Colonel Guy Henry and elder sonwent to Bellevue yesterday to arrange for his family going down to spend the summer at that place. The colonel has taken rooms in the Clark house, and intends to board. He can come up in the morning by the B. & M., and return in the evening by the same route, or at any hour by the Union Pacific to Albright, and drive thence to Bellevue, about four miles. The plan is an excellent one to obtain fresh air and a change, and if it works well may in the future lead to our citizens making the latter place a summer resort.

# Personal Paragraphs.

P. E. Hall, superintendent of constructio of the Northwestern road is in the city. S. T. Leaming, a prominent insurance man at Decatur, is a guest at the Arcade. A. C. Abbott, county clerk, and J. S. Lem-man and J. H. Miller, county commissioners

## Mail Tables.

Paul Vandervoort, the superintendent of mails, is preparing a schedule similar to that used in all large postoffices, for the conveni-ence of business houses, showing the arrival and departure of all mails. He has sent his copy to Chicago, and is having it printed by the Railway Age. Shoets will be furnished to all the newspaper offices, banks and large business houses, as well as to private citizens who may make application for them.

### City Ice.

Bids were to have been received from ice dealers yesterday to furnish the city offices with ice but, not a proposition was made. Comptroller Goodrich said he presumed the dealers proposed to do as they did last year, let the city buy of whom it pleased, and pay the same as pri-vate customers. All the ice men are in the combine. It is theught there will be little combine. It is thought there will be little competition in the deal.

Messrs. L. H. Korty, William R. Bowen and Judge Anderson are members of the local committee whom, he said, it was advisable to see. He suggested that Byron Reed and some others of the large inside property own-ers make a tender of a block near the center of the city, as that would be more acceptable than ten blocks on the outskirts. THE ART EXHIBITION.

A Glance at Some of the Gems on the Gallery Walls. The visitor to the art exhibition now in progress at the new Brown building, Sixteenth and Douglas, enters on the second floor a spacious and magnificently lighted room, filled with a sauntering throng of spectators. Rows of seats conveniently arranged extend down the entire length of the fine room, and tall, graceful tropical plants beau tify every nook and corner. Along the east and north wall, from floor to ceiling, are hung the oil paintings of the exhibit, some of them worthy of similar places on the walls of the great European galleries, and all of them a revelation to the disbeliever in a western art center. Along the south and a portion of the west walls are many gems in water colors, crayon and pen and ink, while here and there in all parts of the room are glass cases filled with beautiful specimens of china painting and pottery. In the decorations of the room, the number and merit of the contributions, and in every respect, the affair is a complete surprise. The success of the exhibition and the re

# **OUR REPUTATION**

As spot cash buyers is known to all woolen mills and manufacturers. We are receiving daily samples from importers and manufacturers offering for ready cash large quantities of goods far below the market value rather than sell them on customary terms-4 months or longer. Spot cash will work miracles and we have closed out several large lots at prices incredibly low and are able to offer extraordinary values.

The most of the late purchases are very choice goods from some of the best manufacturers in the country; we do not mention names of the woolens or the manufacturers. How easy it is for a house to give things a name and call this a Fitchburg, that a Sawyer, etc, etc. We use no deception; don't tell you any stories, but simply offer you FIRST CLASS GOODS, THOROUGHLY WELLMADE, AT PRICESLOWER THAN ANY OTHER HOUSE DARES TO NAME. And we back up the quality of all goods we are offering by our iron clad guarantee: IF GOODS ARE NOT AS REPRESEN-TED YOUR MONEY IS REFUNDED.

If you have not yet traded with us and don't know us ask your neighbors or your friends about us. You will find among them many that have traded with us. Ask them how we are selling goods; ask them if our goods did not always give entire satisfaction in ever particular, and above all ask them about our way of doing business.

Among the new bargains we have just opened are the following: A large lot of excellent Business Suits, in neat shades of checked and striped cheviot, well gotten up, and suits for which other houses would charge at least \$12.00. We have marked the entire lot, \$7.90 per suit.

A lot of very fine blue serge suits, warranted fast colors, with excellent lining and elegantly made, at \$9.50. The same quality of suit is sold everywhere at about \$15.00. This makes a splendid summer suit.

The above two lots are only in Sacks, sizes from 35 to 42.

Those elegant silk faced Cheviot Suits we are offering at \$10.50 are exciting the admiration of all customers. They have not yet been duplicated by any house.

In Men's Furnishings we offer this week special drives in light weight Underwear and fine fancy Flannel Shirts. We have an immense variety at prices which no other house will make.

Samples of goods and rules for measuring sent on application, and mail orders promptly attended to.

Assistant City Attorney Cobb informed Chief Seavey that he could not prosecute Ernest Meyer and Charles Kammerer on the "keeping their saloons open on charge of Sunday," because the licenses for those places are held by Jetter & Young, of South Omaha. Mr. B. Jetter has been arrested and will have a hearing May 21, at 2 p. m. Meyer and Kammerer both keep boarding houses, and claim that it is necessary for them to maintain saloons in connection with them.

### Old Hutch's Secret.

B. P. Hutchison, better known as Old Hutch, astonished the world by the manner in which he manipulated the Chicago wheat market-making, 'tis said, the enormous sum of \$5,000,000, on his wheat deals, in less than a month.

A prominent resident broker of Chicago, who knows him well, tersely sums up Hutchison in these words: "What knows, he knows well, and that's Old Hutch's secret."

We once heard a prominent stock operator, speaking of Jay Gould, remark: "He knew a year ago what the balance of us are just finding out. Gould knows his business thoroughly and we don't, else we, too, would be Goulds.'

### Piles Can be Cured. Richard Bennett, Westfield, N. Y., writes: For thirty-two years I suffered from piles, both internal and external, with all their attendant agonies, and like many another suffered from hemorrhoids. All those thirtytwo years I had to cramp myself to pay doctors and druggists for stuff that was doing me little or no good. Finally I was urged by one who had had the same complaint, but had been cured by BRANDRETH's PILLS, to try his cure. I did so, and began to improve, and for the past two years I have had no inconvenience from that terrible ailment.
