the statement that "next week" will be longer in getting here than any "next week" that has ever been waited for. The building in which the boiler is situ-ated is yet a long ways from being finished, the work of plastering it being yet in pro-

If the taxpayers of this county could col-

If the taxpayers of this county could col-lectively view the structure there is but little doubt that there would be a vigorous protest, for while the plans are generally conceded to be good and the inside arrange-ments very near perfect, it does not need the eye of an expert to determine that the work of construction is of a very inferior characcye of an expert to determine that the work of construction is of a very inferior charac-ter. The south end of the south wing seems to be composed of poor brick to begin with, very hastily laid. The arches over the south windows of the south end are cracked badly on each sute and present a very botched appearance. Those on the north side of the north wing are in better condition as regards appear-ances, the cracks having been fliced with mortar. One mason evidently made a mis-take, as he used brown mortar instead of white, which gives it a shabby appearance. Taken as a whole it is safe to say that Taken as a whole it is sufe to say that gentle Annie with her violets and dandelions will be here ere the building is ready for oc-

cupancy, for considerable time will be re-quired in cleaning up after the other work is Buy a lot in Pierre before they ad

A SMOOTH SWEDE.

He Beats a Council Bluff's Gambler at His Own Game.

Chris Elson is a Swede laborer employed in Withnell's brick yard. He has been in America but a short time and understands but little English, but still he is passably well informed on Yankee tricks, as can be

On Friday evening last he went to Council Bluffs on a diminutive spree, and while there was enticed into a gambling house, when was enticed into a gambing house, when, after being plied with liquor, he was drawn into a poker game in which he soon lost \$15, all the money he had with him. Then he put up his check for \$40, and lost that. But the winner, a man std, and lost that. But the winner, a man named Wilson, who hangs around the place, did not cash the check, for Elson was at the bank five mnutes ahead of him next morn-ing and stopped payment. Wilson was very wroth, but was compelled to swallow his holer and declare that greenhorns in future would have to play cash or nothing.

and Tuesday at Edholm & Akin's.

held a meeting yesterday afternoon at : o'clock in Schroeder's hall, Twenty-fourth and Cuming streets, which was well attended. Aug Schroeder, a delegate to the Central club, declared that the delegates were disappointed at the meeting of the superior body, that instead of being a meeting of delegates of the several ward clubs it had been a citizens' assembly. He complained that John Brandt, supported by twenty-five ward workers, tried to make a democratic

to do all in their power to maintain the Cen-tral club, even if they had to organize new clubs in every ward. Jacob Hauek explained that the constitution of the Central club was based on liberal ideas, but that after the first

THE OMAHA DAILY BEE: MONDAY, OCTOBER 21, 1889.

EXPOSED AND CONDEMNED.

Garbled quotations from official reports; falsely credited to respectable journals, but really emanating from the advertising department of the Royal Baking Powder Co., have again made their appearance. Extracts from official letters and documents are falsely quoted, and spurious words inserted to mislead the public and hoist into notoriety an adulterated food product. Cooked up lies, and stories made out of whole cloth, appearing in an article headed "A Remarkable Expose" have only exposed a sad dishonesty of purpose.

The public likes to see fair and open competition, backed by honest and legitimate advertising. Trickery and fraud will always react upon the trickster. These attempts to throw sand in the eyes of the public are too shallow, and only instill an added interest into the intelligent reader to find more positive and praiseworthy proofs of superiority.

The American Analyst, of New York City, says, in its issue of June 13, 1889, "No 'Board of Health' has ever officially endorsed the Royal Baking Powder, as its manufacturers state." A careful perusal of the orginal National Board of Health Bulletin, "Supplement No. 6, page 33," will show quite conclusively, that "without money considerations," but in the interest of the United States Government they endorsed Dr. Price's Cream Baking Powder as the strongest and purest."

In reference to the report made by the Canadian Government on Dr. Price's Cream Baking Powder, we refer to the Commissioner of the Inland Revenue Department, Ottawa (seat of government), Canada, which will show that Mr. Wm. Saunders, Public Analyst of that Department, gives the preference to Dr. Price's in strength and purity.

A bogus report purporting to come from the Ohio Food Commissioner is another brainy (?) concoction of those who take the pay and wear the collar of the Royal Baking Powder Co. This Royal editor would make the public believe that their powder, with its filthy ingredient, ammonia, had been officially endorsed, while the truth told, Commissioner Hurst, of Ohio over his own signature denounces the Royal's report as "a false and garbled statement," Commissioner Hurstadds: "This article (Royal's) pretending to quote, but misrepresenting my official circular, as it did, was a most flagrant abuse of an official paper.

Nothing better than deception can be expected from a company who will foist upon the public as "absolutely pure" a food preparation which has as its basis that harsh caustic chemical, carbonate of ammonia. The origin of ammonia is filth. decomposed animal and vegetable matter, and yet it is being used as a leavening power in the Royal Baking Powder.

It was decided by the National Food Analysts that Dr. Price's Cream Baking Powder was the one they could recommend to general family use, being free from Ammonia. Alum, Lime and all drug taint.

TEST.

Place a can of the "Royal Baking Powder" top down on a hot stove until heated; then remove the cover and smell. A chemist will not be required to detect the presence of the disgnsting drug Ammonia.

Let Dr. Price's be subjected to the same test and if it contains Ammonia or

Edholm & Akin. "Who are they?" Announcements.

"The Stowaway," on the bills at Boyd's for three nights and Saturday matinee, commencing next Thursday evening, is a picturesque melo-drama, with an abundance of exciting incidents to stimulate the interests of the audience. Chief among the sensational features is the breaking open of a safe by two burglars, who are said to have acquired their skill as cracksmen in a career of crime, for which they have done penance and reformed. The play will be put upon the stage at Boyd's, the management promises, with as fine scenic effect as has ever been used in melo-drama, and the production will be compiete in every particular. Among the best known members of the cast are: Joseph Slaytor, Frank Losee, Franciyn Reglid, Harry Booker, Howard Thorpe, R. J. Moye, Grace Thorn, Sara Holmes and Georgie

Fox. One of the best musical entertainments of the season will be the Swedish Ladies' Na-tional Concert company, who will give two performances at the Boyd—one next Wed-nesday evening and the second on the Sue mesday evening and the second on the Sun-day following. These famous singers were gathered from all quarters of Sweden by the director of the royal opera for the king, and were specially educated for the lyric stage.

THE COUNTY HOSPITAL.

Its Completion a Question Agitating the Public Mind.

"When will the new Douglas county hospital be completed?" is a question that is not only agitating the minds of the county commissioners and the contractors, but a few of the taxpayers as well. When it will be completed is a conundrum that time alone can

While to all outward appearances the structure is nearly finished, a casual examination of the inside will at once convince the observer to the contrary. The masons are nearly through with plastering, it is true, but the carpenters will put in many a weary day before they can say "it is in-ished."

There are door casings without number to be completed, as well its wainscotings to be crected. The work of putting in the steam fittings is yet in its infancy, and although one of the watchmen asserted that by next week the boiler will be in condition to fire up, another employe is authority for

corresponding secretary to invite the several ward clubs to co-operate with the Eighth wa d in maintaining the Central club as a non-partisan organization.

Fort Omaba News.
