Mr. Doty restored joy to the little man's heart by delivering the pocketbook to

Denies the Story. George S. Smith, of Fremont, the an-

Anderson vs Coburn. Commissioner Anderson is greatly in censed over the disposition made last Saturday of Sheriff Coburn's bill. Refusing Assessors Extra Pay. Claims presented by wards and township assessors for services, amounting to \$858, were disallowed by the commissioners last Saturday, and it is considered probable that some lively complaints will be heard from the assessors. These claims, it appears, were for extra work, but the men putting them in failed to comply with the law in reporting either the number of hours or the amount of work performed. Consequently, the latter concluded to keep the cost of assessment down to about what it was last year.

Pulaski's Sprained Ankle. Police Court Officer Pulaski was not on duty at Judge Berka's soirce yesterday. He was at home reflecting upon the folly of trying to get a Sunday holiday on a misfit

Sunday morning the officer telephoned to the police station that he had sprained his ankle badly and would not be able to appear for duty. Chief Seavey was in a sympathetic mood and at once detailed two officers to go to the Count's house and minister to his wants. The Count was not at home. When the officers found bim he was ongaged in a running high jump contest with some husky picknicers at Ruser's park. He has been

WORKING ON COMMISSION. The District Messengers' Incentive

to Become Fleet of Foot. The district messenger service company has put into effect a new system by which, says Manager L. M. Rheem, it is hoped the complaints so often made against slow boys will be stopped. The boys will be paid a percentage—one-third of the money they turn in, and prizes of \$2, \$3 and \$5 a month are offered for those who make the best showing. Two days and nights of work under the new rule have demonstrated that the boys will make more on an average than the boys will make more on an average than they received as regular salary, and there is no question, the superintendent says, but that the service is bound to be greatly im-

H. Kelly, one of the best messengers on the night side, was getting \$14 a month. Saturday night he turned in \$2.37, receiving as his share 79 cents, equal to \$23.70 a month. Estimated on the business of Saturday and Saturday night, Sunday and Sunday night, which were rather below than above the which were rather below than above the average of busy days, all the boys will make more money than they did formerly under regular pay. The scheme suits them and they are determined to make it answer their desire of making good reputations and getting rich fast. It was submitted to them before being adopted and all except two, whose parents objected, approved of it.

JUDGMENT FOR THE BALANCE.

The Garnishee Law Not Considered in the Morrow-Mullen Case.

Justice Anderson, before whom the case of Patrick Morrow against Patrick Mullen for a grocery bill of \$55.80 was tried, gave his decision yesterday rendering judgment for a small amount in favor of plaintiff. The new law relating to garnishees was not

taken into account, so much as the fact that Mullen is subject to attachment and perfeetly able to pay any ordinary debt. The justice based his decision on the common law, tempered somewhat with a sense of feeling that Morrow had been unduly harassed in his efforts to collect the claim. He strongly condemned the practice, how-ever, of account holders going into other states to get service on their debtors, more especially when such debtors have chattels over and above the amount due them under the exemption act. In this case, Morrow, who keeps a grocery at 1701 Cuming street, as-signed the claim to a Council Bluffs lawyer, who secured a garnishee on that side and succeeded in collecting a part of the bill. Subsequently Morrow instituted suit before Anderson for the amount of the original bill and all costs of the case. He got judgment only for the balance still due, amounting to

THE SIDNEY BANK.

It Will Likely Pay Fifty Cents on the Dollar. The report of the committee which exam-

ned the books of the Morgan State bank at Resources, overdrafts, \$28,428.51; cash on hand, \$604.51; notes, \$24,515.15; real estate, \$10,126; a total of \$03.674.27. The liabilities of the bank are \$70,120.79, mostly representing deposits. This leaves a shortage that cannot be accounted for of \$6,446.45. In addi-

ion to the resources above are the bank fixtures, some creamery shares, horses on the ranch and 160 acres of land on Pumpkin creek, the value of all being in the neighborhood of \$4,000. Of the resources, many a counts and notes are worth-less. The commiste have estimated that the actual shortage is between \$35,000 and \$40,000, se that without the promised assistance of Johnson the bank would realize in the neighborhood of fifty cents on the dollar for the Morgan's personal overdraft was shown by the statement to be \$13,689.25.

Pocketed By Young Calhoun. Mr. C. S. Potter, agent of the American express company, was in the office of the internal revenue collector yesterday tracing a remittance of \$27.50 to the collector from a resident of Watertown Dak., through the express company. The Watertown man did not receive his stamp for which he had made remittance, and wrote to the collector concerning the matter. An answer was returned over Mr. Calhoun's signature stating that the money had not been received. In-quiry through the New York office of the express office revealed the fact that the order had been cashed in Omaha and bore the stamp of Collector Calhoun. Mr. Potter called on Collector Peters, and it was found that the entry had been made of the receipt of the money, but young Calhoun had pocketed the entire amount.

The Watertown man will receive his stamp

in due course of time, as this remittance was among the batch of defalcations which had been made good by the elder Calhoun.

Why it Was Deducted.

At the meeting of the county commissioners, Saturday, action was taken on a number of bills, among which was that from the printing house of Gibson, Miller & Richardson, which, in compliance with the finance committee's recommendation, was reduced \$92.02. This was done as a result of the row created some time ago and because of overcharges made for mortgage records and several gross of pens. The records are those over which Anderson created a sensation, and over which he had one or two fist fights.

Rapids, the state board of bank examiners, are in Omaha attending to business connected with their department. Mr. Mc-Naug hton said that the law had not been in effect long enough to indicate what results it would produce, but he was of the opinion that Nebraska was sure to be greatly benefited. It would drive out the wildcat concerns, close up institutions that have been banking principally on wind and give the honest houses an opportunity. He could not say, but thought the board might examine one or two of the banks in Omaha while here. However, this city belongs to Saunders' district.

Sick Headache

IS a complaint from which many suffer and few are entirely free. Its cause is indigestion and a sluggish liver, the cure for which is readily found in the use of Ayer's Pills.

"I have found that for sick headache, caused by a disordered condition of the stomach, Ayer's Pills are the most re-liable remedy."—Samuel C. Bradburn, Worthington, Mass.

"After the use of Ayer's Pills for many years, in my practice and family, I am justified in saying that they are an excellent cathartic and liver medicine—sustaining all the claims made for them."

-W. A. Westfall, M. D., V. P. Austin & N. W. Railway Co., Burnet, Texas. "Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a dis-ordered stomach and liver. I suffered for over three years from headache, in-digestion, and constipation. I had no appetite and was weak and nervous most of the time. By using three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured."

— Philip Lockwood, Topeka, Kansas.

"I was troubled for years with indi-gestion, constipation, and headache. A few boxes of Ayer's Pills, used in small daily doses, restored me to health. They are prompt and effective."—W. H. Strout, Meadville, Pa.

AT THIS TIME

Of the year people are looking for bargains, and all the advertising and blowing in newspapers will not sell any goods unless customers can be convinced that they are getting real bargains. The shrewd and careful buyer will note that the place which is selling at close prices in the busy season is likely to give the greatest values in the dull season of the year. In every one of our several departments are goods which must be closed out. A store like ours cannot afford to carry over stock from one season to another. It pays us better to sacrifice what there is left and begin every season with new goods. You can for a few dollars just now get greater values in clothing than you ever dreamed of. Broken lots, single suits, etc., are closed out regardless of cost or value. In the Furnishing Department we offer to-day:

A lot of very fine White Gauze Shirts, with short sleeves, at 30 cents,

A lot of very fine Gray Gauze Shirts, with short sleeves, at 35 cents.

These two lots are not of the ordinary kind offered everywhere at low prices. They are a very fine grade, worth fully 50 and 60 cents, and would have been sold at these prices had the warm weather set in earlier. Very fine I rench Ribbed Shirts and Drawers at 45 cents, worth 75 cents.

The "Nebraska" Laundried and Unlaundried White Shirt is the most popular shirt in town. The reputation of this shirt is simply due to its superior quality in goods and make, and the unprecedented low prices.

Our 50c Unlaundried Shirt is made of New York Mills muslin, 3-ply fine linen bosom, full reinforced front and back, is full size and excellently made. Other houses will not match this shirt for less than double the price. Our Laundried Shirts are sold at 65c, 90c and \$1.25; the latter is the very best in the market. COLLARS-We sell a very good Collar, GUARANTEED TO BE LINEN, at 5c. We have them in two shapes-turn down and at anding.

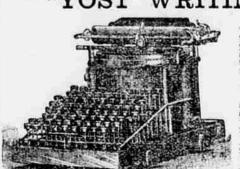

Very fine Linen Collars at 10c, There we have in all the popular shapes. The very finest Linen Collars at 15c, two for 25c. This is as good a collar as there is made in the country.
