Ex-Mayor Boyd will make the legal transfer of his opera house to O. M. Carter to-day. The question of manager has not been settled yet, and at least half a gozen men are on the anxious seat.

Faster Cable Time. The cable tramway company has increased the speed of their trains from seven and a to eight and a quarter miles per hour. A rate of thirteen miles per hour can

be made with the present power if necessary. Inquire About Your Tenants. The "misdemeanor" ordinance, passed at the last meeting of the council, makes it an offense to rent a house for the purposes of prostitution. Under this ordinance, a complaint was filed against George Gray for having knowingly rented the house at 508 North Fifteenth street, near the Webster street depot, to a prostitute.

Fire and Flood. The frame residence of J. J. Cummings, at Thirtieth and Burt street, was almost totally destroyed by fire at 4 o'clock yesterday morning. The family was engaged in drying out the cellar which had been flooded by the rain of Saturday night, when the house caught fire. The loss, which is covered by insurance, will reach \$2,000.

Going to Hermosa. Going to Hermosa.

Ray and Mabel Morse, the waifs from Portland, Ore., will be sent to ther relatives at Hermosa, Dak., to-day. General Manager Burt, of the Elkhorn, kindly furnished transportation for the little folks. The children have been resting at the Creche for several days and are as bright and chipper as can be, and are anxious to complete their journey. piete their journey.

Omaha Turners at Plattsmouth. On invitation of the Plattsmouth Turn verin the Omaha German Turners attended the gymnasium exhibition at Fitzgerald hall, in Plattsmouth, Saturday evening. An immense crowd gathered to witness the feats of strength and skill and the performance of the Omaha turners was pre-emi-nently the feature of the evening. The exhi-bition was followed by a dance which lasted until daylight and the Omaha Turners did not return until Sunday forencon.

The Bird Comes Back. The third carrier pigeon, Jim O'Donnell, belonging to Ed Rothery, and which was taken from here by the late editorial excursion, was liberated at Salt Lake City, Saturday at 11:16, and reached its cote here yesterday morning at 10:05, having made the 1,200 miles in forty-seven hours. This is not good time by any means, but the performance, considering the distance, the age of the birds, and the late inclement weather, is none the less remarkable.

We have just learned that Courtiand beach, is a new summer resort at the north end of the Island on Cut-off lake where boats, bathing suits and lake bathing in clear clean water can be had. It is understood that a line of busses will run from Twentieth and Lake by Saturday, giving the people of Omaha an opportunity to have a very pleasant place to spend an afternoon or evening. Splendid amusements and refreshments.

The Paxton Sale.

The Paxton sale has not been closed as yet, but will be this week. Mr. Kitchen says the parties have all agreed on every point, though no papers are signed. Thomas C. Brainard, the Kearney man, returned yesterday, and, with Mr. Kitchen, is going through the preliminary work. It is understood that the preliminary work. It is understood that a young man named Kittredge, who ran the Antiers hotel in Colorado Springs for two years and made \$60,000, is associated with Mr. Brainard in this deal. They take the house on a lease for ten years and are to have possession on the lst of August. Mr. Kittredge is expected here in two or three days, and until he comes the documents will not be signed. not be signed.

"SWIFT'S SPECIFIC is a great blessing to humanity," savs Mr. P. E. Gordon, of 725 Broad Street, Nashville, Tenn., "for it cured me of rheumatism of a very bad type, with which I had been troubled for three or four years. S. S. cured me after I had exhausted everything else.

THE RATES RESTORED.

The Union Pacific Clashes With the

Rio Grande. General Traffic Manager Mellen of the Union Pacific, when questioned concerning the controversy relating to the Chicago Denver cut in passenger rates, said: "At the meeting in Chicago, Saturday, I introduced the resolution allowing the Denver & Rio Grando the privilege of excepting the territory west, between Denver and Trinidad, which cuts it out of the jurisdiction of the trans-Missouri association. I then asked that the territory of the Union Pacific west of Cheyenne and Denver be excepted in the same way. This met with opposition. Even the Rio Grande people opposed it. I then gave notice that at the expiration of thirty days the Union Pacific would ignore the association as regards that territory.

In connection with the Chicago-Denver rate, we decided to restore the regular rate—\$30.65—which will go into effect about the 25th inst. I also notified the association that the Union Pacific agreed to this only on the Denver cut in passenger rates, said: "At

the Union Pacific agreed to this only on the express condition that the Rock Island discontinued its working with the brokers, and that in case any underhand work was discovered in the Chicago-Denver business, the Union Pacific would meet the rates openly.
No. the Union Pacific does not intend to
withdraw from the presidents' association,
but any rate-cutting on the part of others
will receive our attention."

STORM ON ROAD AND RIVER.

How It Affects Private and Railroad Property.

Superintendent Ressiguie of the Union Pacific, received a report from Fullerton, Neb. that the mill dam in the Cedar at that place as also two bridges used by the Union Pacific had been carried away by the flood. As a consequence all trains on that branch between Cedar Rapids and Fullerton were abandoned. The reconstruction of the bridges has already begun and will be finished to-morrow night. The damage to the mill and the Union Pacific will foot up about four thousand five hundred dollars.

Main line trains on the Union Pacific were delayed, owing to the unsafe condition of the road-bed, but no washout has been reported. road-bed, but no washout has been reported.
A serious washout, however, was reported on the Central City branch of the B. & M.
Traffic has been suspended until the track can be repaired. The main line of the B. & M. was in no way affected.

Reports received at the Elkhorn and Missouri Pacific offices were to the effect that a heavy rain prevailed Saturday night, but nothing serious had resulted.

nothing serious had resulted.

Railroad Notes. General Manager Holdrege, of the B. & M., has returned from Chicago, General Traffic Manager Mellen, of the Union Pacisic, has returned from a pro-tracted trip to points east.

Vice President Holcomb and Traffic Manager Mellen, of the Union Pacific, left for Denver last night. General Manager Burt, of the Elkhorn, has returned from Chicago.

The Atlantic express on the Union Pacific

arrived from the west fifty minutes late owing to the storm. Seven car loads of giant powder were shipped west over the Union Pacific Sunday, and were destined to points on the Omaha & Republican Valley line.

General Manager Kimball, of the Union Pacific, stated that the depot plans together with the proposition for the viaduct will positively be submitted to the city council this evening.
The board of managers of the Inter-State

Railway association, at a recent meeting at Chicago, decided to transport exibits for the Omaha Fair association free both ways. No. 13 snow-shed, on the Union Pacific, near Laramie, was destroyed by fire originating from a spark from an engine, entail-ing a loss of \$15,000.

FIRE AND POLICE COMMISSION. A Huge Grist of Minor Matters Disposed Of.

The fire and police commission had a huge grist of minor matters before them last night, the disposal of which kept them busy until 10 o'clock. A dozen applicants for positions on the

police force were examined and the applications taken under advisement. Superintendent Gillispie, of the deaf and dumb institution, made application for the appointment of two special poncemen for the purpose of protecting the fruit and grounds at the institute from depradation. John Sidener, a fireman at No. 3 engine house, was dismissed for drunkenness

A saloon license was granted to M. Mullen, 301 North Sixteenth street. Charges of drunkenness were preferred against Officers Benson and Bollyn.

Jerry O'Leary, operator at the central sta-tion, was granted a five days' leave of ab-sence on account of sickness in his family. The case against Ernest Meyers, saloon-keeper at Thirteenth and Pacific, convicted on the charge of having kept his saloon open on Sunday, was continued at the request of Jetter & Young. Meyers has left the city and will probably not return.

NO PROTECTION AGAINST FIRE. Thirty Thousand People Feel it in

the Saburbs. The question of better fire protection for the western part of the city is attracting considerable attention. Fire Cnief Galligan was seen with regard to the ability of his department to afford it, and said that no engine house had been erected in this city for about three years, and that in that time the city had increased about 30,000 in population. The present fire force is distributed to the best advantage, but it is entirely inadequate to protect a city of this "Why," said he, "Kansas City asked for \$185,000 for fire purposes, and we have only about \$60,000. We should have at least three more houses and hose-carts and about fifteen men to run them. These houses should be at Walnut Hill, Kountze Place and Twenty-fourth and Vinton. As matters stand now, the entire western and northern parts of the city are practically unprotected. To be more specific, the district west of Thirty-fifth street and north of Pinckney street is not protected worth a cent. The nearest house is the one at Saunders and Cuming. There is a good water supply, and

Cuming. There is if good water supply, and the property is well-protected after we get to the fire, but a fire might break out two miles or more from the engine house.

"The commissioners are anxious to change this state of affairs, but their hands are tied and they can do nothing. The relief must come from the council or the legislature.

"Two new fire alarm boxes have been ordered. One will be piaced at Thirty-sixth and Half-Howard, but the location of the other had not been decided. It will probably be at Orchard Hill, as Walnut Hill has a police box."

Commissioner Hartman was also interviewed and was asked if it was not possible to borrow money to meet the exigency. "No," borrow money to meet the exigency. "No," said Mr. Hartman, "we cannot exceed the levy. The levy this year will not allow of any expenditures for new houses. Next year we will have a levy of 5 mills, which will enable us to give these people the proper protection. The commissioners really have no power in the matter. The council provides the houses and the apparatus, and commissioners merely run the concern. We are very anxious to afford protection to outlying districts, as they are entitled to it. We are using every effort to bring about a change and have every hope of success."

WHO'S DANNY SHEEHAN?

in His Cups He Seems to Know Cronin's Murderer. A letter has fallen into the hands of a city official which may be the means of furnishing another clue to the Chicago authorities in their search for the murderers of Dr. Cronin. It is a love letter of the tenderest kind and was written by tenderest kind and was written by
Annie Quinn to "Dearest Willie," a young
man who is employed in a grading party at
work on Spaulding street near Twentyseventh. The letter was found on the street
by a fellow workman of the recipient.
The finder read it for the purpose of having a joke upon Willie, but, upon learning

the contents, changed his mind and gave the letter to the official.

The writer pleads urgently for an explanation of Willie's absence from Chicago and wants to know if he was mixed up in that "awful Cronin affair."

Further in the letter is the following statement: "Dannie Sheeban was arrested the other night for being drunk. He asked the policeman who arrested him what he killed Dr. Cronin for, The policeman laughed. Danny then told him that he would give him away if he (Dannie) man laughed. Danny then told him that he would give him away if he (Dannie) was arrested, and when the policeman found out who he was he turned him loose. I guess Dannie's Uncle Jim would get him out anyway if he was arrested."

The letter will be given to the police authorities.

OUR PARK PLANS. The Landscape Architect Will Bring

Them To-Day. Dr. Miller, chairman of the board of park commissioners, received a letter from Mr. Cleveland, the landscape gardener, whose services have been retained by the board, and who has prepared plans for the re-arrangement of Jefferson square and Hanscom park. It said that he would be here this

morning with the plans.

An extra meeting of the board has been called at 10 o'clock, when the three different sets of plans will be passed upon by Mr. Cleveland, and selections made for both of the parks. The selection of a superintendent of the work will also be made at this

meeting.
"There is an impression abroad," said the doctor, "that Mr. Cleveland is a young and an inexperienced man, but the fact is that he is gray-haired and has had years and years of experience. He laid out the parks of Minneapolis, and these we found to be geme of beauty upon our recent visit there. I think the people of Omaha will be satisfied with Mr. Cleveland's work."

Pears' is the purest id best soap ever made.

Stealing Plumbing Material. Symouds & Blake, a new plumbing firm, complain that all the material from their jobs have been stolen. They have lost pipe from the Natatorium, the Cremer block, the Smith dwelling, the dwellings on South Eighteenth street, and Mr. Biake's dwelling on South Twenty-seventh street. No ma-terial has been missed until the past week. It is thought that an association, formed to combine against the new firm, has hired some irresponsible party to make mischief. A watchman at each job has been rendered necessary in order to protect the property,

Catarrh

IS a blood disease. Until the poison is expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of Aver's Sarsaparilla - the best of all blood purifiers. The sooner you begin the better; delay is dangerous.

"I was troubled with catarrh for over "I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physi-cians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and com-pletely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

"When Ayer's Sarsaparilla was recommended to me for catarrh, I was in-clined to doubt its efficacy. Having tried so many remedies, with little benefit, I had no faith that anything would cure me. I became emaciated from loss of appetite and impaired digestion. I of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bottles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."—Charles H. Maloney, 113 River st., Lowell, Mass.
