Copyright 1889 by James Gordon Bennett. PARIS, Oct. 13.—[New York Herald Cable]—Special to THE BEE.—The opportunity has entered upon an active campaign against the system which obtained last session of dividing the left of the chamber into various groups, such as the extreme left, the radical left and the union left, which, it is argued, are only so many coteries at variance with one another and detracting from the power of the left as a whole.

As a pensioner he stands to-night exactly as he did a year or more ago. Furthermore, the correspondence between him and the secretary of the interior on the subject has been closed. It will be remembered that when, about three months ago, Senator Manderson received a certificate showing that by an unsolicited re-rating he was given \$4,000 or \$5,000 retroactive pension money, he refused to accept it till he had paid a regular examination before a medical board and it might be regularly shown that he was entitled to what was given him.

GOVERNMENT SHIPBUILDING.

Uncle Sam Can Build Better and Cheaper Than Private Builders.

WASHINGTON, Oct. 13.—[Special to THE BEE.]—The secretary of the navy is very much impressed with the plan of the government in building as many of its new war vessels at the navy yards as it can handle. He has only just recently given out orders for the building of the new 3,000 ton cruisers to be built respectively at the Brooklyn and Norfolk navy yards. He had had several long consultations with the different bureau chiefs, and he is convinced that not only can the vessels be built as well but that the work can be done cheaper by the government than by contract.

FROM THE HAWKEYE STATE.

Des Moines Preparing for the Pan-American Excurionists.

THE REPUBLICAN CAMPAIGN.

Senator Allison Drawing Larger Crowds Than Ever Before—Second Annual Meeting of the Iowa Sabbath Association.

Preparing for the Excurionists.

DES MOINES, Ia., Oct. 13.—[Special to THE BEE.]—The people of this city are making preparations to give a hearty reception to the all-America delegates when their train reaches here October 28. The visitors will arrive in the morning, between 7 and 8 o'clock, and spend two hours here. In view of the brief time at their disposal, it is proposed to take them at once to the state capitol, and hold a grand formal reception there. It has been suggested that a number of welcome to the city be extended by Hon. John A. Kasson, who is now home from his last European trip. No citizen of Des Moines, or of Iowa, could more gracefully perform this service. It has also been suggested that the delegates be taken by train to the state fair grounds, four miles out, so that they could see the permanent preparations Iowa has made for its great agricultural and mechanical fair. The Commercial Exchange will have general charge of the reception, and preparations are being made to give a grand banquet at the Hotel America a fine time in Iowa's metropolis.

Iowa Substitutes.

DES MOINES, Ia., Oct. 13.—[Special to THE BEE.]—In view of the fact that there will be an effort made to have the next legislative session pass laws regarding the better observance of the Sabbath, there is much interest being felt in the approaching second annual meeting of the Sabbath association of Iowa. It will be held at Des Moines, on the 12th and 13th of November. Among the prominent speakers expected are Governor Latta, Editor Lawson of the Chicago News, and President of the Iowa Sabbath association. Reduced rates will be furnished by the railroads, and a large attendance is expected.

The Republican Canvass.

DES MOINES, Ia., Oct. 13.—[Special to THE BEE.]—The republican campaign in Iowa is now regarded as in excellent condition by those best fitted to judge. Senator Allison is on the stump continuously, and adds great strength to the canvass. As he will be nominated and re-elected by the legislature next winter, he is in a measure a candidate before the people. He seems to be very popular, and his nomination, and his prominence as a presidential candidate has created great public interest in seeing him. He will be nominated by his party at the annual meeting of the Iowa Republican association, to be held at Des Moines, on the 12th and 13th of November. Reduced rates will be furnished by the railroads, and a large attendance is expected.

What the Regents Did.

DES MOINES, Ia., Oct. 13.—[Special to THE BEE.]—The regents of the state university have been in session at Iowa City during the past week. They transacted the usual routine business, and some extra business besides. The salaries of Profs. Calvin and McBride were raised from \$1,800 to \$2,300 per year. Prof. I. A. Luce, who for the past four years has been instructor in political science and history in the Western college at Toledo, Ia., has been elected to the chair of political science in the state university to succeed Dr. Dickard, who has resigned. Regent Crosby, of Centerville, who has removed from the state, has been succeeded by Regent Morris, of the breaking ton, of the same place. The appointment will hold till the meeting of the next general assembly, which will then fill the vacancy by election. The regents also adopted a resolution recommending to the faculty severe discipline, even to expulsion, for any student who gets drunk.

GOING SIXTY MILES AN HOUR.

The Philadelphia Express Jumps the Track.

PHILADELPHIA, Pa., Oct. 13.—The fast Philadelphia express, which was running on the Pennsylvania railroad, passed the main depot here this morning four minutes late, running at the rate of sixty miles an hour.

The engine, just as it reached the last end of the long bridge east of main street, jumped the track and was followed by five cars. The train ran along the ties for 300 feet, when the coupling broke between the cars and each car took a side track in a different direction, and the rails and ties and digging into the stone ballast of the road-bed.

The passengers were badly frightened and shaken up, but the only persons injured were two ladies who were out by being jostled.

Collected at Full Speed.

CINCINNATI, Oct. 13.—Last night at Rapid Run on the "Big Four" railway, a freight collected with a wrecking train, both going at full speed, owing to a misinterpretation of orders. The wrecking train, in a different direction, was instantly killed and Fireman Whetstein was probably fatally injured. The injuries of the other men were slight.

HISSED THE FLAG OF FREEDOM.

CHICAGO, Oct. 13.—When the stars and stripes were raised at a socialist mass meeting here this afternoon the flag was greeted with hisses.

There were probably a thousand men and women in the hall. The banner was brought out by the janitor, who fastened it to the folds of the flag fell on the stage at the feet of those who were to be the speakers, and as it did so the hissing increased in volume. The red flag was then unfurled and fastened on the opposite side of the platform. Immediately the hissing ceased, and was succeeded by a loud burst of applause.

After this demonstration the New York socialist, Shivers, made a violent speech, and then the hissing recommenced. General Clayton ordered the war as colonel of the First Alabama regiment and rose to the rank of major general.
