> A Scheme of the Motor Regarding the Street Car Company. A member of the board of public works, speaking of the probabilities of a consolidation of the motor company and the Omaha street railway company, said that he had information which led him to believe that a

consolidation would not take place. He had it from authority which he considcred reliable that the motor line is owned and controlled by the Union Pacific, which, he asserted, also owns all the street car lines in Council Bluffs and the bridge line. J. H. Millard is a director of the Union Pacific company, a director of the bridge company company, a director of the bridge company, and a director of the Omaha motor company, and it is through his bank that the money comes for all of these. Some months ago, when Dr. Mercer was running the thing alone, he was the under man in the fight, but it is different now. "The company has plenty of money," said the gentleman, "and is cutting a wide swath, and, in my opinion, instead of consolidating with the street rail-way company, will finally absorb it."

Fort and Army Notes.

Lieutenant Thomas H. Wilson, Second infantry, has rejoined his regiment at Fort Omaha.

Lieutenant Lieche, Twenty-fourth infantry, a recent graduate of the academy, and a Nebraska boy from Clay county, visited the Bellevue Rifle range Surgeon Mosley, United States army, whose station is at Fort Whipple, Arizona, has

been at the fort during the past week, the guest of Captain Keeler.

guest of Captain Reeler. The individual skirmish practice of the left wing of the Second infantry will be concluded to-day. Then will commence the company skirmish practice, which will take about two days and a half. Then comes volley-firing, which will require about two days, and this completes the season's target work of the wing.

The revolver practice for officers and ser-geants will be sandwiched in between the skirmish and volley firing, so that the left wing will return home about the 10th inst. Major E. Butler, who has commanded the range this year during the practice of both wings, will return to the post when the left wing's season is ended. The troops will thus

have about three or four weeks in garrison before the fall maneuvers call them under canvas again. Second Licutenant George W. McIver, Seventh infantry, at Fort Laramie, has been detailed for duty as range officer at the approaching annual department rifle com-

ments this morning in the application of Meyer Hellman against Building Inspec-tor Whitlock and the board of public works petition. The order detailing First Lieutenant Wil-liam L. Pitcher, Eighth infantry, for duty as range officer at the department rifle confor an injunction to prevent them interfor-ing with his store building. Changes in Hospital Plans. The committee of commissioners to whom was referred the recommendations made by Architect Myers and Superintendent Coots, that wooden and coment floors be laid in the new county hospital has made a report recommending that the change be made at a cost of \$7,050, which makes an increase in the estimate for cement floors of \$1,260.45 over the original cost. The committee also recommends that iron be substituted as sug-gested by Architect Myers for the brick celling in ward No. 6.

# Indigestion

IS not only a distressing complaint, of I itself, but, by causing the blood to become depraved and the system en-feebled, is the parent of innumerable maladies. That Ayer's Sarsaparilla is the best-cure for Indigestion, even when complicated with Liver Complaint, is proved by the following testimony from Mrs. Joseph Lake, of Brockway Centre, Mich .: -

"Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony, was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without fying rephysicians treated me without giving re-lief. Nothing that I took seemed to do lief. Nothing that I took seemed to do any permanent good until I commenced the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsapa-rilla I could see an improvement in my condition. My appetite began to return and with it came the ability to digest all the food taken, my strength im-proved each day, and after a few months of faithful attention to your directions. I found myself a well woman, able to attend to all household duties. The medicine has given me a duties. The medicine has given me a new lease of life."

# THEY MUST GO.

In a week or so light weight Suits will be almost unseasonable stock. We have always managed every season to close out our goods and we are determined to do it this time also. We know we have a job on hand. Our stock is considerably larger than it ought to be. We have done a much larger business and the accumulation of odd Suits and broken lots is naturally greater, but our exertions to dispose of them will be greater.

# This week we shall have a special clearing sale of Men's and Boy's Suits. We will slaughter values and THE SUITS MUST GO.

First of all we offer at about half price a good dark Cheviot Suit, of which we have a large lot. This is a suit with which we thought we would make a great hit at \$10.50, but the call this season was for light colored shades, and consequently this Suit did not take so well, though it is very neat. The quality of the goods is excellent. It is lined with good serge, well made and will give a good business suit, and just on account ofit being of a dark color, will do well for fall wear. However, we do not want to take any chances of its selling later, besides we will then need room for fall goods, and in order to sell these suits NOW we have reduced them to \$5.90.

Next we will call attention to several large piles of light colored Cheviot Suits, broken lots, and leavings of some of our best sellers, handsome patterns, good goods, well made and well fitting. We have reduced them to \$7.50 and \$7.90.

A third lot of suits which must go this week is a fine dark silk mixed Cassimere. This is another suit which has for some reason or other did not take, and we have a big lot of them left, all sizes. The material is a first class quality. The suit is well gotten up and should sell for \$13.50, as well as any we have in the store at that price. To make them go we have reduced them to \$8,50.

Ask our salesmen to show you these Suits. Our thin Coats and Vests do not need any more advertising. We have sold thousands of them already, and every customer that bought one advertises them.

Private Williams' Death. Coroner Drexel, Captain Keller of G compamy and a reporter of THE BEE spent yesterday forenoon investigating the circumstances of the death of Private Williams last Wednesday night and running down every rumor concerning it.

A report had gone forth that Williams had left the Saratoga beer house shortly before 11 p. m., in company with a negress, a white woman and a negro. A few minutes later Private Hall of I company claims he was crossing the bridge just north of the corral

where the set of the order of the corract for the corract and heard the outery: "Oh, God! don't do that again!" A few seconds later he saw some men run along the track near the place where the body was found. He also heard the exclamation: "The - of a - only had \$3." The sentinel who was near the corral, how was did not hear the corral,

however, did not hear the cry, and as it was pitchy dark at the time the claims of Hal that he saw some men running, one hundred and fifty yards away, is discredited. Even McCarthy, who discovered the body, could not see what obstacle had tripped him. Sorgeant Kelly and Corporal Murphy, who were mentioned as seeing Williams leave the Saratoga house in company with the two dissolute women and negro denied the report and nobody could be found who had seen the big negro. The assertion that Williams had \$70 is scouted by his cap-tain and others. From the facts gleaned it would appear that Williams, in a state of in-toxication, started alone down the track to a house of shame and while stopping to vomit was run over. The coroner's inquest will be held to day.
