St. Paul 16, Omaha 11. ST. PAUL, Minn., August 2 .- | Special Telegram to THE BEE, |-The game between St. Paul and Omaha this afternoon was in some respects the most remarkable played here this season. Omaha led in the fourth and fifth inniugs, St. Paul in the sixth, Omaha in the seventh and eighth, and St. Paul in the ninth. For four innings neither team made a hit, but in the last five the hitting was terrific and the errors very numerous and costly. With two men on bases in the seventh inning Cleveland pasted the ball outside the lot, and in the ninth Werrick tied the score with a similar hit; before anybedy was out Broughton knocked a grounder to Walsh, who threw wild to first. Miller pounded the sphere to Cleveland, and he. Walsh and Andrews executed a pretty double play. The game however, was not over. Daly got a base for waiting and Nichols hit Tuckerman. Hawes and Murphy each made singles, three men scoring, Hawes being retired at third. Canavan made a hit for Omaha in the last half, but was not ad-vanced. Score:

Meeting of the Western Association MINNEAPOLIS, Minn., August 2 .- | Special Telegram to THE BEE. |-Secretary Morton, of the Western base ball association, this morning telegraphed President McCormick. requesting him to call a meeting of the Western association as soon as possible to take action on his resignation as secretary, which has been in the hands of the president for the past six weeks. The meeting will be held in Minneapolis or Omaha early next week. There are several interesting topics for discussion at the meeting. Des Moines has a grievance, St. Paul wants Minneapolis to make it a present of \$100, and Sioux City claims that Barnes, aided by Umpire Mc-Dermott, roobed it of a game. Then the um-

Charlie Lord Wants His Salary. St. Joseph, Mo., August 2 .- | Specie Telegram to THE BEE. |-Charles Lord, late manager of the St. Joseph base ball club, is preparing to commence suit against the president of the company, A. H. Trucken-miller, for salary due. When the club was making an extremely poor record for itself at the commencement of the season by winning very few games, the president concluded that it was the fault of the manager, and ac cordingly discharged him, taking the management himself. Later, Lord, by virtue of his contract with the company, applied for his salary, but was told that as he was out of its employ no salary could be paid was purchased by Watkins, of Kansas City, the company entered into a written contract with Lord to manage the club for the season at a sulary of \$125 per month, the contract limiting him to pay no higher salary than \$180 per month for players. When the kicking commenced about the club's noor playing

Lord gave as a reason that he could not secure good players at that price, and asked to be allowed to pay more, but this request was refused, and was closely followed by his discharge.

On Truckenmiller's taking the management he at once released a number of the poor players and hired others at a higher salary, and it is on this action Lord bases his claim for salary due. Mr. Lord claims that he filled his position as claim for salary due. Mr. Lord claims that he filled his position as well as it could be filled by the restriction placed on him, and that had he been allowed to take the same action taken by the president he could have had just as good a club, and that as the president has seen fit to break the contract, his salary nas seen in to break the contract, his sainty is due him for the balance of the season. Notice of suit was served on Truckenmiller's attorneys to-day, but by agreement the filing of the suit was deferred until Truckenmiller's return to the city. Since Lord's discharge as manager he has been taking tickets. in the grand stand while the team played at

THE SPEED RING.

Cleveland Races. CLEVELAND, O., August 2 .- | Special Tele gram to THE BEE.]-This was the last day of the grand circuit meeting. The attend ance, though not as large as it was yester day, was still very good, but the sport was much tamer. The only sensation was the performance of the moer, Johnston, whose effort to beat the best record on this track was successful, the great side-wheeler making the mile in 2:0014, or within a quarter of a second of his own record made at Chicago several years ago. A runner accompani Johnston and he went to the quarter in

seconds, half mile 1:08%, three-quarters 1:35% and the mile in 2:06%.

Of the regular classes the 2:33 class came first. In this the bay gelding, Veritas, was a 5 to 5 favorito, and after closing a big cap and finishing ahead in the first heat there was no betting against him. He did not have to reduce his record in this easy victory. Poem finished second in the third heat, but was set back to last place for repeated breaks. peated breaks.

The free-for-all trot was very tame, though

several cracks were entered. Most of them were scratched and it now seems that it was never intended to start Clingstone, the entry being a blind one to draw a crowd. This left Gean Smith and White Steekings draw a crowd. This lets Geat had no White Stockings, and the former had no trouble in beating the Kansas City fiver, the third heat Gean Smith trotted in 2:1 reducing his record three-quarters of a Eleven pacers were in the last event, the

field selling at odds against such choices as Doctor M, Elmenarch, and Ed Anum. Billy Steward set a fast clip in the first heat, Steward set a fast clip in the first heat, going to the quarter in 33 seconds and the half in 1:97. Here Lillian and Flora Tempt attempted to pass him, and Lillian was first by a triffe in 2:14½. After an exciting finish Lillian won the second heat in 2:14½ and was a 2 to 1 favorite. A smart shower fell before the next heat, but Lillian went off at a merty clip and looked like a winner till the distance, when Wilcox and Doctor West passed her, the former winning the heat by a nose in 2:16. Lillian continued the favorite, but the next heat was continued the favorite, but the next heat was captured by Ed Annin after a tussic with Wilcox. A Section Hand Killed. PLATTSMOUTH, Neb., August 2 .- [Special

to THE BER. |-Thomas Skoda, a B. & M. section hand, was instantly killed to-day about noon near the west end of the Plattsmouth yards. Skoda, with several others, was working on the north track and was sig nalled by an east-bound freight to get out of the way. All the men stepped from the track except Skoda. His comrades called to him, but he paid no attention. When the engine was within sixty yards of him the engineer whistled the danger signal and he stepped partly off the track, hesitated for s moment, and before he could get off the en-gine hit him, breaking four ribs and fracturing his skuil. The coroner's jury returned a verdict that the deceased came to his death by his own neglect and carelessness.

Continuation of the Pender Trial. PENDER, Neb., August 2 .- [Special Tele gram to THE BEE. |-The Indian trial still continues. There is no perceptible abatement in interest. The court house is crowded day and night. Over fifty witnesses have already testified for the defense, but the character of the majority of them renders the evidence of but little weight. A squabble this afternoon between Ruberson for the state and Abbott for the defense necessi stated the interference of the fourt. It is without doubt one of the most hotly con-tested cases ever witnessed in this section. It is believed the evidence will all be in to-night. The Indians will doubtless be held. Guardian Stone Returns.

Stone, the former guardian of Jerome Richardson, an irresponsible man, and who deserted his charge after disposing of the unfortunate man's farm, valued at \$3,000, has returned to the city to help fight the case brought in court against his bondsmen. Stone says he kept his charge as long as the money lasted and spent about \$300 more on him out of his own pocket, which he wants the county to refund. The bond, however, which he gave was to the effect that he should provide for Richardson through life. The latter was well-to-downen Stone became his guardian, but he is now a county charge. The case against Stone's bondsmen for \$5,000 will come up at the September term of court.

Oklahoma Runed Him. NEBRASKA CITY, August 2 .- | Special to THE BRE. ]-Henry W. Cornell, one of the most unfortunate of the Oklahoma boom victims, was in the city last night or his way back to his old home near Cherokee, Ia. He met an old acquaintance here in a news paper man, and to him related his sad story of misfortune.

At the time the Oklahoma lands were

thrown open to settlement, young Cornell

was living on a rented farm near Cherokee with his wife and child. Like many others, he was taken with the craze, and loaded his wife and effects into a wagon and started for the promised land. They had gone about half the distance when they were overtaken with their first misfortune—the loss of one of their horses. The journey was continued until the Cimarron river was reached, with its swollen stream. Cornell was one of a number that stream. Cornell was one of a number that attempted to ford the river, but left his wife and child temporarily with campers on this side, as it was not considered safe to cross in the wagon. The young man, however, at-tempted it and when he reached the current was compelled to cut the horses loose from the wagon to save them and himself, while the wagon and its load went down the river. point in Kansas and purchased a new outfit, and some time later arrived with his family at Okiahoma. A claim was staked out and work at improvement was begun, and every thing went on smoothly for about a monti when the little child sickened and died Through grief and worry Mrs. Cornell's health began to fall, and on top of this their title to the claim was dis-puted and untold trouble was threatened from this source. Discomoded and disguster they sold their claim to the land, and packing up started to Gage county, Nebraska, where Mrs. Cornell had relatives. They had not been on the road more than a few days when one of their horses stumbled into a wolf hole on the prairie and broke a leg making it nec essary to kill the animal. The rest of the outfit was then sold and on foot and part way by rail they finally reached their friends at Blue Springs, Neb. After a few weeks there the wife died, and after laying her to rest Mr. Cornell made his way to some acquaintances near Peru, in Nemaha county, where he has been working on a farm until yesterday. He left this morning for his home in Iowa, to start life over again, He looks twenty years older than he did a few months are and his hair his turned quite months ago, and his hair has turned quite

gray from the effects of his troubles. Close of the Wymore Reunion. Stolen Money Recovered.

WHEELING, W. Va. August 2. -Harry Seybold, teller of the Bank of Wheeling, who with George Hennig, another employe, was arrested last night charged with stealing funds of the bank, made a full confession this morning. He exonerated Hennig from all blame and said he took the money on the 10th day of last April. The package contained \$27,000 in cash and was removed from the vault to Seybold's house. There he kept t until June 6, when he deposited \$12,000 in various banks to the joint credit of himself and Hennig, telling all who asked about it that they had won the money in the Louisiana lottery. To Hennig he said he had borrowed the money and intended to buy a gold mine with it. About \$14,000 of the money has been recovered and property to a like amount has been attached, so the

to a like amount has been attached, so the bank will be amply protected.

There was a big sensation in the city this morning when it became known that Seybold, who is a very popular young man, had been arrested. On the 10th of April a package containing \$27,000 was deposited in the bank by a prominent business man and was placed in the vault to be counted after business. After the bank had closed, the cashier went to get the package and found it miss. went to get the package and found it miss-ing. The absence of the package was kept quiet for the time being, as it appeared quite evident that some of the employes had taken it. Seybold was found to be spending money quite freely, and as his account at the bank was not touched and his salary had not been drawn for months, suspicion at once rested on him. The lottery story was found to be untrue, and it was determined to arrest Scybold on suspicion. He was taken before a justice and charged with the theft. At first Scybold denied the charge, but after close examination finally confessed to having taken the money. Savbold turned over the taken the money. Seybold turned over cer tificates of deposit and real estate and per

sonal property to the amount of \$32,000, which will entirely cover the loss. He was committed to jair without bail, and will be held for trial to-morrow morning.

Seybold's father, a prominent citizen of many years standing, is cashier of the bank and only learned of his son's guilt this morning, and then from his son's wife, who, crazed with grief, went to her father-incrazed with grief, went to her father-inlaw's home about 5 o'clock and told him of the arrest and confession. Harry Seybold has been in the employ of the bank for the past seven years, and his books have always been found correct at each examination. He gave as a reason for taking the package that the temptation was too strong.

Harry Seybold was released on bail this

afternoon. It is certain that Hennig is en-tirely innocent of any criminal connection with the theft, he having been persuaded by Seybold to believe the money had been drawn from the Lousiana lottery.
