Council Bluffs in Holiday Bunting and Crowded With People.

THE RUNS WITH THE "MASHEENS"

An Attempted Abduction—A Two-Headed Curio—The Water Works Re-election—Personals and Briefs.

The second day of the annual tournament of the Iowa State Firemen's association opened with a cloudless sky and the management rejoiced thereat, as the success of the undertaking depended alone upon favorable weather.

It was estimated that there were about five thousand visitors in the city, Tuesday evening, and the first incoming train, yesterday, brought car load after car load to swell the number.

The line began to form shortly after 9 o'clock, and for an hour and a half, all was confusion along South Eighth street and the abutting avenues, on which the various divisions were forming.

It was about 10:30 when the line was finally formed, and the march commenced. The parade was nearly a mile and a half long, and was three-quarters of an hour passing a given point.

THE OMAHA DAILY BEE

most coupling in 4:53. It was as good as 43 on account of the strong head wind. The second was the Jacobson team, of Lyons.

The Esleman team was the fifth to make the trial. They got through in 49 Their time was something of a disappointment, as it was expected that they would make it better than 47, although it was conceded they were no match for the Rescues.

The Chapins, of Union, the state champion team was the sixth to try to bite a slice out of the purse offered. They were not satisfied with a single chew, but they wanted the whole pie.

The morning team made the seventh spin. They made a very poor run, but the fastest and neatest coupling of the day. Their time was 46 1/2.

The words, of Eldora, then tried it on. They did not run for fun either, for they came down at a terrific rate and made a beautiful coupling in 47 1/2, being the time of the champions.

The race then assumed its most interesting phase, as there were two companies still to hear from, and the leaders were tied.

One of the numbers of the programme was the free-for-all Nebraska hook and ladder contest, three or more to start, first purse \$100, second \$50. The Otze company, of Nebraska city, was the only one on the grounds, and it was decided to allow them to start and take first money.

The prettiest exhibition of the afternoon, making the run of 300 yards and putting a man to the top of the thirty-foot ladder in fifty-one seconds flat. Their work highly pleased the spectators, and vociferous applause was awarded them.

The ladder climbing was the feature that captured the spectators, and the nimble work of the climber was worthy of applause.

The last thing on the programme was the trial of hand engines, on time, \$150; second, \$100; third, \$50. Prizes on distance same, with the addition of a state purse for first place.

The result was as follows: Resolute, 152 feet; Storm Lake, 225 feet. Storm Lake was awarded first money. On time, the result was reversed, the Rescues running 300 yards, laying their hose as high as 5:00.

and getting water in 47 1/2 seconds, and Storm Lake in 54.
