THE SPECULATIVE MARKETS.

Labor Holiday Interferes With the Visible Supply Statement.

HUTCH A HEAVY WHEAT SELLER.

Considerable Activity and a Pirmer Feeling in Corn-Provisions Open Up Nervous - Common Cattle Slow.

CHICAGO PRODUCE MARKETS.

CHICAGO, September 2 .- | Special Telegram to THE BEE, !- The visible supply statement cannot be presented in complete form to-day. Labor holiday interfered with the preparation of statistics at several points. Indications, however, point to a decrease of 100,000 to 200,000 bushels in the stocks of wheat, a most extraordinary exhibit at this season of the year, and which of itself would be consfdered a very bullish circumstance aside from the other features of similar coloring. The local feature most discussed was the heavy and continuous selling of wheat by Hutchinson. There was excellent and genergl buying all day, but towards the last a pressure that never ceased caused the market to yield and much of the day's improvement was lost. Trading was lively, but not extraordinarily large in volume. The buying certainly was not concentrated. There was merely a rattling fire with small guns that continued throughout the day, the big guns only taking occasional interest. The large trade in corn, provisions and oats kept the wheat pit from being overcrowded. December wheat opened at 7836c and did not sell off any. The advance that followed was not in the nature of a boom. The price crept up %c in the course of an hour or so with the frequent reactions and rallies that mark a rapid market. The top was reached at 79%c, but the price did not get a great ways from 79%@79%e for a long time. Shortly before 10 o'clock it broke to 79c, rallied and closed at 79%@79%c. September wheat opened at 7734c, reached 7348c high and 77%c low, closing at the inside. May started in at 83c, sold up to 83% c, down to 83% c, up to 83% c, down to 83c, and closed at 83 %c. There was considerable activity and a firmer feeling in the corn market for both

spot and future delivery. The enormous shipments of Saturday, amounting to nearly 1,000,000 bushels, was partly the cause of the improvement, but it was mainly due to the much lower temperature prevailing in the extreme west and a fear of its working down through the care ball. through the corn belt. Deliveries on Sep-tember contracts concentrated principally in tember contracts concentrated principally in the hands of a prominent operator, who had been a persistent buyer for some time pre-vious. The opening was fairly active, and offerings were light and quickly absorbed. May and October were in especially good de-mand, and quickly advanced %c over the closing prices on saturday, but subsequently reacted and closed with an assured gain of \$\times \text{\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$\text{\$ **Melac over the resting figures of last week. In outs a fair business was recorded at figures averaging about 3c higher. The posted receipts were less than anticipated, with the estimate for to-morrow also only moderate. The strength in corn tended to help oats and there was a moderate inquiry for covering shorts. - September improved to 19% c and there was some changing of contracts to October at 1/4 @ 1/4 c premium for the latter. Deliveries on September sales were insignificant and car lot offerings to go to at 1914c. No. 2 white oats for delivery this

nonth sold at 214c.
The provision trade opened the week and the month in a nervous manner. In pork, September deliveries, which were heavy, failed, contrary to expectation, to show who was really the director of the deal or squerze. They demonstrated, however, that the long interest contained a large number of small traders and also that a good many of the short sellers sold against the prop-erty in their possession. Cudaby alone delivered upward of 30,000 barrets. *Deliveries of lard were small and without special feature, but of short ribs they were quite liberal, coming mainly from packers. The short ribs passed out lodged to a considerable extent with Armour, but this fact occasioned no comment. The trade were in-terested in pork and were disappointed when the deliveries failed to uncover the shrewd and successful manipulation of that article. Trading throughout the session was spasmodic and apparently in a good measure of a scalping nature. No outward effort was made to control the market, and even for pork prices were seemingly governed more by the whims of those operating than by individual power. At adjournment lard stood at Saturday's last prices, while short ribs were unchanged for October, 236c higher for September and 236c lower for January. The closing for pork showed a net decline of 15c

on September, 71/2 on October and 50 on

CHICAGO LIVE STOCK.

CHICAGO, Sept. 2.-|Special Telegram to THE BEE. |-CATTLE-The run was divided between Texans. Common and medium stock, whether natives, rangers or Texans, ruled slow, unsettled and weak and difficult to sell so as to make anything for anybody interested. On the other hand, prime to good natives, Texans or good rangers sold from steady to a shade stronger, in some cases about ,10c higher on prime natives which were unusually scarce and in good demand. One lot of westerns sold at \$4.00, the top price for a long time. Prime Texans sold 5@10c higher. Native butchers' stock underwent little or no change and there was little or nothing going on in the stocker and feeder trade. Choise to extra beaves, \$4.3564.65; medium to good steers, 1.350 to 1,500 ibs. \$3.90 @4.40; 1,200 to 1,350 lbs. \$3.50@ 4.10; 950 to 1,200 lbs, \$3.00@3.65; stockers and feeders, \$2.00@3.00; cows, bulls and mixed, \$1.00@2.90; bulk, \$1.75@2.00; slop-fed steers, \$3.50@4.20; Texas steers, \$2.00@2.70; cows, \$1.25@2.10; western natives and hulfbreeds, \$2.25@4.00; wintered Texans, \$2.30@

Hocs—There was almost as big a down turn to-day as the upturn Friday and Saturday, in fact nearly the entire advance was lost, the decline ranging from 10c to 20c, averaging a strong 15c, with heavy selling down to about as low figures as any time last week. Light sorts were steady.

Monday, Sept. 2.

The low prices of last week did not appear to have any effect upon the receipts, as there were 124 cars of fresh cattle here to-day, a large run for any day of the week, and the largest for a Monday since the first of last month. About 100 cars of the cattie here were westerns, and some of the natives were only stock cattle, so that the supply of native beeves was very light. The market was stronger on good beef cattle in spite of the large run. Native beeves sold at \$3.65@4 25, and there were westerns good enough to bring \$3.00. There were two large bunches of western cows, and they, with a few odds and ends, formed the supply of butchers' stock. The market on this class of stuff was no higher, but the prices paid were about steady with Saturday. Native cows sold at \$1.50@2.75, and rangers at \$1.60. Only a few native stockers and feeders were offered on to-day's market, but there were plenty of westerns. There was some little inquiry and a few cattle changed hands at former prices. Stockers brought \$1.85@2.60, and feeders \$2.55@2.75.

The trade in hogs started out all right in the morning at steady prices, but it soon weakened and closed 10c lower. The light hogs went largely at \$3.25@4.05, and the full loads of heavy hogs at \$3.75@3.95. The top prices, however, were paid on the early mar-ket. The market was pushed up last week by the flurry in pork, but dealers generally look to see it go back again and perhaps still

lower before the end of the week.	
Sheep. There were plenty of sheep here, westerns, but the trade was slow.	mostly

Canadian Railway Competition. Minneapolis Tribune: All this talk about the immense subsidies received y the Canadian Pacific is nonsense. It has not been aided more liberally than were its American competitors, and, besides, subsidies for purposes of construction are not a factor in determining operating expenses. As long as Canadian Foods bidding for American traffic comply with American laws applicable to them, and pursue none but fair and just t actics, the clamor for railway restrict. on can make no headway.

Horsford's Acid Phosphate For the Tired Brain from over-exertion. Try it. C & SOUTH OMAHA NEWS.

An Ugly Cut on His Head. A strange man, giving his name as W. S. Mitchell, and boarding at Twenty-seventh and K streets, Sunday afternoon went in the cellar under Foley's saloon, where Hugher formerly had his laundry, and sometime afterward he was discovered with a hole in the top of his head about two inches long. He was bleeding profusely and looked as though as though he had been struck with some hard material. Some thought he had gone to sleep on a table and fallen off, receiving his injury by the fall. A surgeon had an hour's work stopping the flow of blood and sewing up the rent.

Knocked Off the Cars at Hammond's. John Rosnaru, of the salt men in the caricing gang at the George H. Hammon d & Co. packing houses, was knocked off the top of a car Sunday morning, and received a bad cut on the top of the head, almost scalping him, either by being hit by a projection or when he landed on the ground. A surgeon had a fine sewing job to repair the torn scalp. Mr. Rosanru also received nainful bruises on the right arm and left leg. No bones were

Only a Feint

"Murder, murder, he has killed himself," rang out the shricking voice of Mrs. Daniel Murphy, at 9 o'clock Sunday night, as she whipped round on Twenty-fifth street calling for the police. When a policeman entered Mr. Murphy's home his nose was bleeding and as the domestic infelicity of that home had just resulted in a lively rough and tumble fight, the loving wife thought her hus-band had wound up the fracas with a knife across his face.

Court Teutonia Pionic. Court Teutonia No. 195, Independent Order of Foresters, did itself proud at its picnic in Ger mania gardens Sunday. Headed by the Magic City cornet band, the Foresters made fine appearance and received many words of praise. Nearly a hundred couples were in the gardens, and a better served and better pleased assemblage never met in the city. The prizes for the best waltzers were awarded to William Conrad and Miss Anna Engzer.

A Birthday Surprise. A host of friends of the Rev. Father D. W Moriarity, taking advantage of his thirty-third birthday, procured a very fine book-case, and, rushing in on him at his parochial home Sunday evening, made him a present of the useful article of furniture and \$25 in rold, and made him twice happy by man; words and well wishes for success i his labors and many happy returns of his anniversary. A fine lunch was served and a pleasant social evening enjoyed, filled with music, social intercourse and literary enter-

STANDARD ZEMEDY CO, Chicago,

OMAHA Medical and Surgical Institute,

N. W. Cor. 13th and Dodge Sts., Omaha, Neb.

THE LARCEST MEDICAL INSTITUTE IN THE WEST FOR THE TREATMENT OF ALL

Chromic and Surgical Diseases and Diseases of the Eye and Ear.

PARTICULAR ATTENTION PAID TO DEFORMITIES, DISEASES OF WOMEN, DISEASES
OF THE URINARY AND SEXUAL ORGANS, PRIVATE DISEASES, DISEASES
OF THE NERVOUS SYSTEM, LUNG AND THROAT DISEASES,
SURGICAL OPERATIONS, EPILEPSY OR FITS,
PILES, CANCERS, TUMORS, Etc.

J. W. McMENAMY, M. D., President, And Consulting Physician and Surgeon.

Organized with a full staff of Skilled Physicians, Surgeons and Trained Nurses. This establishment is a permanent medical institution, conducted by thoroughly educated physicians and surgeons of acknowledged skill and experience. The Institute buildings, situated on the northwest corner of Thirteenth and Dodge

Institute buildings, situated on the northwest corner of Thirteenth and Dodge streets, is composed of two large three-story brick buildings of over ninety rooms, containing our Medical, Surgical and Consultation Rooms, Drug Store, Laboratory, Offices, Manufactory of Surgical Appliances and braces, and the Boarding Department for Patients, in charge of competent persons, constituting the largest and the most thoroughly equipped Medical and Surgical Establishment in the West, one of the three largest in the United States, and second to none.

We flave superior advantages and facilities for treating diseases, performing surgical operations, boarding and nursing patients, which, combined with our acknowledged ability, experience, responsibility and reputation, should make the Omaha Medical and Surgical Institute the first choice.

You can come direct to the Institute, day or night, as we have hotel accommon

You can come direct to the Institute, day or night, as we have hotel accommodations as good and as cheap as any in the city.

We make this explanation for the benefit of persons who may feel inclined to go further east for medical or surgical treatment and do not appreciate the fact

tute west of New York, with a capital of over \$100,000.

that Omaha possesses the largest and most complete Medical and Surgical Insti-

Best Facilities, Apparatus and Remedies for Successful Treatment of every form of Disease requiring MEDICAL or SURGICAL TREATMENT.

In this department we are especially successful. Our claims of superiority over all others are based upon the fact that this is the only medical establishment manufacturing surgical braces and appliances for each individual case. We have three skilled instrument makers in our employ, with improved machinery, and

have all the latest inventious, as well as our own patents and improvements, the result of twenty years' experience.

ELECTRICAL TREATMENT. The treatment of diseases by electricity has undergone great changes within the post few years, and electricity is now acknowledged by all schools of medicine as the great remedy in all chronic, special and nerve diseases, for nervous debility, paralysis, rheumatism, diseases of women, etc., and in many eye and ear diseases it

is the most valuable of all remedies. In order to obtain its full virtues, it is absolutely necessary to have the proper apparatus. We have lately purchased three of the largest and most complete batteries manufactured, so constructed as to give the most gentle as well as the nost powerful current. Persons treated at this Institute by electricity recognize st once the difference between our expensive and complete electrical apparatus and the common, cheap batteries, in use by many physicians. Over 3,000 dollars

'nvested in electrical apparatus. PRIVATE, SPECIAL, NERVOUS AND

BLOOD DISEASES. We claim to be the only reliable, responsible establishment in the west making a specialty of this class of diseases. Dr. McMenamy was one of the first thoroughly educated physicians to make a special study of this class of diseases, and his methods and inventions have been adopted by specialists in Europe and America. He is the inventor of the Clamp Compress Suspensory, acknowledged the best in use. All others are copied after his invention. By means of a simple operation, use. All others are copied after his invention. painless and safe, recently brought into use, we cure many cases that have been given up as incurable by medical treatment. (Read our book to men, sent free to any

We have had wonderful success in this department in the past year, and have made many improvements in our facilities for treatment, operations, artificial eyes, etc. CASES TREATED BY LETTER.

DISEASES OF EYE AND EAR.

We have greatly improved our facilities and methods of treating cases by correspondence, and are having better success in this department than ever before. We are fully up to the times in all the latest inventions in medical and surgical operations, appliances and instruments. Our institution is open for investiga-tion to any persons, patients or physicians. We invite all to correspond with or visit us before taking treatment elsewhere, believing that a visit or consultation

will convince any intelligent person that it is to their advantage to place them-selves under our care. Since this advertisement first appeared, many boasting pretenders and frauds have come and gone and many more will come and go, remembered only by their unfortunate and foolish victims.

"A wise man investigates first and decides afterwards,

A tose man investigates first and aeciacs afterwards,
A fool decides first, then investigates."

The Omaha Medical and Surgical Institute is indorsed by the people and the press.

More capital invested, more skilled physicians employed, more modern appliances, instruments and apparatus in use, more cases treated and cured, more successful surgical operations performed, than in all other medical establishments in the West combined.
