County Court.

Judge Shields settled a new issue in the Bank of Omaha assignment. The Iowa State Savings bank, of Council Bluffs, has a claim of $10 which an attorney attempted to collect. He presented a long petition setting forth that the money had been obtained on a note which the Iowa concern held against an Omaha party and sent to the now defunct bank for collection before it had suspended. This lawyer held that the county court, having power to order dividends, declared and preferred creditors paid could also instruct the assignee to hand over funds in the bank's possession collected by it for other parties.

But Judge Shields thought differently and disallowed the claim. A certain time must elapse before the court may order an accounting made and a dividend declared. This will not be done until the banking resources have been obtained. Sheriff Coburn says he finds the work rather slow. Suits will have to be brought against a great many of the note holders.

Next Saturday, at 10 o'clock, he will sell the bank furniture, office fixtures, safes and other chattels.

MERCHANTS' PARADE.

View of Some Jobbers on Drummers' Day Celebration.

A reporter yesterday morning called upon a number of the wholesale firms of the city and asked for an expression from them as to the desirability of a trades display this fall. The result was as follows:

D. M. Steele—I think it is good thing. It advertises the city, and all merchants should enter into it. We would be willing to take part.

T. A. Robinson—It was a success last year, and undoubtedly would be this. We would go in.

Peycke Bros.—We would scarcely go into it. It interrupts business too much.

Manager for W. L. Parotte & Co.—Mr. Parotte is out of the city, but he made a display last year and doubtlessly would this year.

Mr. Loomis, of Schneider & Loomis—My partner is out of the city and I can not speak for him. Personally I favor a display.

Mr. Gilmore, of Gilmore & Ruhl—It's lots of bother, but we would make a display.

Mr. Kirkendall, of Kirkendall, Jones & Co.—It's something we wouldn't back out on, but I think the same effort made in another direction would do more good. We should get up something like the St. Louis Mardi Gras.

Mr. Andreesen, of Lee, Clarke & Andreesen—I haven't given the matter any thought and don't care to express myself.

Allen Bros.—We would probably go in.

CRAZED BY BEREAVEMENT.

The Melancholy Fate of a Grief Stricken Widow.

Deputy Sheriff Grebe has discovered a very pitiful case of insanity in Florence. Mrs. Elizabeth Douglas, whose husband, after a long attack of sickness, died on Monday of last week, is the victim. The family was very poor. The deceased worked in a grocery. At the time he was taken sick he had $60. Every cent of this went to pay doctor bills. The neighbors assisted the family by furnishing provisions, and when the man died raised a purse to pay the expenses of his funeral. During his illness the wife attended him incessantly, and lost so much sleep that her mind has since become effected. At times she becomes violent, and endeavors to commit acts of violence. Two or three times, within the past four days, she hast gone out with a butcher knife in her hand and chased the neighbors into their houses. Monday she crossed the street to a residence which had cotton mosquito-netting doors, and instead of opening the frame, walked right through the netting into the parlor, and frightened the occupants, who fled in every direction.

Last week Mrs. Douglas sent for her mother, who lives in Wisconsin, and the lady arrived Sunday, but has no means with which to provide for her unfortunate daughter. She has a daughter three years old. Yesterday morning Mr. Grebe went to the miserable shanty in which the demented woman resides, and found her and her mother lying asleep on an old dirty matress on the floor. Grebe reported the case to the county commissioners, who instructed him to see County Agent Mahoney and determine what shall be done.

Unless the woman should be considered hopelessly insane, she will be provided with transportation and sent home with her mother.

Cure of Bronchitis.

Mr. E. Carey, of Erie, Penn., writes as follows:

"I had bronchitis for over two years. My life was made utterly wretched by it. It was cough, cough, cough, until at times I thought I would choke to death. I tried every remedy, it seemed to me—some outside—more inside. Now and then I would get slight relief, then back again it would come, worse than ever. Last winter I started using ALLCOCK'S POROUS PLASTERS and kept them on; felt better almost immediately, and have kept one on my chest almost ever since, using it as a chest protector. I cannot say too much for them, for I am cured of that disease.

THE TRAMPS RESORT.

How Jefferson Square is to be Beautified and Improved.

W. H. Cleveland, the landscape gardener who has prepared plans for the improvement of Jefferson square and who has also been engaged to draw similar plans for Hanscom park, arrived in the city yesterday, and is stopping at the Murray.

Dr. Miller and he spent the morning examining the three different sets of plans for Jefferson square. The principal point of difference in these is in the elevations. Mr. Cleveland said he did not care to exhibit the plans to any one outside of the board until a selection should be made.

The board met at 5 o'clock in the afternoon and the plans were submitted to them and explained by Mr. Cleveland. One of the three is to be selected by the board.

The Closing of an Important Outlet.

The blockade of a port is not more injurious to its commerce than is even the temporary obstruction of the bowels to the health of the system. Constipation necessarily arrests the secretion of bile, impedes and disorders digestion, and poisons the circulation. The safest and most effective, as it is also the most genial, laxative and antibilious medicine in existence is Hostetter's Stomach Bitters, and it is more than probable that its sovereign efficacy as a preventive and remedy for intermittent and remittent fever is largely due to its reformatory action upon the liver, an organ prejudicially involved in all malarial complaints. Persons with a tendency also to rheumatic, neuralgic and kidney trouble cannot do better than to antagonize it with Hostetter's Stomach Bitters, which invariably checks it at the outset. The weak, moreover, are invested with strength by this fine invigorant.

PASSED NEAR HIS HEART.

John Eller Perforated in an Attempt at Self-Destruction.

John Eller, a paving inspector who has been working for Hugh Murphy, attempted to commit suicide in the United States hotel, at the corner of Tenth and Dodge streets, Monday night. He fired a pistol shot, the bullet of which passed entirely through the left side of his body, just missing his heart. He is still lying very low, but has a chance of recovering. The would-be suicide gave as a cause for his rash attempt at self-murder was that he has been thrown out of work several times of late. He had been drinking quite heavily just before shooting himself.

Eller is a powerfully built man, thirty years of age. His parents live in a small town in Indiana, about one hundred miles east of Chicago.

The victim was suffering excruciating torments late yesterday afternoon. Yet he bore up bravely under the pain. His associates and physicians are affording him all the relief possible. Eller was to have gone to Des Moines yesterday, it is stated, in search of work, but it seems likely now that his rash act will prevent him forever from making the trip.

Get rid of that tired feeling as quick as possible. Take Hood's Sarsaparilla, which gives strength, a good appetite, and health.

PREPARING TO CONSOLIDATE.

The Union Pacific Branch Lines to be Combined.

Assistant General Manager Dickinson, of the Union Pacific, has gone to Cheyenne where he will attend a meeting of the board of directors of the Idaho Central which is to be held to-day.

The meeting for the consolidation of the Utah lines will be held at the same time. This, if successfully carried out, will result in the combination of the Utah & Northern, Utah Central, Salt Lake & Western Utah, Ogden & Syracuse, Idaho Central and Nevada Pacific roads. It is reported that the consolidation will be effected without opposition. It is also reported that the capital stock of the consolidated system will be about $25,000,000. As a consequence of this consolidation, changes in the official roster of the Union Pacific will likely follow. It is reported that G. M. Cuming, assistant general manager of the Union Pacific in charge of the system west of Cheyenne, will be appointed general manager of the consolidated company, with headquarters at Salt Lake, and that the jurisdiction of Assistant General Manager Dickinson, who has control of the system east of Cheyenne, will be extended to Ogden, which will place him in charge of the entire main system. It is also reported that the matter of returning to the old system of operating, by reviving the department of general superintendent, is being considered by Vice-President Holcomb.

Excursion Rates.

The Fremont, Elkhorn & Missouri Valley has made an excursion rate of $10.25 for the round trip between Omaha and Long Pine, Neb., for the Chautauqua which opens at that place Thursday next. The entertainment will last until July 27, and owing to a large number from Omaha having expressed a desire to attend, the Elkhorn has placed tickets on sale at the above reduced rates.

Is it Discriminating?

The trans-Missouri lines have given notice that, on July 26, the rate from Denver to Chicago will be restored to the old rate, $30.65. The Western States Passenger association, however, has as yet, taken no action and the rate west from Chicago to Denver still remains at $26, no notice having as yet been given of a restoration. Some of the passenger agents are of the opinion that, to make a distinction in rates from a longitudinal standpoint is a discrimination. Others claim that Chairman Cooley of the interstate commerce commission has already given his opinion to the effect that in reverse hauls no connection in rates could be established. It is thought, however, that the Western States Passenger association will take steps soon to restore the through rate to its former scale.

Will It Collapse.

A well-known railroad official who has just returned from a meeting of the Inter-state Railway association, stated that the august combine was in bad shape, and that its collapse was regarded a certainty. He also stated that the railroad situation, as regards rates, was in bad shape, and that a disastrous rate-war could not much longer be averted.

Appointed Superintendent.

General Superintendent Hughes, of the Fremont, Elkhorn & Missouri Valley, has issued a circular appointing E. T. Horne superintendent of the Sioux City & Pacific, with headquarters at Fremont, the appointment taking effect to-day. Mr. Horne will also retain the superintendency of the South Platte division of the Elkhorn.

The Buffalo Extension.

Relative to the report published in a Wyoming paper to the effect that the B. & M. was preparing to build its "coal" line to Buffalo, an attache of the general manager's office stated that the B. & M. would not build to that place and the matter had not even been given any attention. It would require, he said, 150 miles of road which would necessitate an expenditure which the Burlington is not prepared to make.

Railroad Notes.

The Atlantic express on the Union Pacific arrived from the west two hours late occasioned by a washout on the Wyoming division.

Conductor Flemming of the Union Pacific, accompanied by his family, has gone east.

J. O. Philippi, of the Missouri Pacific, has returned from Chicago.

General Manager Burt and General Superintendent Hughes, of the Elkhorn, left on a tour of inspection of the system.

The Chicago, Kansas & Nebraska has commenced the construction of a sixty-mile extension of its road, which will make the terminus of the road at King Fisher.

General Manager Kimball, of the Union Pacific, denies that his company is at the back of the Yankton & Norfolk line, or that it is financially interested in any way in that road.

The editor of the Burlington Junction (Mo.) Post has for years been subject to cramp colic or fits of indigestion. Mr. Butcher, the leading druggist there, advised him to try Chamberlain's Colic, Cholera and Diorrhœa Remedy. He says: "We took the medicine and not only found relief on that occasion but have several times since tried its iis virtues and found relief in every instance."

THE CITY'S DEATH TRAPS.

No Attempt to Remove Them by the Street Commissioner.

The continued rain is making the breaks in the streets caused by Saturday night's storm, worse. Major Balcombe had his force at work yesterday repairing the cave in on Williams street. The street commissioner, however, did nothing. He was still awaiting orders.

For a disodered liver try Beecham's Pills.

REMARKABLE CASE.

For two years I had rheumatism so bad that it disabled me for work and confined me to my bed for a whole year, during which time I could not even raise my hands to my head, and for 3 months could not move myself in bed, was reduced in flesh from 192 to 86 lbs. Was treated by best physicians, only to grow worse. Finally I took Swift's Specific, and soon began to improve. After a while was at my work, and for the past five months have been as well as I ever was—all from use effects of Swift's Specific.

A Sure Cure
—OR—
NO PAY.
20 to 60 DAYS.

This is a disease which has heretofore Baffled all Medical Science.

When Mercury, Iodide of Potassium, Sarsaparilla or Hot Springs fail, we guarantee a cure.

We have a Remedy, unknown to anyone in the World outside of our Company, and one that has

NEVER FAILED

to cure the most obstinate cases. Ten days in recent cases does the work. In the old chronic deep seated cases that we solicit. We have cured hundreds who have been abandoned by Physicians, and pronounced incurable, and we challenge the world to bring us a case that we will not cure in less than sixty days.

Since the history of medicine a true specific for Syphilis has been sought for but never found until our

MAGIC REMEDY

was discovered, and we are justified in saying it is the only itemedy in the World that will positively cure, because the latest Medical Works, published by the best Known Authorities, say there was never a true specific before. Our remedy will cure when everything else has failed. Why waste you time and money with patent medicines that never had virtue, or doctor with physicians that cannot cure you, or that have tried everything else should come to us now and get permanent relief, you never can get it elsewhere. Mark what we say, in the end you must take our remedy or NEVER recover and you that have been afflicted but a short time should by all means come to us now, not one in ten of new cases ever get permanently cured. Many get help and think they are free from the disease, but in one, two or three years after it appears again in a more horrible form.

This is a blood Purifier and will Cure any Skin or Blood Disease when Everything Else Fails.

NOTICE—We desire to caution patients in regard to parties claiming to use the Cook Remedy. Our formula is not and CANNOT be known to anyone but ourselves.

the Liquor Habit. Positively Cured by Administering Dr. Haines' Golden Specific.

It can be given in a cup of coffee or tea without the knowledge of the person taking it; is absolutely harmless, and will effect a speedy and permanent cure whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men, who have taken Golden Specific in their coffee without their knowledge and to-day believe they quit drinking of their own free will. IT NEVER FAILS. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. For sale by Kuhn & Co.
