Wounded an Infant. While some boys on South Fourteenth street near Leavenworth, were throwing pieces of iron at pieces, one of the missiles struck an infant, child of Constable H. B. Clark, while Mrs. Clark was holding the baby in her arms. The sharp piece of iron made a cut about an inch and a half long, and struck the child's chest, and caused profusely from the wound and it was feared for a time that the baby had received a fatal injury. A physician was called, the flow of blood was stopped and the baby was pronounced out of danger.

STRUCK IT AT LAST.

The White Lead Works Bringing the Trust to Its Feet. A rumor that eastern capitalists have been trying to get hold of the Omaha White Lead works and take them into the trust is verified by Mr. Henry W. Yates, but he says that Levi Carter, who is nearly sole owner of the concern, will not sell for less than \$1,000,000. Since the trust was organized it seems that these works have become more prosperous and have a brighter future than they ever had. A new process in which the company has a patent for manufacturing the lead and which is said to be much better than the old, is being used and dealers are buying its product in preference to the other manufacturers. This is the reason the trust desires it, it is said, to crush the concern out of existence. The works are being enlarged and their capacity increased from 2,000 to 5,000 tons a year. Up to the present time they have not been remunerative, and the company claims to have sunk \$100,000 in them. But rumors have at last changed and the prospect now are very bright. Mr. Yates sold most of his stock six months ago, for which he is sorry, but still retains and will make him a director and the treasurer of the company.

Our readers have doubtless often noticed that Hood's Sarsaparilla is well spoken of in the newspapers. The press is quick to recognize merit, and does not hesitate to give praise where it is due. The following is from the Baptist Weekly, a leading religious paper: "Advertising may bring an article prominently before the public, but no advertising can long help it if it is not real merit. Hood's Sarsaparilla is well advertised, but the best proof of its value is that so many persons use it on the recommendation of friends who have proved its peculiar virtues."

AN UNRELIABLE REPORT. South Omaha Packers Not Trying to Control the Stock Yards. A morning paper contains a paragraph to the effect that the managers of the various South Omaha packing houses are combining to obtain control of the stock yards, and gives as a reason that G. E. Swift, the senior partner in the firm of Swift & Co., is in the city and will not divulge any of the business transacted at a meeting of his managers and himself. John A. McShane, president of the stock yard company, was seen this morning and for the second time denounced the rumor as absolutely untrue and ridiculously absurd. None of the packing house owners have ever evinced the slightest desire to obtain control of the yards. The visit of Mr. Swift has no significance beyond an investigation of his own private affairs, and is one of the half dozen that he makes in this city each year.

Mrs. E. Slatery, of Delhi, La., says her son, 14 years of age had a dreadful case of ulcers, sores and blotches which followed chicken pox. After using many remedies without benefit, she gave him Swift's Specific, which cured him sound and well.

TURNERS ALL AROUND. The Movement to Establish Vereins in All Divisions. In response to a call published in these columns thirty German-American citizens met at Kessler's hall Thursday night to organize a South Side Turnverein. This association is not intended to be in opposition to the present Omaha Turnverein but to give to young men in the southern part of the city a chance to develop their muscles without the inconvenience of traveling to the center of the city at night. Mr. Charles Peterson was elected chairman pro tem and Otto Kinder secretary. A committee on constitution and by-laws was appointed and instructed to report on Monday, August 13. A meeting will then be held to form a permanent organization. Great enthusiasm prevailed. Messrs. Philip Anderson and H. Kummerow, of the Omaha Turnverein, addressed the meeting on the importance of a South Side branch as well as physical culture. On Sunday, August 11, a meeting is to be called in South Omaha for the purpose of organizing a Turnverein at that place. A similar movement is on foot to organize a society of Turners in North Omaha.

A KNOTTY QUESTION. Under the New Law How May a Jury Be Selected? The county commissioners have found a big stumbling block in the matter of selecting names from which to draw district jurors under the new law. "Unless some interpretation can be given the act warranting the violation of other and counter statutory provisions," says Commissioner O'Keefe, "it will be unlawful for us to select our jury by the whole-of-fortune plan before next January."

RECORDING GAINS.

This week will positively close out the balance of our summer suits. Fall goods are coming in and room must be made for them. We have a few extra fine light weight suits for dress and business wear which we are ready to sacrifice. They are made of the choicest fancy worsteds and gotten up in A No. 1 style. No custom garment can beat them. They are suits for which merchant tailors would charge from \$40 to \$50. We have reduced them to less than the material in them is worth. It will be money in your pocket if you will avail yourself of this opportunity. These reductions hold good also in our boys' department. We are offering a lot of extremely fine boys' and childrens' suits at prices—you could not buy them a month ago for double the money.

In our furnishing department we have every day one thing or the other to close out. To-day its a little line of underwear, tomorrow a small lot of flannel shirts, of which the sizes are broken, etc. On all such goods we make prices which will tempt you into buying whether you need the goods or not.

We call particular attention in this department to several lots of Night Shirts which we are offering extremely low. One lot very good Shirts, plain and also fancy fronts and collars, at 50c. Another very fine Shirt, with elegant embroidered front and collar, at 80c.

In our Hat Department we are now opening our new Fall shapes. We have during the past few days made alterations which give us more room, and our Hat Department holds now the stock of two good sized local hat stores. We have a bewildering variety of Derbys and Soft Hats, and in prices the hat stores fall far behind us. No fictitious values on our Hats. You don't pay anything for a "swell" name in the lining. We sell you good dependable qualities, fashionable shapes and colors, at about one-half the prices hat stores charge you for like qualities.

Please Note: Until September the first our store closes at 6:30 p. m. Saturday at 10 p. m.
