Additional Paving.

The city council has given property owners along the following streets thirty days to select the material with which they desire their thoroughfares paved: On Davenport from Thirtieth to Hillside addition; Chicago from Thirtieth to Hillside addition; Thirty-first from Cass to Davenport; Bristol from Twenty-fourth to Thirtleth; Thirtleth from Bristol to Spaulding.

Coaling Stations. The St. Paul & Omaha will move its Covington coal shed to Herman, and its Oakland coal shed to Bancroft. Its coaling stations are to be: Omaha, Herman, Bancroft, Emerson and Sloux City. As the coal is hauled from the mines north via Omaha, the idea is to avoid hauling farther north than absolutely necessary as much of it is used by southbound engines.

Want More Trains. There is a considerable feeling among people living along the Belt line about the lack of suburban train service after night. The last train out from the Webster street depot leaves at 6:20 p. m., and the latest one to arrive reaches here at 8 p. m. This does not allow the people living in the suburbs any chance to enjoy the benefits of the theaters, or other evening entertainments, or to at tend to any business down town after night.

An Accident Occasioned by Attention to an Injured Boy.

A number of Missouri Pacific employes near by carried him to a house near by and sent for a physician who set the fractured limb. Among the men who attended to the boy's wants was the switchman at that point. He forgot that he had left his switch open, and in a few that he had left his switch open, and in a few moments a passenger train came in and the engine, tender, baggage car and two coaches were ditched. The Ricketts-Woods Case.

Judge Berka yesterday heard the case of Dr. M. O. Ricketts against John Woods, an action on the equal rights act. Evidence was produced to show that Woods had refused to sell Dr. Ricketts beer unless he paid \$1 a glass for it. The defense was made that Woods has a right to fix any price he wants upon his wares. Judge Berka took the mat-ter under advisement until to-morrow.

Sam Small's Lecture.

More than five hundred people crowded the First Baptist church last night to hear Sam Small's lecture, entitled, "From Bar room to Pulpit." Mr. Small, according to his own statement, was a patron of bar-rooms for seventeen years, and has only been four years in the pulpit. He consumed the greater portion of his time in telling how awfully bad he used to be when he was starring as the worst drunkard in Atlants, and closed by contrasting his former degraded condition with his present life. He attributed the change entirely to the overwhelming power of Divine Grace, and asserted that no man who has fallen aslow as he once was has will power enough to recover his position without according solutions and without accepting religious aid.
