

A REPUBLICAN GATHERING.

Last Night's Meeting of the State Central Committee.

THE CONVENTION DATE FIXED.

Considerable Difficulty Experienced in Settling the Question of Representation—Hastings Gets the Convention.

The Republican Central Committee

Something of a political gathering made lively the Millard office and corridors last evening, the occasion being a meeting of the republican state central committee.

Douglas county is entitled in the forthcoming convention to sixty-eight delegates.

D. A. Scoville, of Hamilton county, objected that it was a fatal mistake for the prohibitionists to create another such name and row as they did one year ago last August.

These expressions voiced the sentiments and opinion of every man talked with.

Nominations for supreme judge and two members of the state university were the only ones to be made.

No one seems to have any knowledge about the aspirants or who they are.

Mr. Benjamin Cowdry, deputy secretary of state, moved that the basis of representation be one delegate for each 180 votes cast for Secretary Laws, and one delegate at large for each 180 votes.

Mr. Caldwell, of Red Willow county, objected to the selection of Mr. Laws' name, and suggested that of Presidential Elector Hastings.

Mr. Cowdry explained that it made no difference whether Meiklejohn or Laws was chosen, the number of delegates would be the same.

Secretary Seely obtained the floor and insisted upon separating the two propositions.

The committee supported this view when it was put to a vote, and 150 to 1 was the ratio adopted.

These followed the suggestion by Brad Slaughter that the elector Russell be substituted for Hastings, on the ground that Russell was first chosen of the electors.

But Mr. Caldwell favored Hastings on the ground that he would carry the vote to Washington.

These new counties are Banner, Cheyenne, Daniel, Kimball and Scott's Bluffs, all carved out of old Cheyenne, Rock county, set off from Brown, and Arthur.
