The First Biennial Session Held in Nebraska Assemblies. Thirty-six delegates to the biennial session of the supreme sitting of the Iron Hall, beginning to-day and continuing through the week, in Metropolitan hall, many of them accompanied by their wives, reached Omaha from the east over the Wabash road yesterday morning. The party was met at the transfer by Mr. George Brush of this city and conducted to the Millard hotel, where they will stay during the session.

The Iron Hall is a co-operative fraternity offering pecuniary aid and protection to all acceptable white persons between eighteen and twenty-five years, who believe in God and are able to earn a living. The association has no state organization and all local branches are under the immediate control of the supreme sitting. This has its headquarters at Indianapolis. This is a representative body made up of delegates elected from districts which must embrace a certain number of branches and members.
