The children of the Christian Home will give a children's Sunday banquet at the Overton mission this evening.

The funeral of Amanda M., infant daughter of Mr. and Mrs. W. A. Wells, will take place to-day from the family residence, No. 629 Fourth street. The social given by the ladies of the Trinity M. E. church, at Lacy's ball on South Main street, Friday evening, was a success, both as to attendance and receipts. The case against William Crissman, ar-rested for running a shell game at Manawa, which was to have been heard yesterday by

Hendricks, was continued until The funeral services of the late Mr. Whitney took place at the family residence in the south part of the city yesterday morning. The remains will be taken to Keekuk this evening for burial.

John Beno & Co. will soon extend their quarters so as to include the room now occu-pied by Parks & Son. The latter firm will move to No. 18 Main street, the room re-cently vacated by J. Goldberg.

The canine round-up still goes merrily on, and the pound is filled to overflowing. Dog owners are visiting the city building in awarms, and procuring the necessary little tag, but there is a perceptible decrease in the stream of animated sausage meat that heads for the rear of the city jail.

Mrs. E. V. Rider died at her home in Denver last Thursday evening. She was formerly a resident of this city and was a sister of Mrs. A. B. Nicholas, Mrs. H. E. Sealey and Mrs. H. D. HIrle. Mrs. Nicholas and Mrs. Sealey started Friday night for Denver, to be present at the funeral.

Constable Covalt and five assistants made a raid on the beer garden in the eastern par of the city yesterday morning and secured eleven kegs of beer and several bottles of stronger liquor. This is the largest haul yet made in any one place. The case will be heard by Justice Barnett some time next

On Tuesday, July 23, Omaha camp, No. 120, and Hazel camp, No. 171, Modern Woodsmen of America, will hold a union basket pienic in Fairmount park, commencing at 10 o'clock a. m. A cordial invitation is extended to all members and their families to attend and griev themselves. By order of the comand enjoy themselves. By order of the committee on arrangements.

The sidewalk is now being laid in front of the Eisman building. It is made of cement and nine feet wide, and in every respect in accord with the majestic building itself. If this kind of material were used in front of all the business houses instead of brick, walking in the central portion of the city would be greatly improved. would be greatly improved,

The election of town officers for Lake Manawa will not occur next Wednesday, as formerly announced. The hitch in the proceedings has been caused by the neglect to cause publication of the notice of election in some newspaper as required by law. The necessary notice will be given at once, so that the election will not be delayed.

The temperance cadet corps was out for a drill in Bayliss park yesterday morning, a ft-er which a parade was made through the principal streets. The company assumed a rather threatening attitude in front of THE BEE office, but it transpired that they only wanted to give three rousing cheers to ex-press their appreciation. The little folks made a very creditable appearance, consider ing the fact that they had been drilled but a very short time.

The Malowney bath house at Lake Manawa, is fitted up in excellent shape. There are thirty-five bath rooms, which are fitted up with all necessary appliances. The beach is divided into three compartments, one for boys, a second for men, and the third for ladies and children or ladies with their escorts. The latter apartment is covered with a roof, and swings are provided for little ones. A Difference in Paving Brick That Is Worthy of Attention.

CHIMES OF THE CHURCH BELLS.

The Boat Crews Ready For Spirit Lake-The Day In District Court -A Move to Close the Manawa Budge Shops.

An Interesting Test of Paving Brick.
To the Editor of THE BEE:-The subject of paving with brick has excited much interest with our citizens since the council has so decidedly pronounced in its favor. Brick pavements are no longer an experiment, They have been tested in Europe for a century, and in New England and many western states for many years with the most gratifying results. There are, however, certain conditions to be complied with in order to make a perfect pavement that cannot be neglected. The brick must be almost vitrineglected. The brick must be almost vitrified, of equal hardness and density. The
weight of a brick determines its quality as
much as its density, the harder the brick
the less water it will absorb, and the less subject to the action of frost. Mr. D. N. Richardson
of Davenport, on his late visit here informed
the writer that the bricks now used in paring that city only absorbed one cunce of
water, and are manufactured at Galesburg.
Of course such bricks are nearly vitrified,
and require a soil with much clay to burn of course such bricks are nearly vitrined, and require a soil with much clay to burn that hard. Such brick were formally made in Council Bluffs, and can now be seen scattered in every old sidewalk in the city. It is only a question of plenty of fuel and heat.

The writer has in his possession a paving brick from a good brick yard in this city that weighs four pounds nine and three-quarter ounces dry, and five bounds two ounces

ounces dry, and five pounds two ounces when wet, a difference between dry and wet of eight and one-quarter ounces. He has also one made in Lincoln that weighs four pounds thirteen and one-quarter ounces dry, and five pounds when full of water, showing that the Lincoln brick while 3% ounces of the heaviest absorbed only 2% ounces of water, showing that the density of the Lincoln brick was much the greater.

much the greater.

The writer dosn't know what quality of paving brick the Council Bluff yards can turn out, but hopes that the city engineer will see to it, that the best brick that can be had at a reasonable price should be used in our pavements, and further hopes that the our pavements, and further hopes that the city council will instruct the engineer to test all brick to be used, both as to density and hardness. No man can judge of the best qualities of a brick by a bare inspection. Its power to resist crushing is also a prime requisite. The Galesburg brick stands a crushing pressure of over 7,000 pounds.

The two bricks used in the above test were of precisely the same cubic measure and of precisely the same cubic measure, and were selected with reference to making a

fair and impartial comparison.

I doubt very much if any of the foregoing tests were applied to the brick used in paving Willow street, but it is no reason why it should not be gone hereafter. BRICK ALL THE TIME.

Base Imitations. Certain parties, without brains enough to originate an idea and without energy enough to work up a trade on their own brands, are advertising themselves as sole agents for the celebrated Santo Rosa cigars, which we introduced ten years ago, and which now en-joy the reputation of being the best and most widely known of any 10 cent cigar sold in the entire west. We therefore desire to inform the trade that we always have been and are still sole owners and proprietors o this brand of eigars, and wish to caution the trade that all brands of Santo Rosas no made in factory No. 121, first district, Pa. are base imitations of the well known Santo Rosa. See that the label has printed thereo. the words P. & M.'s Santo Rosa Cuban Made. All others are imitations and are of inferior quality. July 20, 1889. Penegor & Moore, Council Bluffs, Ia.

Prohibition Strikes Manawa. The new town of Monawa is following close in the footsteps of Council Bluffs, even in the matter of closing up the saloons. Some of the saloons have been closed, and the proprietors have announced their intention of closing up all the others, in much the same manner as their brethren are now attempting to work in the city. They say that they will shut up every budge shop on either side of the lake, including the bar in the hotel, and in every building adjoining. They are satisfied that they will not have another chance to open their old places, as steps have been taken to have officers on hand to-day, and if a beer joint is opened on the eighty-acre tract on which Manhattan beach is situated, the saloenkeeper will be promptly arrested and cinched according to law. If the ex-saloenists are successful it will re-lieve the officials of the new town of a great deal of trouble and unnecessary bother

in Judge Deemer's Court.

Judge Deemer opened up the day's business in the district court yesterday morning by sentencing Charles Smith to three years at Fort Madison, for larceny from the person of a young Dane named Ed Johnson. Smith has been employed in the city as back driver for several years, and has developed into quite a tough character, and the court was not disposed to let him off very easily.

In the case against John Jay Frainey, administrator of the estate of B. B. Frainey, the court refused to modify the previous order of the court, committing Frainey to jail for contempt of court, until he pays over \$2,500, which is the amout that his accounts as administrator are short. The court stated that it was a case of contempt, and not of emberziement as claimed by the defendant's attorney. Frainey is now in Omaha, but is

pining for a whiff of Iowa air. Judge Deemer's latest ruling will maure his pining on the Nebraska shore for years to come, unless he decides to come back and take a couple of years in jail, or his wife gives up her home-stead to smooth the thorny path of her ab-sent lord. The sonp tureen in which Fraincy is floundering seems to be a very capacious vessel.

The contempt case against Peter Bartelle, was dismissed and the defendant discharged. The court held that there was sufficient evidence of contempt, but that the dismissal of the former complaint, charging the defendant with contempt, was a bar to the action.

The injunction case recently filed by the ex-saloonists are said to be of no force from the fact that John A. Landstrom, the complainant, cannot show proof of citizenship.

His first papers of declaration of intention to be contempted by the contempted by to become a citizen, were taken out in Mono-na county some time since and an affidavit to that effect was filed in the superior court of

the city several days ago.

It now transpires that the said affidavit was in some way misplaced or lost before a record of it had been made, leaving Landstrom without any record of citizenship in

the country.

In the case of Henry Stewart, alias Johnson, colored, for the assault on Policeman Doyle on Pierce street, the court reduced the ball bond from \$1,000 to \$600. In the afternoon the probate docket was called, and work done on several cases. Every case was called, which was something not attempted before in several terms.

An adjournment was taken until the 25th inst., when Judge Carson will be present to attend to certain matters. Judge Deemer will be here again about the 1st of August. It is stated that another contempt case will not be a saloon case, however, but one arising in connection with probate business from a failure to comply with an order of
