The Idea is Preposterous.

In a conversation upon Brennan's suit against the city of Omaha, the Hon. W. J. Connell said that he was Brennan's attorney when the latter's claim was first brought against the city. As an attorney he has never given an opinion that Brennan could restrain the city from doing whatever it pleased with the city hall foundation.

"I don't believe," continued Mr. Conneil, "that the court would ever issue a restraining order, to say nothing of an injunction.

and at best a restraining order would last but

three days.
"The idea that Brennan could at this time restrain the city from tearing down the old foundation walls of the city hall is prepos-terous. The city has the right to do what it pleases with its own property in a case of this kind.

"The contractor, of course, may take his claim into the courts, or have it adjusted through a committee of the council, in case the latter sees fit to allow him anything. But the courts certainly may not be expected to stop construction on the new city hall, or even allow anybody to delay it by any proceedings in court."

THE TURNER-MILLER TRIP. Clerk Moores Tells How It Came to Be Made.

It is reported by Commissioner Mount that William Turner and Joe Miller, who have been on a visit to New York, will return today. As yet no one has been able to ascertain whether Douglas county is to be made to bear their expenses or not, No member of the board can be induced to admit that he knows anything about it. Frank Moores said that complaints of insanity were filed against Sadie Gildersieeve and "Jack the Ripper," whereupon the examining comthe Ripper," whereupon the examining commission on insanity recommended that money could be saved by sending them to their friends in the east. According to his statement the county physician learned through bits of conversation had with him at various times, that "Jack the Ripper" came from New York. Further than this all knowledge of the man is veiled in complete obscurity. It seems that he was picked up by the police as an imbectie, and sent here, doubtless, from some other state and thrown upon the charity of this community. He may have come from New York, but it is doubtful. While the commission recommended his transportation to New York, the commissioners declare that they never authorized it. With reference to the woman, this much is true: Her former husband and an annt called on Charman Mount and said to him that if the board would buy a ticket for her to Chicago, the expense beyond that point would be attended to by them. But it seems that Turner wanted some excuse for an opportunity to see New York without having to pay anything for the privilege out of his own pocket, and insisted on taking Gildersleeve through to her destination. Moores asserts that "Jack, the Ripper" was such a very bad individual that they could not think of trusting any other person than Joe Miller with him.

So this is where the matter rests and probably will rest until the question of allowing their bills comes up for action. mission on insanity recommended that money

THE BARRETT BOYS.

They Get Into Lots of Trouble in Conneil Binffs.

The Barrett boys are commanding the attention of the police again. This time they are in Council Bluffs, where they have been arrested under five charges of larceny. They are Frank and Ed Barrett, the younger members of the family, and have been doing business in Council Bluffs under the names of Ed Burns and Frank Riley. They have been in Council Bluffs for several weeks, oc-cupying a house in the southern part of the city in company with their sister and two no-torious prostitutes who have been chased out of Omaha. Soon after their arrest, Mrs. Barrett went to Council Bluffs and made an unsuccessful effort to secure their release on ball. They have been sentenced to thirty days each in the city jail on one charge and will have to answer to five others as soon as they do service under the present sentence

Puget Sound.

All points on Puget sound are more easily reach via the Northern Pacific than any other line. This is the only line reaching all parts of Washington territory, is the only line running colonist sleepers through the territory direct to Tacoma, and is the only line via which through tickets can be purchased. The Northern Pacific allows stopovers at all points in Washington territory to holders of second-class tickets reading via their line.

SILENT AS THE SPHINK.

Anderson and Turner Continue to Ignore the Vault Matter. Commissioner O'Keeffe thinks that it is very doubtful whether the vault matter will ever receive any more consideration. Said

"I have done everything possible, but being only one of three committeemen my work amounts to nothing unless we can get a report from the other two. The board can't take action on Mr. Coon's estimate which was submitted by me as my report, simply be-cause I am in the minority, until Anderson and Turner make their report."

"When do you expect them to show their "My candid opinion is that neither you nor I will ever hear another word from them on the subject." "Have you no means of compelling them to

make some kind of a report!"
"None that I know of. It looks as though they propose to simply ignore the whole business by remaining silent."

The Armstrong inquest. Coroner Drexel held an inquest at 10 o'clock yesterday morning on the body of Fred Armstrong who died yesterday from injuries received the night before by accidentally falling down the elevator shaft in the Ware building. A Cable Train Wrecked. A coupling-pin lying on the cable line on South Tenth street yesterday was the cause of a serious accident, in which several persons were injured. THE RETURNED TRAVELER. Mr. Dewey Describes His Trip to the

leebergs of Alaska. C. H. Dewey returned from his Alaskan trip. Asked concerning his trip he said he left Omaha June 25 over the Oregon Short Line to Portland and Tacoma, whence he sailed per steamer Corona for Alaska. The trip, which he describes as very pleasant, was made in the remarkably fast time of fourteen days. Among the passengers were the Alger party, Judge Thurston and wife and W. V. Morse and family. They went north to the 59th degree, within sight of the glacier where THE BER's correspondent, Miner W. Bruce, was reported lost a short time ago.

They spent a day at Spokane Falis and Helena where they were entertained by P. P. Shelby. Shelby sent the special car over the Montana Central, of which he is general manager. At Butte a day was passed looking over the mines and at Anaconda the party was entertained by Marcus Daley who showed them over the famcus mines there. After a short visit at Boise City, two days were spent at Shoshone falls, the mines there. After a short visit at Boise City, two days were spent at Shoshone falls, the Twin falls and Blue lakes, celebrated trout fishing grounds. MR. BERRY'S FIGURES.

They Are Altogether Too High to Suit the Park Commission. Mr. Berry, of Minneapolis, will not superintend the parks of Omaha-at least, not for

the present. When the commissioners met yesterday a letter from Mr. Berry was read. In it he stated that he could not accept \$1,200 a year without losing money, and if he came he would have to be paid \$1,500 for the first year, and given an increase of salary the succeeding year.

"Lose money, indeed," put in Mr. Lininger, contemptuously. "He is only getting \$2.50 a day now. But that's just the way I thought he would act, wanting as much salary as his father on his second year, no

doubt."

The letter was placed on file, and the gentlemen of the commission said they guessed Mr. Adams could handle the work all right for the present, and they needn't be in a hurry to engage Mr. Berry.

Dr. Miller was deputized to explain to the council that the park commission would like to have the city lay permanent stone sidewalks around Jefferson square.

A communication from Mr. A. V. Caldwell, offering to donate thirty acres of land

well, offering to donate thirty acres of land for park purposes, was read. One of the conditions imposed was that certain other lands owned by Mr. Caldwell should be ex-empt from city taxes for ten years. "We can't do that," said Judge Lake. "It's out of our province." So the offer was placed on file.

Miss Thomas failed to return and Mrs. Forbes still has possession of the child. She has applied at the "Open Door," at the "Creche" and at the poor farm to have the child cared for, but has not been able to get a place for it at either of these institutions. She yesterday made application to the police to aid her in finding the child's mother.

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla.
