public in parks and bouleyards. The first meeting of the board was held yesterday afternoon at 3 o'clock, in the parlors of the Commercial National bank. Messrs. Miller, Pratt, Millard, Lake and Lininger were present.

Lininger were present.
Dr. George L. Miller was elected chairman for one year, and Guy Doane, secretary.

A Repulsive Crowd. A dirty, shiftless looking fellow named Ransom Stancliffe was arrested Tuesday on the charge of kidnapping. It appears that the child belongs to him and a degraded woman named Ella Cimbail who formerly lived with him as his wife, but who deserted him to consort with a soap peddler named R. D. McCutcheon. The soap man quarreled with her and wrote to Stancliffe informing him of her location here. The former came and took possession of the child. Yesterday, it was found that could be done with the man and he was re-leased. The two walked together down the street and settled the case between them.

Southern Eloquence. The Rev. Sam Small will deliver his celeorated lecture, "From the Bar Room to the Pulpit," Monday evening, May 20, at the First Baptist church.

## UR REPUTATION

As spot cash buyers is known to all woolen mills and manufacturers. We are receiving daily samples from importers and manufacturers offering for ready cash large quantities of goods far below the market value rather than sell them on customary terms-4 months or longer. Spot cash will work miracles and we have closed out several large lots at prices incredibly low and are able to offer extraordinary values.

The most of the late purchases are very choice goods from some of the best manufacturers in the country; we do not mention names of the woolens or the manufacturers. How easy it is for a house to give things a name and call this a Fitchburg, that a Sawyer, etc. We use no deception; don't tell you any stories, but simply offer you FIRST CLASS GOODS, THOROUGHLY WELLMADE, AT PRICESLOWER THAN ANY OTHER HOUSE DARES TO NAME. And we back up the quality of all goods we are offering by our iron clad guarantee: IF GOODS ARE NOT AS REPRESEN-TED YOUR MONEY IS REFUNDED.

If you have not yet traded with us and don't know us ask your neighbors or your friends about us. You will find among them many that have traded with us. Ask them how we are selling goods; ask them if our goods did not always give entire satisfaction in ever particular, and above all ask them about our way of doing business.

Among the new bargains we have just opened are the following: A large lot of excellent Business Suits, in neat shades of checked and striped cheviot, well gotten up, and suits for which other houses would charge at least \$12.00. We have marked the entire lot, \$7.90 per suit.

A lot of very fine blue serge suits, warranted fast colors, with excellent lining and elegantly made, at \$9.50. The same quality of suit is sold everywhere at about \$15.00. This makes a splendid summer suit.

The above two lots are only in Sacks, sizes from 35 to 42.

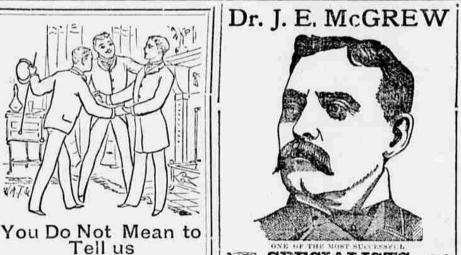

Those elegant silk faced Cheviot Suits we are offering at \$10.50 are exciting the admiration of all customers. They have not yet been duplicated by any house. In Men's Furnishings we offer this week special drives in light weight Underwear and fine fancy Flannel Shirts. We have an immense variety at prices which
