SUMMER SOCIETY PLEASURES.

The Usual Quota of Weddings—Lawn Fetes and Other Outdoor Diversions Help Regulate the June Evenings.

Hierberow Banqueted.

Mr. Ellis Hierberow, who has been United States marshal of this district for seventeen years and who has now vacated that position, was tendered an elegant reception by Judge Dundy at the palatial home of the latter on Friday evening. The gathering was, in many respects, a remarkable one, comprising all the ex-marshals of the district now living, the deputies, the district and ex-district attorneys, besides representatives of the press.

At 9 p. m. the guests were invited into the simple dining room, where the time was passed until after midnight in discussing the friends and exchange of repartee reminiscences.

Speeches were made by Mr. Pritchett, Mr. Lamberton and Judge Dundy. The guests were: William Daly, who Hierberow succeeded, also Brad D. Slaughter, the new marshal; George H. Pritchett, the district attorney and his assistant, Robert W. Patrick; G. M. Lamberton, of Lincoln, ex-district attorney; John L. Webster, master in chancery; Dr. Tilden, jury commissioner and court physician; E. S. Dundy, jr., clerk; T. K. K. Sutton, master in chancery, and Deputy Marshals R. E. Allen, E. J. Stewart, H. Shoverlin, Fremont; A. J. Wright, Lincoln, and Charley W. Lyon.

Patterson-Richardson Nuptials. Handsome Unity church, at Sioux City, was beautifully decorated with flowers and ferns on Thursday last, to receive the many friends and guests of Mr. John Oakes Patterson and Miss Gertrude Richardson, to witness their marriage. A more lovely wedding is seldom seen in any one than this one was. The elite of Sioux City filled the church. Rev. Mary Safford performed the simple ceremony which joined these two young persons for life. John Oakes Patterson was formerly a resident of Omaha and is a brother of R. C. D. C. and J. H. Patterson still of this city. He is now the junior member of the firm of Jackson & Patterson, real estate dealers of Sioux City. The bride is the daughter of Hon. Er Richardson, president of the Iowa Savings bank, and of Sioux City's most substantial and wealthy citizens. The bridegroom's brother, R. M. Patterson, of Omaha, was the best man, and Miss Belle Richardson was first bridesmaid, while Messrs. Clement, Hubbard, Hutchins and Sherman acted as ushers. After the ceremony the friends repaired to the residence of the bride's father, where elegant refreshments were served and the newly married couple received many hearty congratulations and a room full of substantial tokens of friendship and esteem. Among those noticed from abroad were Judge Lawlor, Mr. and Mrs. James A. Jackson, A. M. Jackson, of Council Bluffs; Mr. and Mrs. L. A. Kingsbury, of Washington; Mr. and Mrs. R. C. Patterson, Mr. and Mrs. D. C. Patterson, Mr. and Mrs. J. H. Patterson and R. M. Patterson, of Omaha; all of whom came from Omaha on a special car. The groom and bride left on the afternoon train for a month's trip in the east. A host of friends wish them joy through all this life.

Sweet Sixteen Surprised. Last Tuesday evening was the sixteenth birthday of Miss Etta Kalish, and it will long be remembered by the young lady as well as by about thirty-five of her young friends. At 9 o'clock a ring of the bell at her elegant home on Hamilton street was answered by the young miss herself, and as soon as she appeared she was surrounded by the crowd and informed by one of the party, in a few well chosen words, that the

gathering was intended as a surprise in her honor. The young folks brought music with them, and together with dancing, games on the lawn, etc., there was a large number of guests present. At about 12 o'clock the party dispersed, wishing Miss Kalish many happy returns of her birthday.

The Lawn Fete. Monday evening proved most auspicious for the lawn fete given at the T. L. Kimball residence on South Seventh avenue, for the benefit of the Creche, and a large number of people was in attendance. Long rows of Chinese lanterns and a number of locomotive headlights illuminated the grounds and the tennis court was reserved for tables, where cooling dainties were served by fair waiters. At the foot of the garden a prettily decorated arbor served as a candy booth. A clock there was a large number of guests present and the crowd steadily increased until late in the evening. Upon the front porch was a flower booth well stocked with roses and pansies, which was presided over by Miss Nellie Groff and Miss Eunice Stebbins.

COUNCIL BLUFFS.

Lighting Talk. Arrangements have at last been completed for the lighting of a telephone line to Lake Manawa, and this much needed convenience will be supplied within the next ten days. The various parties interested at the lake realize the need of telephone connection with the citizens of Omaha and Council Bluffs, and have clubbed together to furnish it. The line will be built by them, and a small fee for connections will be charged. It is expected that the line will be used enough to amply justify the cost, and it is reported that the matter will be settled quickly. Hume has given up all his property, but there still remains quite a little balance against him.

The defaulting book-keeper and cashier was formerly in the employ of J. R. Snyder, commission merchant, and report has it that a similar difficulty occurred there.

It will be remembered that a few weeks ago, Hume was knocked down and robbed of nearly \$1000 for getting in from a collector's trip on the road. The police refused to touch the case at the time, alleging that Hume had undoubtedly converted the money to his own use. It is reported that a few slight wounds on himself to give color to his story. Recent developments indicate that the theory was very plausible.

Pig-Feeding Experiments. Prof. Shelton's pig-feeding experiments given to the farmers in the west, where pork making is the main business, should as a measure of economy, continue to use corn as their staple fattening food, says the Rural New Yorker. Doubtless this conclusion is in full accord with local conditions. In Kansas, as Prof. Shelton says, milk, peas and other supplies of nitrogenous food are not to be thought of—they cost too much to produce. Prof. Shelton does not give an opinion as to what would follow in a section where these foods can be secured. As a matter of fact, such an opinion has little to do with the business of the Kansas farmer, whose object it is to produce all the pork he can at the cheapest possible cost. It is the R. N. Y.'s opinion that the farmer who can establish a reputation for producing "lean" pork will be able to work up a profitable business for that product. We can produce with a greater proportion of lean than is found in that sold in the general market. The demand is for lean pork, there can be no use in denying the fact, and it seems evident that this lean product is to be produced outside of what is known as "the corn belt."
