without him—always an honest player and reliable at every point.

Jim Powell will be the traveling manager, and will have the honor of being the first to see success with his players. He is a good judge of men, popular among them and regarded as a good man to work with.

The pitcher's next season will be Hardick, Crowell and Siebel.

The Sioux City club, as it is now constituted, is perfectly satisfactory to the management and to the local public. There will be little change in its personnel next season.

Sioux City is not now fighting for the pennant, but the battle with Minneapolis for third place.

Weekly Baseball Review.

The only change that has taken place in the Western association pennant chase during the past week was Milwaukee crowding St. Joe out of sixth place.

The Brewers, however, are not yet content and are coming at a pace that will soon carry them past St. Joe and upon St. Joe's heels.

So far as the leaders are concerned, their positions are relatively the same as they were since the last review. Omaha is in the van of the National league.

St. Louis is in the lead, and is playing a magnificent winning game of ball. As a natural consequence everybody is happy.

In the National league Boston still maintains her position at the head of the procession, although she took quite a tumble last week.

Brooklyn is taking things by storm in the American association, and is leading almost the entire baseball world.

There is little fear that she will again be headed in the race by St. Louis.

The Wyoming Convention Will Adopt a Clause to That Effect.

CHERRY, Wyo., Sept. 7.—(Special Telegram to The Bee.)—The principal event of today was the introduction of a resolution by Baxter, of Laramie, providing that a provision be adopted making suffrage universal without reference to the sexes.

The presentation of this resolution evoked general applause. There is now no doubt but a clause will be adopted in the constitution.

There is very little discussion of the matter. The United States senate committee on irrigation will arrive here the latter part of this month, and spend a week in Iowa.

They will be waited upon by a select committee of ten, representing each county in this territory, selected from the convention.

It concerns the various parts of the territory. Irrigation will receive exhaustive treatment, also, in the convention itself.

The session was devoted chiefly to routine matters. An adjournment was taken until 3 o'clock Monday afternoon.

THE BEE COMBINE IN IOWA.

A Session of the Investigating Committee at Des Moines.

ARMOUR AND THE BUTCHERS.

An English Swindling Scheme Exposed—A Freight Train Wrecked—Clarkson Treated a Reception at Des Moines.

The Investigating Committee.

DES MOINES, Ia., Sept. 7.—(Special Telegram to The Bee.)—An investigation by the senatorial committee into the dressed beef combine was held here today.

Senators Vest, Coke and Plumb conducted the inquiry. The first witness was Martin Flynn, a stock raiser of this city.

Mr. Flynn's testimony related to the decrease in the general price of cattle in almost all parts of Iowa.

He said that there had been no marked reduction in first class beef cattle and the prices of the best portions of an animal were not much if any higher now than seven or eight years ago.

Patrick Morrissey, butcher, testified in regard to the effort of Armour to introduce dressed beef into this city and to compel all other butchers to buy from him.

Mr. Morrissey testified that he had raised the price of cattle in central Iowa he thought had come to be a losing business.

A private shipper does not get the same transportation on live stock as the dressed beef combine, as the latter undoubtedly gets a rebate by shipping stock to Chicago, St. Louis or Kansas City.

There is at present much dressed beef sold in this city, but should the combine get hold on the local market it would ruin the butchers of the town.

L. C. Baldwin, of Council Bluffs, said that at the present time not more than ten cattle were being raised in this county.

There are many who are raising cattle in this county, but the most of the live stock being taken to Chicago and Kansas City.
