TALES OF THE PRINCIPALS.

The Arrest of Quinan in an Over-Crowded Tent. Quinan was arraigned before Judge Herka yesterday morning and waived a preliminary hearing until the latter part of the week. The court pinned him under \$5,000 bonds and the prisoner was taken to the county jail. He was charged with assault with intent to kill.

When Quinan was called before his honor he was feeling very blue. He said he did not make the assault for the purpose of killing Klompan.

Klompan is at the point of death, and, according to the city physician, can not live. He is lying at St. Joseph's hospital, where, as before mentioned, he was taken last night.

Klompan makes a statement that he returned from work about 6:10 o'clock last night. After putting his team in the barn he went into the cooling tent and was talking to the cook when Quinan approached and demanded why he was not at work.

Klompan replied that it was 6 o'clock and he was through for the day. "After this you'll quit when I tell you to," he replied. Quinan, at the same time, simultaneously by strike Klompan in the mouth with his fist, breaking two of the latter's teeth. After a little scuffle, Quinan picked up a single one of the wagons and struck Klompan across the head and on the back.

The severity of the blow was such that it was almost 10 o'clock before Klompan was taken to the police station and given medical attention.

Klompan made his statement to the police and a squad was sent for Quinan. He was found in a tent on Forty-second street. At the first he begged not to be taken, stating that he would give himself up in the morning. He and his wife and two men were all in bed in the same tent. Hot Quinan was placed in the jail wagon and carried away.

When informed that his victim was at death's door, Quinan almost went into hysterics. He said that he did not intend to kill Klompan but merely slapped and assaulted him because he would not obey him. Quinan was married last January and his wife is suffering greatly over her husband's arrest.

PADDLE HIS OWN CANOE.

The City Expects the County to Do Its Own Grading. Comptroller Goodrich says that the county owes the city \$22,000 for its share of paying for the city's sewerage, but that the county has no money to pay it. Where the city has paving and grading to do in which the county has been interested, the latter has asked the former to pay the county's share with the understanding that the county will repay it. This, however, it has failed to do as there is no money in the county fund.

Major Wheeler says that the city is getting tired of paying the county's debts and, for one, he will strongly oppose the outlay of any more money by the city for the county. Comptroller Goodrich says that the contracts made by the county with the city have been awarded so as to read that the county would repay the amount for city grading as soon as there "were any road funds available." There has been no road funds available for some time.

The comptroller suggests that, in the future, when the city and county have grading or paving in which each is interested, the city make a contract only for its own part of the work and let the county take care of what belongs to it.

DISAFFECTED MOTOR MEN.

Reasons Assigned For Their Leaving. There seems to be considerable dissatisfaction among the conductors and motormen in the employ of the Omaha Motor Railway company, and a number of them have quit the service. Six left Thursday, and there are rumors of other resignations soon.

It was ascertained that all the disaffected ones had the same grievances. They complained that they are subjected to a petty tyranny of capriciousness that is entirely unbecoming, and that they are openly insulted and treated with contempt. They are compelled to buy their uniforms at a certain clothing store, or pay for them. The goods, they claim, are of inferior quality and yet exorbitant prices are charged for them.

JUVENILE OFFENDERS.

They Appear For Sentence in the District Court. It was juvenile day in the criminal court. The first case in Judge Wakeley's court was that against Harry Nichols, a twelve-year-old lad, charged with the larceny of a gold watch, valued at \$30, from C. E. Marshall. The jury returned a verdict of not guilty, after having been out but ten minutes. Then three boys, Henry Richter, Louis Kaack and John Noge, each of them under twenty years of age, were taken before Judge Wakeley, charged with having broken into Mrs. A. Newman's store, on South 16th street. The evidence was conclusive and Judge Wakeley sentenced the lads to one day in the county jail. Two of the lads broke down completely and uttered loud lamentations while on their way to the prison. The other lad, the youngest of the trio, took his medicine like a stoic and walked out of the court-room rattling merrily with the balliff. As the party went down the stairs the boy asked: "Say, mister, what time do you have dinner over there and what do you give a feller to eat, anyway?"

The case of John Nelson, charged with having stolen \$50 from Mrs. Ficht, returned a verdict of not guilty last night. Fred W. Gray has commenced suit in the district court against Johanna Johnson for \$250 on a promissory note made in December, 1887.

Judge Doane yesterday heard the application of Lindsey for an injunction restraining the city from carrying out proposed change of grade at Twenty-ninth avenue and Harney street.

The case against Henry Myers, charged with the murder of N. B. Platten, will not be taken up until after County Attorney Mahoney gets through with his work before the grand jury.

Neis O. Brown was arrested on August 17 and taken before Justice Holmes on the charge of having disturbed the peace by circulating a libelous article. The case was transferred to Justice Wade's court and a verdict of acquittal rendered after a hearing of the case. Brown's co-defendant was that he was damaged to the extent of \$10,000, and has brought suit in the district court against Lewis for that amount.

Byron Reed and Ann E. Campbell have commenced suit in district against Martha and Lena Quick, to recover possession of lots 1 and 2 in section 6, township 13, range 11.

The case of Dennis Leahy was given to the jury about 5 o'clock, and they returned in about ten minutes with a verdict of not guilty. Leahy was at once discharged.

In Judge Doane's court the case of Van Etzen against Abraham was given to the jury, which failed to agree.

The case of Mrs. Sarah I. Bryant against Judge McCullough for \$1,700 damages re-

County Court. In the contest over the claims of Peter Gooch for \$3,617 and M. B. Powell for \$108 against the Bank of Omaha, Judge Shields issued an order that the claim be allowed but that dividends to the creditors be withheld until all the creditors have been paid or until the capital stock has been paid up.

Judge Shields heard a case of the B. & M. railroad company against Frederick Albright. The plaintiff claims ownership of a lot on the river bottom which is occupied by the defendant, and seeks to have him evicted. The testimony developed the fact that Albright is the city dump master, and has been using the lot for many years, and all sorts of refuse matter. He claims to have used the land for three years for this purpose and claims possession on that account. Judge Shields decided against Albright, who at once gave notice by his attorney that he would take an appeal to the district court.

District Court Terms. It is understood that Judge Dundy has decided to call an adjourned term of the United States district court, May term, to commence about the 15th of this month. So much business has accumulated that it would be impossible for him to attend during the regular November term in time to convene the January term at Lincoln.

In order to give the lawyers, clients and everybody interested time to attend their cases his honor thinks it advisable to open the court three weeks earlier than the calendar makes provision for.

The C. St. P. M. & O. R'y (depot 15th and Webster sts.) will sell round trip tickets to the Sioux City Corn Palace Festival at \$2.20 on sale September 22 to October 5, good to return until October 6.

Beedham's Pills cure bilious and nervous ailments. MARKED. Tuesday evening, Oct. 2, at the residence of John P. Flack, 524 North Twenty-second street, Dr. W. M. Brown and Miss Emma Simpson, Rev. John Williamson, D. D., officiating.

Constipation, If not remedied in season, is liable to become habitual and chronic. Drastic purgatives, by weakening the bowels, confirm, rather than cure, the evil. Ayer's Pills, being mild, effective, and strengthening in their action, are generally recommended by the faculty as the best of aperients.

"Having been subject, for years, to constipation, without being able to find much relief, I at last tried Ayer's Pills, and soon felt both a duty and a pleasure to testify that I have derived great benefit from their use. For over two years past I have taken one of these pills every night before retiring. I would not willingly be without them."—G. W. Bowman, 26 East Main St., Cambridge, Pa.

"I have been taking Ayer's Pills, and using them in my family since 1857, and cheerfully recommend them to all in need of a safe but effective cathartic."

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do me no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action, so that I am in excellent health."—S. L. Loughbridge, Bryan, Texas.

"Having used Ayer's Pills, with good results, I fully endorse them for the purpose. Address: W. D. Center, Holy, Pa. A. Conners, M. J., Center, Holy, Pa."
