The Gladman adultery case, which was set  
 for a hearing in Squire Schurz court yester-  
 day afternoon, came to a very peaceful  
 termination. Mrs. Gladman failed to appear  
 to prosecute, and the defendant, Mr. Gladman,  
 and Miss Wilson, were discharged.

The Pythian day idea has been abandoned  
 on account of the refusal of one of the high  
 Pythians to allow the uniform rank to partici-  
 pate in the proposed excursion or assembly  
 in uniform. It is quite a disappointment to  
 the local knights, as it would have brought  
 in several hundred visiting members of the  
 order.

Yesterday was motion day in the district  
 court, and as such the attention of Judge  
 Deemer was occupied during the forenoon in  
 hearing motions and demurrers. In the  
 afternoon the contempt case against Henry  
 Holsh was tried. The defendant is charged  
 with violating an injunction of the court in  
 regard to selling liquor. The case is not yet  
 disposed of.

As the season advances Lake Manawa  
 continues to grow in popularity as a pleasant  
 summer resort. The annual picnic, which  
 was held yesterday, although the day was cool and  
 pleasant, was very large, and among them were  
 a large number of Chautauquians. Some  
 made in the hotel within the last few  
 days that will increase the comfort of its  
 guests and add to the popularity of the  
 resort.

An excellent racing programme will be  
 given at Manawa to-day. Senator Morgan  
 and Ned Reading will ride a ten mile race  
 for a purse, with a gold medal in action, if  
 the record is broken. Miss Armand and  
 Miss Brown will ride a race of the same  
 length on similar terms. At 6 o'clock a fine  
 concert will be given by the California  
 minstrels, led by Neal Matthews. The  
 races will be very fast, as the track is eight  
 laps to the mile and in fine condition.

The electric motor company have just com-  
 pleted the plans for an enlargement of their  
 plant at the power house. Contractors are  
 working on an addition to the boiler room,  
 2x40-foot in size, in which are to be placed  
 six new boilers, as soon as it can be com-  
 pleted. New engines and dynamos are also  
 to be added, so that the power will be  
 more than doubled. This increase in power  
 will be necessary in order to operate the  
 branches and extensions now being added to  
 the present main line. It will require a  
 little time to get the entire plant in working  
 order.

**THE GREAT FEAST OF REASON**  
 The Chautauqua Interest and At-  
 tendance Steadily Growing.

**CONTRACTS FOR SAPP'S BLOCK.**

**A Bookkeeper's Accounts Look Mixed—High School Alumni—St. Francis Academy—A Dog's Fast.**

**The People's University.**  
 No great enterprise can be successfully  
 started without difficulties arising. The  
 Chautauqua has opened grandly, but the  
 launch has not been perfectly serene. The  
 chief difficulty has been arranging for easy,  
 convenient transit to and from the grounds.  
 It is believed that this has been now secured.  
 From Omaha there are through connections  
 both by electric motor trains and by the rail-  
 ways. From Council Bluffs there are two  
 routes. One is by carriage or carryall.  
 These arrangements leave Broadway, from the  
 Masonic temple, on the even hour, stoppin'  
 at the Ogden house and other places for pas-  
 sengers to the grounds. The charge is 25  
 cents each way, or 50 cents for the round  
 trip.

Those who prefer to go by rail can take a  
 Main street car to the depot of the Chicago  
 & Rock Island and Milwaukee & St. Paul.  
 The following is the revised and latest cor-  
 rected time-table. Eleven trains run each  
 way daily as follows:

Leave Council Bluffs—6:52 a. m., 7:05 a.  
 m., 9:06 a. m., 9:50 a. m., 9:55 a. m., 10:07 a.  
 m., 1:50 p. m., 3:50 p. m., 5:07 p. m., 7:00 p.  
 m., 7:50 p. m.  
 Leave Chautauqua—6:10 a. m., 8:40 a. m.,  
 10:30 a. m., 12:15 p. m., 2:30 p. m., 5:20 p. m.,  
 5:25 p. m., 5:23 p. m., 6:00 p. m., 6:15 p. m.,  
 10:15 p. m.

"If folks are going out in the highways and  
 hedges and compelling them to come in."  
 It was a lady who spoke thus enthusiastically  
 after enjoying yesterday's entertain-  
 ment. She was evidently disappointed that  
 there were not 10,000 people there. "If folks  
 knew what they were missing you couldn't  
 keep them away."

Strange as it may seem, there are many,  
 even in Council Bluffs, with this rich  
 literary and musical festival right at their  
 very doors, who turn away indifferently,  
 thinking it is only a sort of Sunday school  
 convention or church picnic. They do not take  
 the trouble to even go to the grounds to see  
 for themselves. By their ignorance and in-  
 difference they are themselves the losers.

Those who have tasted and seen that the  
 Chautauqua is good, stay by the feast with  
 keen appetites. To hear one lecture by Dr.  
 Henson is well worth the price of several ad-  
 missions. Each day presents new attrac-  
 tions and many of them.

The amphitheater, or tabernacle, is great.  
 Prof. Case and others are enthusiastic over  
 its acoustic properties. The architects, Bell  
 & Berlinghoff, have made a happy hit in this  
 respect. One can speak in almost a whisper  
 and be heard in every part of the great build-  
 ing. The acoustic properties are almost too  
 exact to describe. Persons standing outside  
 the building chatting, are not to disturb any  
 who are holding a meeting on the platform.

To-day will be one of special interest,  
 although the programme is not one of enter-  
 tainment, as on weekdays, but of religious  
 services. Besides the Sabbath school  
 and other services, there will be a sermon  
 at 10 o'clock by Bishop Vincent, whose  
 name and fame are so closely connected with  
 the Chautauqua movement.

He will be followed by Bishop Vincent  
 in a lecture on "The Rest for the weary."  
 The city churches and other had urged a  
 change of hour, so he will preach this after-  
 noon at 3 o'clock. This will be better ac-  
 commodate many who desire to attend services  
 in the city churches this forenoon. Nearly  
 all the churches have arranged not to have  
 services to-night.

The most perfect order prevails on the  
 grounds. The crowds are made up of intel-  
 ligent, refined and religious classes to such  
 an extent that there is little or no occasion  
 for stars and clubs.

No more beautiful day dawned on the  
 grounds than the first "cognitive" day of the  
 great Council Bluffs and Omaha Chautauqua.  
 Everything was astir, everyone  
 seemed intent on getting the most of all  
 going forward. No rest for the weary was  
 more than for the wicked. All day long  
 went on the programme without fail. Dr.  
 Gillet was invincible. All night long was  
 heard the cackle of a crowd of gaily young-  
 sters who have neither toiled or spun any-  
 thing but yarns during the day, but even  
 that stopped when the bell rang for the order  
 of exercises to-night.

First came morning prayers—always help-  
 ful to begin the day—conducted by Rev. Mr.  
 Eaton, the pleasant telescope man. Then  
 the chorus class, the band and the Normal  
 classes in their order. Dr. Coxo traveled  
 over mountains, along rivers and through  
 seas, describing nations and continents as  
 he traveled with the first year's class. Rev.  
 Mr. Franter conducted the intermediate  
 class and Rev. J. T. Docking, the boys and  
 girls. The classes are filling up finely, and  
 since the close of the city schools will be  
 crowded. The ingathering of new persons  
 began with coming of the day, the number is  
 growing fast, and thousands will be here.

At 9:30 Dean Wright met the company for  
 the assembly bible study, and at 10 Dr. M.  
 H. Chamberlain gave practical thoughts on  
 the eye and ear.

The decoration of the tabernacle goes on—  
 C. L. S. C.'s joining enthusiastically in the  
 work, accompanied by the chorus class  
 songs.

At 11 a. m. Leon Vincent gave another  
 of his interesting and instructive lectures—  
 this time on "Theocracy."

At 3 p. m. came the first "great day"  
 of this feast—"Recognition." Nearly sixty  
 Chautauquians marched in procession to the  
 tabernacle from tent No. 1, where Bishop  
 John H. Vincent, of Buffalo, N. Y., the  
 chancellor, formally recognized those who  
 had finished the four years course of read-  
 ing. The regular Recognition day service  
 used at the old Chautauqua, was used here.  
 The address of Chancellor Vincent will be  
 remembered as the event of the first session  
 here. Such instructions will grow a con-  
 stancy that must give this cause permanency  
 in this progressive, far-seeing west.

His first words were:  
 1. By a solemn act of surrender and cove-  
 nant we give our gifts for culture for the  
 good of others.  
 2. We give to God better than by covenant  
 and confession when we cultivate the gifts  
 entrusted to us. It is our duty to develop  
 physical, a strong body, as well as mind.

 gives to maximum—that's religion.  
 4. When the whole I give back in covenant

 bor—that is true Christianity. Chautauqua

At 4 p. m. Miss Neally Stevens gave  
 another delightful and entertaining piano  
 recital with accompaniment.

Dean Wright conducted the assembly  
 Bible study at tent No. 1, and notwithstand-  
 ing the great attraction and frequent ap-  
 plause heard during the progress of the re-  
 cital, the sturdy students stuck to their task  
 to the end.

At 5 o'clock Chancellor Vincent met the Ch. S.  
 C's in the amphitheater, and it was another  
 scene to be remembered long. Such advice  
 and from this great man, the father of the  
 movement.

The band orchestra and chorus class set  
 about tuning up for their evening combina-  
 tion concert. The people of the twin cities  
 were coming in for the Sabbath, and things  
 looked generally lively.

The evening exercises consisted of a concert  
 by the chorus and assembly band, under  
 the direction of Prof. C. C. Case. Soloists,  
 Miss Julia Gazley, Miss Annie E. Griffiths,  
 and Mrs. S. E. Clappe, and, though no coun-  
 terpoint place, there was a pleasant meet-  
 ing of the C. L. S. C. out of the grounds, and the  
 arrangement to meet again another year on  
 this, our great day.

Most of those who will attend the services  
 at the Chautauqua grounds have already  
 procured their tickets. Those who have not  
 can secure them at the railway stations and  
 thus be accommodated.

**The New Sapp Block.**  
 The contracts have been let for the build-  
 ing of an office block by W. P. Sapp Jr., on  
 the corner of Broadway and Scott street.  
 The mason block is let to Martin Hughes, the  
 carpenter work to Peter Wind, and the iron  
 work to the Ogden Iron works. The building  
 is 25x110 feet, four stories and basement, and  
 will cost about \$30,000. The architects, Bell  
 & Berlinghoff, have prepared plans for a  
 beautiful building. It is of the Romanesque  
 style, of pressed brick, and terra cotta trim-  
 mings. The corner will be a copper bay,  
 the only one of its kind in the city. The ele-  
 vator entrance will be on Scott street, and  
 lever elevators will be put in. Oak stair-  
 ways will also be provided. "The folks here  
 don't begin to realize what a fine building it  
 will be," remarks Architect Bell. "You'll  
 hear plenty of praise for it when they see  
 the walls going up. It will be a beauty."

Money loaned at L. B. Craft's & Co.'s

**A Tanner Dog.**  
 It was the intention with household goods  
 arrived at the Rock Island yards Friday  
 morning for the east. It had been on the  
 roof for ten days. The door was opened  
 yesterday morning by some of the freight  
 hands, who were about to unload the car.  
 Great was their surprise to see a large  
 Newfoundland dog stagger to the door and  
 precipitate himself to the ground. The poor  
 animal had been locked in the car for ten  
 days without food or water, and was reduced  
 almost to a skeleton. The hind part of  
 his body was seemingly paralyzed, and he  
 was compelled to draw himself around on  
 his fore legs.

The half starved brute was kindly cared  
 for by the tender hand of road men, and  
 supplied with both food and water. The  
 demonstrations of joy on the part of the in-  
 telligent though crippled and suffering ani-  
 mal were most touching. It is thought that  
 with kind and careful treatment the dog,  
 which was undoubtedly a very handsome  
 one, will recover his former vigor, and will  
 cover the use of his whole body.
