Advertising Mountebanks. OMAHA, Neb., Oct. 8.—Mr. Rosewater, Editor of THE BEE: Dear Sir—The free advertisement you gave me in your evening paper of Monday last has done me a great deal of good. I have more political candidates now calling upon me than ever, and if you agree to continue that advertisement for about a month I will be willing to pay you something for it, providing you will let me know at once how much you will charge. I remain, with thanks, respectfully yours,

STRUCK BY LIGHTNING.

The Apostolic-Named Collector Takes Wiggins to His Bosom.

"Is it true that you have appointed A. L. Wiggins to a deputyship in the revenue office?" inquired a Bee reporter of Collector Peters.

"Yes," he replied, "the information is correct, but how did it get out do you suppose?"

"It is because you are ashamed of the appointment that the matter has been suppressed?"

"Oh, no, not that, but had the fact that there was a vacancy been known I would have been hounded by 300 applicants for the place and I don't care to go through such an experience again. Wiggins was one of the first men promised a deputyship, but in payment of a political debt due Saunders county we were compelled to give Mr. Adams the first show."

IN AN ATMOSPHERE OF DEATH

A Man From Humphreys Stumbles at the Casey.

John Long, a merchant from Humphreys, this state, went to his room at the Arcade hotel late Tuesday night it is said, considerably under the influence of drink.

In some manner, perhaps through accident, the gas was put out and allowed to escape.

When the bell boy discovered the danger he notified the clerk and the door of Long's room was broken open. The lodger was almost dead. A physician was called, and after working on Long for some time, he afforded him some relief, but has little hope of his recovery.

MRS. CONNELL FURAY.

Death of an Octogenarian in a Well-Known Family.

Mrs. Connell Furay, mother of Major J. B. Furay, of the board of public works, died of apoplexy at her residence at 2308 Seward, Tuesday evening. Death was not unexpected, and at the time she breathed her last she was surrounded by a number of children and grand-children.

Mrs. Furay's maiden name was Mary Gluechey. She was born March 27, 1815, in Donegal, Ireland. On the 3d of August, 1833, she became the wife of Mr. Connell Furay.

Four years later, she came with her husband to America, and commenced life humbly in the mining districts of Pennsylvania. A year later they emigrated to Highland county, Ohio, which was then an unbroken wilderness. There, in the woods they cleared a farm, where they reared a family of thirteen children, nine of whom are still living. Mrs. Furay never enjoyed the benefits of an education and her husband could barely read, but they determined that their children should never suffer the embarrassment of illiteracy and gave all of them a good education. They lived in an humble condition and often knew want, but all the money they could get went what was sufficient for the necessities of life, and they were true to the mental enlightenment of their offspring.

Major John B. Furay was the first of the children to come to Omaha, that gentleman making his appearance here in 1856. Nearly all the other members of the family followed and, eight years ago, the father and mother came also.

Mrs. Matthew Caldwell is the oldest child. She still resides in Ohio. The other members of the family are Mrs. W. P. St. Clair, Mrs. Charles T. Taggart, Mrs. J. F. Fink and Mrs. S. S. Cannon, of Omaha; Mr. Will F. Furay, county clerk of Deer Lodge county, Montana; and Andrew Furay, a large stock raiser in Elk Horn precinct.

The funeral services occur at the Holy Family church at 9 o'clock a. m. to-day, and the interment will take place at the Holy Sepulchre.

Death of a Veteran. The funeral of the late David Hume will take place from his late residence, 619 North

INDIGESTION

It is not only a distressing complaint, of itself, but, by causing the blood to become depraved and the system enfeebled, is the parent of innumerable maladies. That Ayer's Sarsaparilla is the best cure for Indigestion, even when complicated with Liver Complaint, is proved by the following testimony from Mrs. Joseph Lake, of Brockway Centre, Mich.:

"Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony, was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I commenced the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an improvement in my condition. My appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life."

NOTES OF THE SINGING WIRE.

Improvements Made in the Several Local Electrical Systems.

During the absence of Mr. J. H. Kirkford at Stillwater, Minn., Mr. E. M. Knight will have charge of the motormen of the Omaha Street Railway company.

Yesterday a force of men was clearing the tracks on Saunders street from Seward to the Belt line. To-day twelve motormen will be put on the street and the new men will be thoroughly trained in the mysteries of brake and crank before they attempt to run a train alone. The main route will extend from the Belt line on North Twenty-fourth street south to the depot, and sixteenth, south to Leavenworth, west to Park avenue and south to Hancock park. By the first of next week cars will be running regularly on this line.

The overhead wires at Nineteenth and Cornish are being put in shape for use. To keep the telegraph and Omaha Street Railway electric systems from interfering with each other the latter company is putting another set of cross wires above the present ones on Sixteenth street to catch all telephone wires that have a tendency to sag.
