BLACK ELK'S FABLE.

How Nate Salisbury Exploded an Indian's Pathetic Yarn.

Nate Salisbury, of the Buffalo Bill show writes from Paris to the Clipper as follows: "The story of 'hardships' told to the New York newspapers by the Indian Black Elk was a fable. There are good Indians and there are bad Indians. Black Elk is a representative of the latter class. The truth is this: The said Black Elk went with us to England two years ago, and while we were in Manchester he was lured away by a speculator. All traces of him were lost until, after our return to the states, we heard he had joined Mexican Joe.

A few weeks ago he suddenly made his appearance in our camp here in a destitute condition. As he had no money we of course did not hire him again, but arranged for his passage to America and the agency. My order to Mr. Craig, of the Baltimore & Ohio railroad, about sending no money was correct, and was made to prevent the Indian from imposing upon any one, as he had ample funds for eating and incidental expenses on his person when he left Paris.

He is an Indian or an employee of ours gets hurt we make it a point to care for him. This Indian was not injured in Paris, and, as a matter of fact, has not been in our employ or ridden a horse with us since one year ago last April."

For a disordered liver try Becham's Pills. The Greatest of Tramp Printers. John G. Gant, the celebrated tramp printer, has been in this city during the past three days, says a Columbus special in the Indiana Journal.

Mr. Gant is a very interesting character, who is known in almost every printing establishment in the central and southern states, is seventy years of age and has been constantly on the tramp since the close of the civil war.

He is a man of a careful record of the number of miles walked and the entire length of the journey was 2,800 miles. For a man then sixty-five years of age this certainly was a remarkable feat.

This veteran printer has a great fondness for the typographical Tourist. It is published "on the road," and gives interesting items concerning the craft.

How Romulus White was Deceived. New York Sun: "Human nature" is powerful, deceptive, ain't she?" queried the old man, after he had been silent for some time.

"Sometimes," replied the younger man. "I'm a-living in the village of R—, forty miles down the river. I've got a gal named Mollie. She's about as dandy a country gal you'll find in the state. "Mollie, beware of that chap. I kin read him like a book, and I tell you he ain't honest nor honorable. I'll bet a wheat stack to a pumpkin that he's a sharper."

TOOK CAROLIC ACID.

Suicide of the Wife of Quartermaster Sergeant Koroony.

The second suicide within a week occurred at Fort Omaha yesterday. Koroony, wife of Quartermaster Sergeant Koroony, was the victim.

Mrs. Koroony prepared dinner yesterday at the usual hour, and after her husband had left the house to go to his work she called in a neighbor, Mrs. Loveland, to dispel the loneliness. About 11 o'clock Mrs. Loveland stepped into the back yard. A few minutes later she was startled by a shrill scream within the house and hurried in. Mrs. Koroony met her half way, and exclaimed: "I have poisoned myself."

Help was summoned at once, and the woman laid upon a bed, but death ensued an hour later.

It is not long since Sergeant Koroony came to Fort Omaha, he relieving Sergeant Tuttle. His wife did not like the place, and after a stay of two days returned to her old home at Paterson, N. J. Strung to say, only a single day passed before she telegraphed her husband that she had started to return to him.

The neighbors say that since her return she has seemed dissatisfied, unhappy, and self-absorbed. She had \$15 deposit, as they had agreed to do when the outfit was returned, and this also was refused him. Wherefore he seeks satisfaction in the court.

A suit to recover \$100 on a promissory note was begun by the Bank of Commerce against G. O. Francisco & Co.

New papers were filed as follows: L-128—American Building and Loan association vs. Harford Toland; motion to set aside judgment rendered.

L-40—Cox vs. Luman et al.; reply to deposit of A. Hauser.

L-150—Same; reply to answer of F. U. Allen Bros. vs. William Asquith; motion to tax cost.

AMONG THE RAILROADS. Aeneas the Alleged Cat by the Union Pacific.

A few days ago the Denver papers announced that the Union Pacific was violating the rules of the Inter-State Commerce association, by selling tickets to the Grand Army of the Republic reunion at fifty cents less than the regular rate, which was fixed at \$2.00.

The report is a canard, as far as selling tickets is concerned, because all the other lines were engaged in the same business.

The original rate promulgated was \$2.05, as has been stated. Later, it was reduced to \$2.00, and then to \$1.50. The Union Pacific agents were the first to notice that an advance in rates could not be made without the consent of the Interstate Commerce Commission.

The Burlington followed suit, and put tickets on sale at the same figures. Hence, no trouble will follow, as the action of the Union Pacific was perfectly legitimate.

Advertising Omaha. The passenger department of the Fremont, Elkhorn & Missouri Valley railroad have purchased 20,000 folders containing advertising material for the Merchants' Week celebration which will be distributed by mail.

These folders contain, among other matter, a complete programme of the events during the week, including the merchants' week, and a complete ground display. It is a very elaborate programme.

Railroad Notes. John Francis, general passenger agent of the E. & M. V. railroad, is in the city.

F. B. Semple, division passenger agent of the Union Pacific at Denver, is in the city.

Paul Harding, local passenger agent of the Missouri Pacific at Fredonia, Kansas, is in Omaha.

William Griffiths, formerly assistant general freight agent of the Union Pacific and commissioner of demurrage for Omaha, who has been in Omaha for a few days, left for Chicago on the Burlington fast mail. Mr. Griffiths now occupies a position with the C. & B. Q.

Advice to Mothers. Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, always all pains, cures wind colic, and the best remedy for diarrhoea. 25c a bottle.

Settled With Heifensien. O. Hackus, one of the Omaha parties fighting the claims of Heifensien, the St. Louis millionaire, upon North Omaha real estate, gave up the battle yesterday, and bought a quit claim deed from Heifensien. The property in question was the north one-half of lot 24, section 15, township 15, range 18. It is on North Sherman avenue. Heifensien got \$200 for his claim, and he got what was a great many times as much to him—the first recognition that he had a claim.

O. Hackus wanted to get a little ready money. The banks wouldn't take a mortgage on his lot, and the title was clouded by Heifensien's claim. He has been so for years, and no one can yet see through the end, so he gave it up to secure a certainty.

USE HOPKINS' ACID PHOSPHATE. Dr. C. H. Deke, Belleville, Ill., says: "I have found it, and it alone, to be capable of producing a sweet and natural sleep in cases of insomnia from nervous prostration, or when which so often occurs in active professional and business men."

A Piece of Carelessness. The Sixteenth street crossing of the Missouri Pacific tracks is being repaired. A fence has been extended across the street at Nicholas and Izard streets, with an opening for street cars to pass through. Last night a horse was run into the fence and some teams were running into them all evening. Some teams went through on the car tracks and the horses were stumbling or falling down at the risk of breaking their legs.
