It is safe to take BRANDRETH'S PILLS at any time, but to get the best results they should be taken on an empty stomach before going to bed. For constipation or dyspepsia one or two taken every night will, in a short time, perform an absolute cure. It is well to take a purgative at least once or twice a month as a preventive of disease. BRANDRETH'S PILLS are entirely vegetable. and the safest and most effective purgative ever introduced to the public. They have been used in this country for over fifty years.

And So They Parted. New York Tribune: They had been engaged a week. Together they had been to see "Lattle Lord Fauntleroy," and were returning to Brooklyn on a Bridge train. When the train stopped Angelina got up and walked to the front of the car, thinking that Alger-non was close behind. Algernon walked to the rear door, thinking Angelina was tripping along at his elbow. Two blank faces, a hasty search and a meeting on the platform.

"I thought. Algernon, that of course you would follow me." "I thought, Angeling, that of course you would follow me."

Both fell to meditating as they walked down the passageway and took a Kings county elevated train. When Vanderbilt avenue was passed Ange-11:35 M.

Algernon hesitated. The train began to slacken speed for Franklin ave-nue. Then he took the ring in an absent-minded way as they both arose. "It's so much better," Angelina added softly, "that we should find out in time," and they disappeared through the door the door.

Poultry and eggs have brought ex-ceedingly fair prices during the last several months. This is traceable very largely to the unusual transient travel. No man ever lived that liked farming unless he beening interested in its improvement, in the improvement of his stock as well as in crop growing. No boy will stay on the farm willingly that is not encouraged. Boys must learn the value of farming as a calling. They must also be supplied with a fair amount of musements. It's the dead drag that tires the life out of boys.
