THE EVE OF VACATION.

Scholars and Teachers Looking to the Eight Weeks' Rest.

CLOSING OF THE SCHOOLS. Where the Queens of the Class Room Will Pass the Days of Summer in Search of Health and Recreation.—Notes.

Another Vacation. Another school year has about come to a close. In a few days, in college, school, hall and academy, the classes will recite their last lesson, make notes of their last lecture, and adjourn until the early, colorful days of next September.

In all the glad school year there is no day so longed for, no day so well calculated to make happy the hearts of parents and loved ones as the day of graduation.

This privilege of the valedictorian is to be enjoyed by several young gentlemen and ladies yet to be heard from in this city, and it is to be hoped that each of them deeply appreciates the importance of their position.

Others, who have never been tempted into matrimony will resume their classes, blessed with the consciousness that, to many other mortals, this is a privilege not vouchsafed.

Park School. From the windows of the Park school a throng of little ones looks out over one of the most beautiful views in the city.

At the heads of the different grades are the following ladies: Miss M. Elizabeth Allen, Eighth grade; Miss M. A. O'Neill, Seventh grade; Miss Kate E. Crane, Sixth grade; Miss Dora Harney, Fifth grade; Miss Ada E. August Peterson, Fourth grade; D. Littlefield, assistant principal, and Lillian A. Littlefield, principal, Fourth and Third grades.

In the eighth grade, under the direction of Miss Allen, the older pupils were undergoing examination in music. Those who have the perfect mark in attendance are Eloise Clark, Clara Gibson, Katie Hulse, Alice Fish and Frank Ferguson.

In the fifth grade, Miss Dora Harney, the teacher, has filled into her report of the characteristic of the pupils "politeness and extreme kindness among themselves," and they are certain in appearance as a day or two. The recommended list consists of Myrtle DeHoff, Lillian Hart, Leola Goodrich and Hattie Love.

In the two principal's room, Third and Fourth B, there are fifty-four little ones, as bright as fifty-four dollars and as sharp as whips. They were adding when the reporting was introduced, and as the teacher remarked they all seemed born bookkeepers.

PROVING UNSATISFACTORY.

The Temporary Settlement of Northwestern Rates.

CHICAGO JOBBERS GRUMBLING. They Say the Agreement Sounds Well But That It Will Surely Work to Their Detriment.

Will Build Up Little Jobbing Towns. Chicago, June 22.—[Special Telegram to THE BEE.] The temporary settlement of the northwestern break in rates is already proving unsatisfactory to Chicago jobbers.

For one, I object to the present tariff. The settlement sounds well, but it doesn't work as well as it sounds. For instance, in the territory between here and St. Paul there are not ten cities which order goods in car lots, while there are hundreds which order goods in smaller quantities from Chicago.

First Colored Catholic Priest. BALTIMORE, Md., June 22.—[Special Telegram to THE BEE.] Cardinal Gibbons yesterday ordained a number of students of St. Suscipie and St. Joseph's seminaries. Among others on whom the tonsure was bestowed was Charles Randolph Ucles, a colored student of St. Joseph's, who will be the first colored priest ordained in America.

Attempted Suicide at St. Joseph. ST. JOSEPH, June 22.—[Special Telegram to THE BEE.]—Howard R. Hetrick, a veteran newspaper man, attempted suicide at the workhouse in this city to day. He had been on a protracted spree, and was incarcerated in order to sober up. With a wire and a nail he severed an artery in the temple, and tried to kill the attendant who wanted to stop the flow of blood. It is thought he will die before morning. Hetrick was born in Easton, Pa., where his mother and brothers and sisters still live. He is about forty years old, and had worked on most of the prominent papers in the country. Drink was his only enemy.
