The regular panel was exhausted, and a special venire drawn upon quite heavily. It was a few minutes after 12 o'clock when the counsel for the defense took advantage of his tenth and last peremptory challenge. The next man called was excused for cause, but at 12:30 the jury was complete.

Arsenic Placed in the Wine Used in Celebrating Mass.

ONIDA, N. V., Oct. 10.—[Special Telegram to THE BEE.]—Rev. James Kelly of this place is seriously ill, and circumstances connected with his illness point to a crime of murderous intent. He celebrated mass in the rink yesterday morning and partook of about two spoonfuls of wine, when he was at once seized with great pain and a burning sensation in the stomach.

He quietly retired from the altar and sent a drag there for the priest, which had the desired effect of relieving his stomach. The theory is that someone entered the rink in the small bottle of wine left there, as arsenic was found scattered on the table on the altar.

BODINE ROOFING.

It is a BEAT-ALL, because it never breaks, splits, cracks or curls. Because it is indestructible in the weather, and will undergo no change in any climate. Because it is more durable than any other roof made, iron, tin, slate or wood.

Because it can be quickly put on without skilled labor and is cheaper than shingles. Because it has been proven by the severest trials and has never failed.
