THE SPECULATIVE MARKETS.

Wheat Forced Down by the Bears and the Crowd.

SELLING ON WEATHER CHANCES.

Corn More Active and Exports Very Large-Oats Depreciate Slightly-Provisions Up a Little, and Cattle Down.

CHICAGO PRODUCE MARKETS.

Curcago, May 20. - [Special Telegram to THE BEE. |- The wheat market started off briskly and brashly to-day, with July selling at 77c right at the opening, and 77% c a few minutes afterward. December was worth 76%c. The object of greatest interest and closest study, before and around the opening was the weather map. This showed general rains in the latitude of Chicago as far west as Iowa, and as far east as Ohio. Wisconsin and Michigan were down as frosted, and the northern half of the latter state was labeled "killing frost." An area of high barometer in the northwest is looming up on the map, and this was taken by a majority of amateur weather students to presage warmer and drier weather. The average of temperature is still very low, however, over an extensive area, including almost all the territory north and northwest of the Ohio river, and clearing skies and frosts are expected to-night, which may be dangerous. Some weather experts contend that the high barometer, mentioned as leading the way does not mean that the weather is going to turn out warmer immediately, but the reverse. However, the local crowd jumped to the conclusion that the danger of the further extension of the frost area to the southward was past for the present, and that the thing to do was to sell wheat. This they did with the result that the market eased off. The outside world sent in a good many buying orders through the day and Hutchinson gave the market his support, but to no avail. July sold down to 76%c before 12 o'clock, and did not react burdly or strongly from any of the inter-mediate fractional declines. The year and December were bought freely by Hutchin-son, and Poole figured as the largest seller of remote futures. December worked do wn from 76% to 75%. Probably the most po-tent feature of the weakness was the news that came in from Minneapolis. Sample tables on 'change at that point were repre-sented to be loaded down, and the demand limited. The local tendency to "pound the market" strengthened as the session drew to a close, and operations became large. The crowd did not succeed, however, in breaking prices, which closed at a small reaction from the inside range, viz: May 784c, June 78c, July 7634@7634c, December 765c. This makes a decline of \$4c in May, 1c in June, \$3@34c in July, and \$5c in December. Counselman led in the selling of July and June, and was reported to be unpercentaged by the selling of July and June, and was reported to be unpercentaged. loading elevator stocks for local account.

As before stated, however, the big movement of the country wheat back of Minneapolis was the chief factor of the depression, There was a moderate amount of trading

in corn and a fairly firm feeling existed. The receipts were about as estimated yesterday, and for to-morrow a quantity equal to to-day's arrivals was calculated on. Clearances from Atlantic ports were quite moderate, but from New Orleans they were considered to the constitution of the siderable, 74,600 bushels having cleared from thore yesterday for Liverpool and 100,000 bushels for Cork. There was an active shipping demand here for cash offerings, and New York advised a good demand there today from exporters. The other domestic markets were firm as the outlook for coming crops was considered not quite as promising as before. The cold, wet weather, with frost in some localities, gave a strength to the market, however, more from fear of the damage which might yet result than from any which has yet accrued. The estimated receivits for has yet accrued. The estimated receipts for to-morrow were 770 cars. Freight engagements to-day were for 225,000 bushels. The advance in prices, which was the result of the day's trading, was confined to le in May, June and September deliveries. July closed

at the same prices as on the day before.

Outs were in good request and 4c higher early, but the strength was not sustained to early, but the strength was not sustained to the close. Reports of possible crop damage as the result of recent rains caused the local shorts to cover, and there were fair outside buying orders. The increased offerings at the top proved excessive, however, and, after selling as high as 32%c, July declined to 23½c, or below yesterday's lowest price, June sell-ing down from 2234c, early, to 21346

ing down from 2234c, early, to 2134@
2135c, September ruling relatively steadier.
Sales of cash oats were largely by sample and to go to special houses, with No. 2 regular satable at about 2136@2134c.

Provision traders passed a somewhat uninteresting day. From the opening to within thirty minutes of adjournment trading was dull and practically featureless. As the close approached, however, some shorts, unwilling to stand on their trades, as they unwilling to stand on their trades. as they should go over the boliday rest, to-morrow should go over the holiday rest, to-morrow, showed some disposition to cover. For a brief time they bid freely for products, and taking advantage of the uncasiness manifested, the holders gave prices something of a boom. The closing consequently was marked by a strong and advancing market. Business restad with a range bigher than Business rested with a range higher than that of yesterday. In pork, the appreciation actually established amounted to 5@12%c. and in short ribs to 234@5c.

CHICAGO LIVE STOCK MARKET.

CHICAGO, May 29 .- | Special Telegram to THE BER. |- CATTLE. -The supply was excessive, the day's arrivals footing up to 11,000 natives and 4,000 Texans. Trading was slow and unsatisfactory, generally, and prices fully 10c lower. Buyers all seemed to have fairly liberal orders, but apparently were more or less hampered with instructions to secure heavier concessions than sellers were willing to grant, and, as a result, it was well on toward noon before the market really opened. A few handy smooth natives and several loads of Texans sold at the start around yesterday's quotations, but the general trade in all descriptions of cattle ruled 10c lower, or about 15c below the figures quoted on Monday last. Native butchers' stock followed the down turn in Texans and there was little or nothing doing in stockers and feeders. Choice to extra beeves, \$4.00@ 4.25; medium to good steers, 1,350 to 1,500 lbs, \$3.80@4.15; 1,200 to 1,350 lbs, \$3.60@4.00; 950 to 1,200 lbs, \$3,40@3.70; stockers and feeders, \$2,40@3.70; cows, bulls and mixed, lower, \$1,90@3.15; bulk, \$2,30@2.60; Texas

cattle, \$1.80@3.70.

Hoos—The general market opened strong at yesterday's closing prices, ruled weak, but finally finished firm on a basis of \$4.35 for good packing hogs; \$4.50 for mixed, shipping, heavy and butcher's pigs weights, and \$4.45 @4.50 for sorted light. General trade was fairly active, with packers operating freely. At one time during the morning hours several large buyers on packing account went back on their bids and this had a depressing effect upon trade, later, however, they absorbed the balance of supply at early bids.

FINANCIAL.

NEW YORK, May 20 .- | Special Telegram to THE BEE. |- STOCKS-There was less unimation than usual of late at the opening in stocks this morning. The first figures were M@M per cent lower than the close last light, while Rock Island opened 14 per cent lower, and a fraction below par. The first half hour brought no improvement and further losses were sustained, the declines running from 16 to 16 per cent. In the regalar list Chicago Gas and Missouri Pacific were particularly weak, selling at 58% and 74% respectively. A decline in Cotton Oil from 61% to 60 attracted attention. Business throughout the list was light, and the decline was checked with only fractional losses such as mentioned. At 11 a. m prices were helped by a very slight reaction, but the market was slow and heavy. During the hour to 13 o'clock prices at first went to the

lowest point of the morning, but this was followed by a better feeling and more activity. Burlington returned to 104%, Chicago Gas moved up to 59%, Louisville moved up to 7014, Missouri Pacific renteed 14 per cent to 7514, Northwestern sold % per cent from the bottom to 11314, New England gained 14 per cent to 46%, a loss of %, Rock Island again sold at par, St. Paul returned from 74% to 74%, Western Union showed unusual strength and advanced to 88, % per cent over last night. The list was firm at noon, but there was general let down in stocks during the closing hours. It was a complete reaction from what was promised at noon. All the granger stocks auffered; Burlington went off to 10234, closing 1% per cent lower at 103; Northwestern declined to 112%, closing 13% lower at 111%; Atchison went off to 45%, closing 1% lower than yesterday at 45%; St. Paul closed 1% lower at 73%; while Rock Island closed 1% per cent under last night at 99%. Other losses for the day were Chicago Gas % per cent 58%; Lard trust 16 per cent at 2114, Cotton Oil 14 per cent at 6014; Lake Shore 16 per cent at.105%, Western Union proved an exception,

closing 14 per cent higher at 87%. The total sales for the day were 268,423 shares. The following were the closing quotations: The following were the closing quotations:

OMAHA LIVE STOCK.

Cattle.

Wednesday, May 29.

To-day's supply of cattle consisted largely of corn-fed native steers, among which there was quite a sprinking of westerns. Trade in tidy little native cattle, well fattened and averaging 1000 to 1300 lbs. was slow, but no lower, and they went at prices satisfactory to the selling interests. The heavier cattle and those not so attractive sold about 5c lower and were slow at the decline. The beef and shipping steers went at prices rangbeef and shipping steers went at prices rang-ing from \$8.40@3.85, but mostly at \$3.60@ 3.70. In butchers stock, cows, bulls, etc., there was no essential change, and the rep-resentative sales will show about steady prices. Shippers must bear in mind that old

shelly cows are not bringing the same prices that they were a week or two ago. In the way of stockers and feeders there was little to do with, and the market was practically at a standstill for the want of cattle to sell.

Hogs. A liberal run of hogs again to-day caused a break of 5c in prices. Early sales of the best heavy and light were made at \$4.0715(at 4.10, but the most popular prices for everything was \$4.05. It was a \$4.05 market against a \$4.10 market yesterday. Shipping orders were moderate, and the packers were able to take advantage of the interest. able to take advantage of the size of the re-ceipts to hammer prices. The trade was ac-tive at the decline, and the bulk of the hogs left first hands early in the forenoon, and everything was cleaned up before the close.

There was not a load of sheep on the mar ket, although two loads were received con-signed direct to a packer,

OMAHA WHOLESALE MARKETS.

Produce. Fruits, Etc.

The produce market has been fairly sup-plied and well cleaned up during the week. Butter has been a drag and decided conces-sions were necessary to effect sales to pack-

ers. Receipts of eggs are moderate and the market is firm. Poultry is in light receipt and good demand. Strawberries have been very plentiful and lower until Saturday, when the supply ran short. New vegetables are

the supply ran short. New vegetables are in good supply and prices declining daily, as near by gardens supply the market partially. Butter.—Table dairy, 12@13c; packers' stock, 6@9c. Creamery.—Prints, fancy, 18@22c; choice, 12@16c; solid packed, 10@15c. E.GOS.—Strictly fresh, 10@11c.
CHERSE.—Young America, full cream, 9c; twin flats, 9c; off grades, 4@6c; Van Rossem Eddin, \$11.50 per dozen; sap sago, 19c; brick, 12@13c; limburger, 11@12c; domestic Swiss, 14c; skims, 2@4c; cheese safes, bronze medal, No. 8, \$2.85.

Dr. Spinney & Co. NATIONAL DISPENSARY

NERVOUS, CHRONIC and PRIVATE DISEASES of AIEN and WOMEN successfully treated. YOUNG MEN

Saffering from the effects of youthful toilies or indis-cretions, or are troubled with Weakness, Nervous bebillty, Loss of Memory, Pespondency, Aversion to Society, Kidney Troubles or any disease of the Gent-to-Urinary Organ, can here find a safe and spazify cure. Charges reasonable, especially to the poor, MIDDLE-AGED MEN There are many troubled with too frequent evanua-tions of the bindder, often accompanied by a slight smarting or burning senantion, and weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sodimens will often be found, and sometimes particles of albu-men will appear or the color be of a thin, mittish hue, again changing to a dark or torpid appearance. There are many men who die of this difficulty, ignor-ant of the cause, which is the second stage of semi-nal weakness. The doctor will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs. Consultation free, Head "cent stamp for "Young Man's Friend, or Guide to Wedlock," free to all. Address

DR. SPINNEY & CO. Main and 12th St. , Kansas City, Mo.
