Wheat Exceedingly Nervous With a Lower Average.

NOT MUCH ACTIVITY IN CORN.

Oats More Active Compared With Thursday's Prices-Provisions Experience Another Slump-Slow Business in Cattle.

CHICAGO PRODUCE MARKETS.

CHICAGO, July 12 .- [Special Telegram to THE BEE.]-The wheat market was exceedingly nervous to-day and averaged somewhat lower than yesterday's closing range, but the slumpiness seems to have been pretty well checked. Several big lines of shorts were covered, imparting something like a feeling of steadiness to prices at times, but popular trading sentiment is still bearish. Outside news was not sensational and what there was in circulation was of a conflicting character. New York parties wired early that the United States consul at Odessa had cabled that the damage to Russian crops was greater than had been reported. Foreign market news was not bearish particularly, though it was not strongty bullish. Foreigners who were anxious bidders for wheat up to two days ago seem to have stopped their clamor, but there is good reason to believe that they have been fairly free buyers of wheat here and in New York today. New York reported that no wheat had been taken there for export to-day, but that, on the contrary, a few little lots had been resold. The rehash of the Russian crop news had only a momentary effect. Domestic news affecting values embraced reports that anywhere from 300 cars to 300,000 bushels of wheat were expected in St. Louis to-day, that 35 cars of new will be in for tomorrow's inspection, and that the movement of new wheat has fairly set in throughout the winter wheat district, and the west wires that Dakota's prospects have improved of late and receipts at Minneapolis are very large, indicating a desire on behalf of the owners and railroads to get back-country wheat to the front. The local market was wheat to the front. The local market was rather narrow and very largely of the "professional" order. July bobbed around in a peculiar fashion. It opened at 78½c and changed at 77½@80c, fluctuating at ½@lc between trades sometimes. The break in July has dampened the arder of the country suly has dampened the ardor of the country shippers to some degree, but it was noticed that whenever anybody wanted to buy July they had to bid for it. December wheat opened at 78c, and during the first bour, or thereabouts, ranged at 783/(2079)/sc. The market advanced on the foreign crop scare rumors and covering of short wheat, and sold back on the sentiment engendered by the impending big movement of new wheat. It broke from 79/sc to 783/sc about neon on the impending big movement of new wheat. It broke from 70%c to 78%c about noon on bearish advices from St. Louis, and recovered slowly to 78%c. The close was at 78%c. September ranged at 76%c770, and rested at 76%c. The closing of the market was only a small change as compared with yesterday's operations, not on an extravagually large scale. Nothing of importance gantly large scale. Nothing of importance to the cash trade was developed. Export clearances of corn from Atlantic

ports yesterday were heavy, but at New York to-day there was said to be less inquiry and prices there were lower. The principal con-trolling circumstances in this market at present, however, are the weather and the reports at primary markets. There was not much activity in speculative dealings. Shorts were the best buyers. The change in prices from yesterday's closing figures were unim-portant, but what slight difference occurred was in favor of the buils. July closed at 851/(@35%c and September at 35%c, being a gain in one case of 1 1-16c and the other of c upon the previous day's final quota-

Oats were more active, and, compared with yesterday's latest prices, the market was slightly firmer. Good buying orders appeared for May, and the trading was chiefly in that month. With receiving houses selling, May touched 25c, but only part of the buying orders at that point could be excepted with 100 could be excepted. ecuted, with 16 16 improvement following. September sold largely at 21 16 16 11 16. The receipts exceeded the estimates, but this was

receipts exceeded the estimates, but this was discounted by the large withdrawal from store, aggregating nearly 184,000 bushels. No. 2 to go to store sold at 294@224c.

In provisions another sharp slump occurred, the late continued break having weakened the backbone of the trade. The market was in good shape for raiders. Cudahy and others, favoring lower prices, opened the day's business with free offerings of pork, and as their selling forced the unloading of a large amount of stop-over and unloading of a large amount of stop-over and poorly margined holdings, a severe drop too's place. Pork was selected by the raiders as their field of operations, but the depression forced in that article quickly communicated to other lines. In the entire market the bears early had the swing, and before any signs of a reaction were discernable pork sold down from yesterday's closing 2736c, lard 736c, and short ribs 1236c. During the last hour or so of the session, however, there was something of a recovery of the ground lost. The withdrawal of the raiders allowed the market to regain its strength, and before the close pork advanced from the bottom fig-ures 25c, lard 5c, and short ribs 7½c. Compared with yesterday's final quotations, the decline actually suffered was only 234c in pork, and 2346273c in short ribs. Lard closed unchanged to 234c off. On the break and also on the rebound there was considerable excitement, and the day's spaculative business exceeded an average volume. Pork led throughout in interest. Trading, as usual, was confined largely to September, which sold at \$11.05@11.30 for pork, \$0.30@6.37½ for lard, and \$5.67½@5.77½ for short ribs. Pork for the same months closed at \$11.30, lard at \$6.30, and short ribs at \$5.75. Cash property was quiet.

Cash property was quiet.

CHICAGO LIVE STOCK MARKET. CHICAGO, July 12 .- [Special Telegram to THE BER. |-CATTLE.-Estimated receipts, 8,000; last Friday, 9,330; week so far, 57,345; same time last week, 45,034, The day's run was divided at about 6,000 natives and 2,000 Texans. As compared with yesterday there was little or no change, either in the condition of the trade or in prices. Busiress moved rather slow at first, more on account of the fact that shippers and exporters could not get the light and handy variety they wanted, such being scarce, consequently they had to fall back on heavy weights or such as they could get. When the buyers fairly got to work, and when prices were suitably adjusted all around, business became active, and about everything at all useful sold before the whistle sounded the hour for closing. Texans, owing to the moderate run sold from strong to a slight advance as compared with yesterday, and everything was cleared out. Native butchers' stock under-

pared with yesterday, and sverything was cleared out. Native butchers' stock underwent little or no change. There was nothing now in the stocker and feeder trade Choice to extra beeves, \$3.90@4.25; medium to good steers, 1850 to 1500 lbs, \$3.60@4.10; 1200 to 1350 lbs. \$3.50@3.90; 950 to 1200 lbs, \$3.30@3.65; stockers and feeders, \$2.25@3.30; cows, bulls and mixed, \$1.75@3.10; bulk, \$2.30@2.50; slop-fed steers, \$3.50@3.90; Texas steers, \$2.30@3.60; cows, \$1.75@2.45.

Hods—Estimated receipts, 19,000; last Friday, 18,509; week so far 86,531; same time last week, 58,161. Business opened rather slow, with at least 25,000 on the market, as there were about 6,000 carried over. Pirst and early sales showed little or no change as compared with yesterday, the bulk going at \$4.25@4.30, a few fancy heavy at \$4.35, but later on packers bid only \$4.20, and the market closed at \$4.20@4.25 for packers and heavy mixed Light of all descriptions ruled steady at \$4.50@4.65. It was estimated that at least 10,000 would have to be carried over. to be carried over.

FINANCIAL.

New York, July 12 .- | Special Telegram to THE BEE. !- STOCKS-There was not that upward bound in railroad stocks anticipated over the settlement of the rate troubles to the northwest, because the settlement does not impress the trade as being of a permanent character. Besides, the gate is left

THE SPECULATIVE MARKETS. open for a war of rates in the southwest. If London and western buying orders continue orns, \$3.30@4.00; Texans, \$3.25@4.15; lambs, lower, \$4.50@6.00. the grangers are thought to be good for a rise of 5 points without serious reactions. Reading is expected to first reflect the improved conditions in coal stocks and St. Paul, Burlington, and Northwestern in western stocks. The short interest is relied on to help the advance. The opening of the market this morning was an encouraging one to the bulis. The improved feeling from last night was helped by better prices from London, and first figures were 166% per cent over last night. Before it was time for any further advance the action in trusts weakened the market. The developments in the national lead trust, however, caused another rush to sell that stock, and during the first half hour an enormous amount of it changed hands at steadily declining prices, and it dropped from 2934 at the opening to 2014, a net loss from last night's figure of 334 per cent. This drop proved a blight upon the regular list and marked weakness was again developed in grangers, and Burlington and Atchison quickly dropped 136 per cent each, St. Paul and Northwestern 36 each, Lake Shore and Union Pacific % per cent each, and others smaller amounts. The other trusts were also disturbed, though a loss of 134 per cent in sugar was the only important movement. There was a slight rally all around at 11 o'clock, but the weakness came upon the list again before noon, and at mid-day prices were the lowest of the morning and the market heavy. Whatever hesitation there was in the stock market at noon gave place to a free if not wild selling of stocks and trusts later. The greatest demoralization was in trusts. Sugar went off to 10834 and closed over 2 points lower at 110. Lead, which started the disturbance, went off to 25% at the close, or 4% per cent lower. The selling of railroad stocks was hastened by the unsatisfactory ending of the Chicago meeting, the cut in grain rates by the Grand Trunk and the taking of gold for export. The losses for the day in active stocks were Lake Shore 1% to 109%, New England M. Atchison 2 to 37%, Burlington 2 to 99%, Northwestern 1% to 106%, Rock

> souri Pacific 2% to 68%, and Union Pacific 1% per cent to 57%. The total sales were 238,452 shares. The following were the closing quotations: The following were the closing quotations:

1302 FARNAM STREET.

Needed Money for a Grave. The other day in Nashville an old lored man wandered through the streets carrying under his arm a small coffin in which was the body of his infant child. He had scraped together enough money to buy the coffin and with it under his arm had trudged out to a suburban cemetery, which refused to allow the interment because he could not pay for the grave. So he came back with the grewsome burden to beg enough money to pay for the grave.

MR. Thos. Lee, proprietor of the Lee hotel Arkadelphia, Ark., says that Swift's Specific has so strengthened his wife for her labors as hostess that he can recommend and em-phasize the assertion that as a tonic for ladies and children S. S. S. has no equal.

The Old Man Weakened. A fond parent in Massachusetts, wishing to assist his little son to make up a purse for the Fourth, agreed to pay him I cent for every potato bug he would capture. At the close of the first day the child had 640 bugs. The father pain the \$6.40, but the contract did not continue.

California, the Land of Discoveries. Why will you lay awake all night, coughing, when that most effective and agreeable California remedy, Santa Abie, will give you immediate relief! SANTA ABIE is the only guaranteed cure for consumption, asthma and all bronchial complaints. Sold only in large bottles, at \$1. Three for \$2.50. The Goodman Drug Co. will be pleased to supply you, and guarantee relief when used as directed. CALIFORNIA CAT-ECURE never fails to relieve catarrh or cold in the head. Six months treatment, \$1. By mail \$1.10.

A Valuable Nuggett.

A short time ago miners working in the Sunnyside claim, near Downieville, Sierra county, took out four large gold nuggets. The largest weighs 181 ounces and is worth \$3,200, says the San Francisco Press. In shape and size it resembles a small cobble stone.

Are you weak and weary, overworked and tired? Hood's Sarsaparilla is just the medicine to purify your blood and give you strength.

He Was Used to It. Cincinnati Enquirer: Eddyson--It wouldn't be of any use to condemn your friend Sponger, to be executed by electricity.

Sappy-Indeed. And why not, may asir 9 Eddyson-He has been proof against "Jersey lightning" for a great many years, I understand.

Advice to Mothers. Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pains, cures wind colic, and is the best remedy for diarrhoes.

25c a bottle.

Kearney Enterprise: A society journal says, "Sarah Bernhardt receives morning visitors in white satin slip-pers." There must be a mistake somewhere. I have too much faith in Sarah to think she would receive visitors in such light costume.
