THE INDIANS BOUND OVER.

Murderers of the Benjamin Boy Held for Trial.

WHISKY CLAIMS ANOTHER VICTIM.

Citizens of North Platte Severely Criticize the Action of Judge Hamed in the Long Case.

The Long Murder Case.

North Platte, Neb., August 3.—(Special Telegram to The Bee.)—The Bee printed the bare facts of the Long case relating to the meeting of the adjourned session of the district court last Monday, and its continuance until October 31, on motion of the prosecuting attorney, Judge Hamed, which surprised and excited the citizens of North Platte, and it became known that this tedious and costly case was to be continued again, and right against the next regular session of court, which meets in November. The defendant's counsel are greatly exercised and quite indignant. They claim that Judge Hamed would hardly have granted another continuance but for the fact that he knew that the supreme court had adjourned, making it impossible for them to appeal from Long's release to that court.

CANADIAN ROADS.

Chairman Walker's Views on Their Effect on the Country.

Only Nine Hundred and Fifty-Eight Cases Made "Special."

OF THE SAME OPINION STILL.

Convinced Against Their Will Democratic Correspondents Keep on Telling the Same Old Tales of Fraud.

WASHINGTON, D. C., August 3.—(Special Telegram to The Bee.)—Senator Cullum recently sent a letter to a number of prominent railroad men asking their views on the relations of the Canadian railroads. Among the replies received is one from Chairman Walker of the Inter-State railway association, and late member of the inter-state commerce commission. He says in substance, in beginning that the Canadian lines operating in this country affect certain parts very favorably, especially New England. In other parts the effect is unfavorable. He thinks the Grand Trunk and Canadian Pacific have been large factors in the development of Chicago and that the competition of the Grand Trunk materially aided in bringing about the long-distance rates of the past few years. It is obvious that the relations of these railways to the inter-state commerce in the United States have been very favorable. He says in conclusion that by treaty or otherwise Canadian roads operating in this country should be made to conform with the inter-state commerce law.

Bent on Revenge. CHICAGO, August 3.—(Special Telegram to The Bee.)—The Kansas City competitors of the Alton road are bent on revenge. No new member of the inter-state commerce commission has been named to-day, but the Kansas City committee of the inter-state commerce railway association is busy preparing its complaint to the inter-state commerce commission against the demand of the Alton for participation in the business originating west of Kansas City. The complaint will be based on the alleged illegality of the Alton rate for freight on the following route: Chicago and then taking the traffic on its own line to Chicago at a reduction on the Kansas City rate equal to the difference between the western local rate and the prevailing rate of the through rate. The original through rate is not cut, but the Alton receives less than the regular Kansas City local for its haul. "Milling-in-transit" and "stopping-in-transit" rates avoid exactly this reduction in the Alton rate. The committee refuse to have the system declared illegal. Railroad men are very angry at the proposed reduction of the rate, and are making every effort to prevent it. Business Practically Over in the Sioux Falls Body.

SIoux FALLS, S. D., August 3.—The South Dakota constitutional convention practically closed its labors to-day, though final adjournment was not taken until Monday. During the last hours the convention passed upon some of the most important matters brought before the body. The proposed amendment to the schedule shortening the term of state officers to be elected in October, thereby making the elections for state and county officers coincident, which was defeated yesterday, was reconsidered and adopted to-day. State and county officers will therefore be elected in November, 1890, and South Dakota has been delivered from annual election of the most important features of the work to-day was the consideration of the report of the committee on state and municipal indebtedness. By the vote of the adjourned court to lecture the press and to threaten dire consequences to such as should make any comment prejudicial to the public interest, the committee took the public in the case, this paper will continue to publish the same as in other departments of his work Superintendent Randall has shown that he possesses the qualities of a good superintendent. He is a man of high character and well adapted to the position assigned him and the institute promises to be the most successful ever held in the country.

Whisky Causes Another Death.

COZAD, Neb., August 3.—(Special Telegram to The Bee.)—This afternoon at about 3 o'clock, while James Wallace's son, Jerome, was attending to some horses in John M. Eberts' barn, he discovered the corpse of a young boy lying upon the hay in the barn.

Run Over by a Hand-Car.

PLATTSMOUTH, Neb., August 3.—(Special Telegram to The Bee.)—This evening a man named Huzzell, who drives a delivery wagon for Whiting & Wheeler, of this city, was detected by a patrolman of the city police in the wagon broke and this frightened the team, causing them to run away. Before Huzzell had time to jump the broken tongue caught in the ground and he was thrown severely. He was taken to the hospital and was knocked senseless. When he regained consciousness he called to a small boy who happened to be passing and sent for a doctor. His injuries are not considered serious, but will confine him to his bed for some time.

McCook Turns on the Electricity.

McCook, Neb., August 3.—(Special Telegram to The Bee.)—The streets of McCook to-night are thronged with people celebrating the completion of McCook's electric light plant. Twenty arc lights and 500 incandescent were turned on at dusk. The city takes nice care and many incandescent. The plant has a capacity of twenty-five arc and 1,000 incandescent. Mr. Wood, the contractor, has spared no pains or money to make it complete, and McCook is now the best lighted city in the state.

Disposed of Mortgaged Property.

Des Moines, Ia., August 3.—A meeting of citizens was held this afternoon, at which a great deal of enthusiasm was manifested. It was resolved that the citizens of St. Louis should put forth every exertion and make all efforts possible to secure the holding of the world's fair in this city in 1892. A committee of twelve, headed by General Francis and Mayor Noonan, was appointed to select a committee of 100 to organize at once and begin effective work.

Oh, What Sublime Cheek.

Crushed by an Elevator.

St. Joseph, Mo., August 3.—(Special Telegram to The Bee.)—Roderick McLeod, son of Rev. P. McLeod, a prominent Baptist minister, was crushed to death by an elevator at Hanson's drug store this afternoon. He was alone at the time, but was found horribly crushed and dead. It was reported that he was working to earn money to complete a university course.

Working for His Release.

JACKSON, Miss., August 3.—John Duffy, of New Orleans, arrived here this evening to take charge of the Sullivan party and make the arrangements necessary for their comfort and endeavor to effect their release on bond. Mr. Duffy is a man of whose property the fight was conducted, is on his way to Jackson, doubtless to become a bondsman.

Received Two Years.

CHICAGO, August 3.—Judge Baker today denied a new trial to James W. Sykes, the man convicted of issuing false warehouse receipts, and sentenced the prisoner to two years in the penitentiary.
